ATTENDEE AUDIT SUMMARY RESULTS

2010 International CES®

January 7-10, 2010

Las Vegas, Nevada

CESweb.org

LETTER FROM CEA

Gary Shapiro
President and CEO,
CEA

Karen Chupka
Senior Vice President,
Events and Conferences
CEA

Dear International CES Exhibitors and Prospective Exhibitors:

If you are in the consumer technology industry, it's likely you've heard that the International CES® is the world's largest consumer technology tradeshow. In Las Vegas this past January, CES united more than 126,000 consumer technology professionals and hosted 2,500 companies showcasing new products – more than 330 of which were first-time exhibitors.

These are all powerful statements. Claiming to be the largest of anything comes with a lofty responsibility: offering the proof to back it up to give current and prospective exhibitors accurate information. Without the full picture, it is difficult to make critical business decisions effectively.

Since 1997, CES has been one of the first tradeshow to establish industry standards for the verification of show records and attendee demographics. Veris Consulting LLC, an independent source and trusted fiduciary to associations and tradeshow for more than 18 years, conducts the audit for CES.

In this package you'll find the Attendee Audit Summary Results for the 2010 International CES. **This comprehensive Attendee Audit provides you verified information about who attends the International CES, why they attend and what markets, products, companies and services matter the most.**

Through our impeccable record-keeping procedures and the International CES' commitment to the Veris Consulting audit process, we deliver:

- Valuable, quality attendee demographics
- Assistance in accurately evaluating and reaching your target audience
- Data to help you maximize your return on investment
- The assurance you need to confirm your participation in the International CES

We are pleased that you have chosen to or are considering exhibiting at the International CES. We understand the sizeable investment of participating in a tradeshow, and we've determined that the best way to ensure that you receive an ample return on your investment is to share the audit summary with you.

CES is successful only when its exhibitors succeed. By providing detailed information about CES attendees we hope to assist you in making informed decisions that will increase your ability to succeed in the increasingly competitive consumer technology marketplace. We look forward to crafting a worthwhile exhibit experience with you for the 2011 International CES to be held January 6-9, in Las Vegas, Nevada.

Gary Shapiro
President and CEO,
CEA

ATTENDEE PROFILES

CES BRINGS TOGETHER KEY INDUSTRY PLAYERS

The International CES continues to evolve beyond a retail scope and represents numerous technologies: from in-vehicle technology to gaming, wireless, high-performance audio, home theater, home networking, digital imaging, satellite, video and more. Take advantage of the growing B2B opportunities—and the chance to meet and interact with new content providers, carriers and dealers who attend the show.

Type of Buying Organization (Identified By Company's Primary Role)	Number of Attendees	% of Attendance*
Retail (Buyer)	12,766	16%
Institutional, Corporate (Non-retail), Government Buyer	5,072	6%
VAR/Dealer	768	1%
Service Professional (Non-retail), system Integrator/Installation	3,078	4%
Distribution	4,550	6%
Total:	26,234	33%

Industry Organizations (Identified by Primary Business Type)	Number of Attendees	% of Attendance*
Software Development/Publishing, Content Development, Entertainment	8,610	9%
Manufacturer's Rep/Manufacturer (Non-exhibitor), Government/Public Policy (Non-buyer)	8,090	10%
Distribution (Non-buyer)	871	1%
Consulting	4,796	6%
Engineering	3,011	4%
Venture Capitalist/Private Equity/Investing	578	1%
Business and Financial Services	1,795	2%
Business Development/Sales	2,542	4%
Other, Unclassified	4,288	6%
Total:	34,581	44%

"What a difference a year makes! With the upbeat attitude at this year's show, my pursuit of co-market partnerships exceeded our expectations after day one!"

Bruce Borenstein,
Executive Vice President,
Sabre ID System

ATTENDEE PROFILES

UNIVERSITIES REPRESENTED AT THE 2010 INTERNATIONAL CES

The International CES attracts a range of university and educational representatives from more than 500 schools and universities. They attend CES to:

- Identify new ways to streamline institutional operations and technologies.
- Research technologies for equipment upgrades.
- Evaluate how to enhance learning environments with new technologies.
- Gauge curriculum development and the technologies used in teaching and case studies.

A sample of schools and universities represented include:

Alabama State University	Indiana University	University of Alberta
American University	Iowa State University	University of Arizona
Appalachian State University	Kansas State University	University of Brasilia
Arizona State University	Konan University	University of British Columbia
Auburn University	Korea University	University of Calgary
Ball State University	Kyoto University	University of California
Boise State University	Massachusetts Institute of Technology	University of Castilla la Mancha
Brandenburg University of Technology	McGill University	University of Central Florida
Brigham Young University	McMaster University	University of Essex
Budapest University DAAI	Michigan State University	University of Florida
California Polytechnic State University	National Taiwan University	University of Glasgow
California State University	NC State University	University of Illinois
Carnegie Mellon University	Northern Arizona University	University of Maryland
Catholic University of Korea	Northern Michigan University	University of Massachusetts
Chung Ang University	Northwest University	University of Michigan
Chungnam National University	Oregon State University	University of Missouri
Clemson University	Osaka University	University of North Carolina
Columbia University	Pennsylvania State University	University of Notre Dame
Concordia University	Pepperdine University	University of Pennsylvania
Cornell University	Quaid-i-Azam University	University of Sao Paulo
Curtin University of Technology	San Diego State University	University of South Florida
Daegu University	San Jose State University	University of Southern California
Dankook University	Southern Oregon University	University of Texas
Dartmouth College	Stanford University	University of Utah
Delft University of Technology	Texas A&M University	University of Victoria
DePaul University	Texas Tech University	University of Vigo
Dixie State College	The University of Reading	University of Washington
Drexel University	Tufts University	University of Wisconsin
Duke University	Universidad Autonoma de Nayarit	Vanderbilt University
Eindhoven University of Technology	Universidad Carlos III de Madrid	Virginia Polytechnic Institute and State University

WORLDWIDE PRESS COVERAGE

MEDIA COVERAGE OF 2010 INTERNATIONAL CES CONTINUES TO GROW

U.S. and international media coverage of the 2010 International CES, the world's largest consumer technology tradeshow, reached record-setting heights for the fifth year in a row. Five thousand media and analysts journeyed to Las Vegas for the event, resulting in more than 6,200 media hits in January 2010 in major print, broadcast and online outlets—a 24 percent increase over 2009 coverage.

The International CES received significant global media coverage, with more than 1,200 international media from 64 countries in attendance. The list of countries generating CES media coverage include Australia, Brazil, Canada, China, Germany, France, India, Israel, Japan, Korea, Mexico, Russia, United Arab Emirates and the United Kingdom.

The 2010 International CES was covered by major news outlets such as the AP, BBC, *BusinessWeek*, *Forbes*, *Fortune*, *Investor's Business Daily*, *NPR*, *Newsweek*, *PC World* and Reuters plus major market daily newspapers such as the *Boston Globe*, *Chicago Tribune*, *Los Angeles Times*, *New York Times*, *San Francisco Chronicle*, *USA Today*, *Washington Post* and *Wall Street Journal*. More, the 2010 International CES was covered in at least one newspaper and one network television station in all of the top 25 United States markets.

Cable and broadcast television carried extensive live and taped coverage of the show nationwide including the top networks ABC, CBS, CNN, FOX, and NBC Universal. In addition to coverage on all major network shows such as ABC's *Good Morning America*, CBS' *Evening News* and NBC's *The Today Show*, the 2010 International CES also could be seen on BBC TV, the Canadian Broadcast Network and the NHK Japan Broadcasting Corp.

Consumers around the world were able to read and see the media highlights of the 2010 International CES. Given the significant influence and scope of our media attendees, there is no better way to promote your company and its products to the world than the International CES.

"The 2010 International CES attracted 76% of the Fortune 100 companies."

PRODUCER OF

INDUSTRY GROWTH 365 DAYS A YEAR

The International CES is produced and managed by the Consumer Electronics Association (CEA). With more than four decades of history, the International CES reaches across markets, spans the globe and helps thousands of consumer electronics businesses grow and thrive each year.

CEA represents more than 2,000 corporate members involved in the design, development, manufacturing, distribution and integration of audio, video, mobile electronics, wireless and landline communications, information technology, home networking, multimedia and accessory products, as well as related services that are sold through consumer channels.

By reinvesting all proceeds from the International CES into industry services, including technical training and education, industry promotion, engineering standards development, market research and legislative advocacy, CEA contributes to the growth and excitement of the consumer technology industry.

CEA's membership includes manufacturers, retailers, installers, content distributors and representatives of the entire consumer electronics industry value chain. Members enjoy free access to an extensive body of industry research, representation on Capitol Hill, networking and mentoring opportunities, training and certification programs, free educational programming and more. Visit CEA.org to learn more about CEA programs and initiatives.

THE CONSUMER ELECTRONICS ASSOCIATION

CEA sponsors a variety of events to educate the masses and unite manufacturers, retailers and market movers. From the flagship International CES to the CEA Industry Forum, CEA works year-round to grow and shape the future of consumer electronics.
