

# ACOUSTIC MEETING / SOUND ROOMS

*1/2 Meter Plexi glass shown is optional accessory*

by

GES.

*The flexibility of our acoustic rental system can provide you with:*

- ★ Hospitality areas
- ★ Quality sound demo rooms
- ★ Auxiliary training & meeting rooms
- ★ Exhibitor closing rooms

*GES Exhibit Services has designed an innovative modular wall and ceiling system for anyone who requires an acoustically engineered meeting and/or sound room. Our sound absorbing panels create a professional business environment free from noise and distractions. For your convenience, we have created a series of package modular room setups which can be custom designed to meet your requirements.*

## *Each Room Comes Complete With:*

- ★ Modern architectural wall & ceiling panels covered in gray fabric
- ★ Track lighting system
- ★ Complete ventilation system
- ★ Lockable door with window panel
- ★ Smoke alarm
- ★ Fire extinguisher

## *Specifications:*

- ★ Wall panel size – 38 1/8" x 9'
- ★ Ceiling panel size – 39 3/8" square
- ★ Dimmer light switch
- ★ Variable speed ceiling fan
- ★ Interior room height – 8' ceiling (not including track lights)
- ★ Exterior height – 9'
- ★ Electrical hookup not included

*Shown w/o wall panels for clarity*

*Ask about our other Total Show services to complete your room environment including: GES custom rental furnishings, audio visual services, carpet, and graphics production.*

GES Exposition Services  
7000 Lindell Road  
Las Vegas, NV 89118

COMPLETED LAYOUT DEADLINE DATE  
NOVEMBER 11, 2005  
ORDERS RECEIVED AFTER NOV. 11 WILL BE  
PROCESSED ON AN AVAILABILITY BASIS ONLY.

**2006 INTERNATIONAL CES  
SOUND ROOM PACKAGE & LAYOUT ORDER FORM  
EXHIBITORS IN MODULAR DEMONSTRATION ROOMS**

Exhibitors must completely fill out all portions of this form for wall panel layout, electric location, light track location, fan location. This will then prevent the incursion of additional charges and delays of setting up on show site.

Carpet is not included with these modular rooms. Exhibitors must either supply their own carpet or rent from GES. Carpet should be sized at least 6 inches larger than the room. To order carpet, use rental carpet form found under "Booth Equipment/Decorations/Signs" in your exhibitors manual.

\*Any rooms larger than 1000 sq. ft. must be sprinkled and have a 10' aisle between rooms.

**Forms not returned or returned not filled out completely will automatically receive 30% Reflective and 70% Dampened (sound absorbing wall) Cut Off Date Nov. 11, 2005.**

**CHOOSE**

## HOW TO FILL OUT GRIDS

Please note you must indicate the location of everything on the floor plan for your room. If not, Show Management will set up wall panels & door, like Grid. Please determine which wall layout you require:

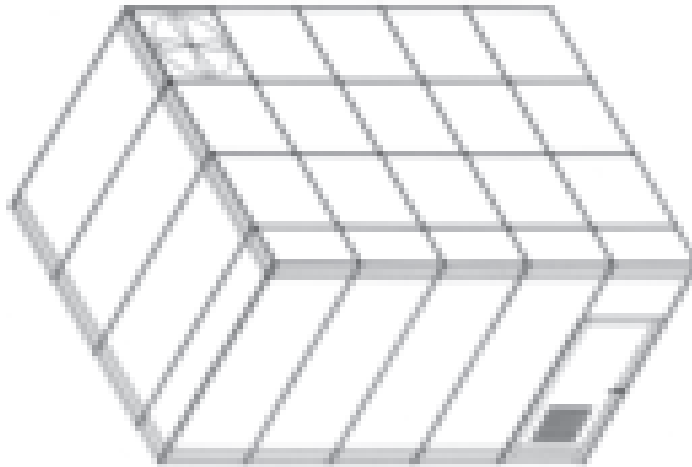

Fill out Grid for: Door Placement, 1 Fan & 4 Lights on Two Tracks. If Grid is not filled out, Show Management will spot these items.

**Any changes, after the room has been set, will be charged totally to the exhibitor. \*Structural changes to this meeting room are not permitted**
