

**Exhibitor "First Looks" Products  
Electronic Entertainment Expo 2006  
Los Angeles Convention Center (LACC)  
May 10-12, 2006**

In preparation for next month's E3Expo 2006, the world's premiere interactive entertainment trade event, we've compiled the list below of never-before-seen products to be displayed at the show. This sampling of "First Looks" products is just a few of the nearly 1,000 new products you'll see featured at this year's expo. Please note that this list was supplied by E3Expo exhibitors and is not inclusive of all debuting products.

"First Looks" information will also be posted on [www.e3expo.com](http://www.e3expo.com) the week of May 1 and available on-site at the Media Center, room 502 West Hall.

***If you have product-related questions, please contact the exhibitor directly.***

We look forward to seeing you next month at E3Expo!

Best,  
E3Expo Media Relations Team

**10TACLE STUDIOS AG** - Contact: Marcel Jung, +49 (0) 61 51 / 39 73 8 -14, [mj@10tacle.com](mailto:mj@10tacle.com)

- **Elveon** – The fantasy action epic by 10TACLE STUDIOS leads the gamer through the heroic history of the Elvish civilization. Tightly bound in the gripping story, the player experiences the story as a charismatic hero, and chooses his path and progress as he likes. This action epic is truly fascinating, thanks to its graphics and its innovative combat system. The game is based on the latest Unreal Engine 3 technology and will be released in summer 2007 for Xbox360 and PC.

- **GTR 2 - FIA GT Racing Game**: Extending the ground-breaking physics engine found in GTR, GTR 2 takes the thrill of driving to new heights. GTR 2, which is the official simulation of the FIA GT championship, features more than 140 high-detailed cars and 34 different track-layouts in a hyper realistic racing world with breathtaking real-world-like effects. With a revolutionary Driving School Mode, GTR 2 will teach players how to become a real race driver. The successor to the award-winning racing simulations GTR and GT Legends will be released in the summer of 2006!

**3001AD, LLC** - Contact: Bob Ladrach, [bobl@3001ad.com](mailto:bobl@3001ad.com)

- **The Trimerision Head Mounted Display** works with your Xbox, Playstation and PC to turn your favorite First Person Shooter (FPS) games into stunning immersive experiences. The visor is tracked, which means any motion the player makes with his head is converted into look movement on the screen. The attached controller is shaped like a gun which provides a natural interface for most games. The best part is it's wireless!

**Allegro Rainbow** - Contact: Brian Metcalf, 305 576 1171 x16, [brianmetcalf@maxborges.com](mailto:brianmetcalf@maxborges.com)

- **Allegro Rainbow** is proud to announce the release of the highly-anticipated **Mac version of Piano Wizard™**, the award winning video game that teaches anyone to play the piano within minutes. Mac & iPod users, who already enjoy downloading music for listening, now have an exciting application for their Macs that allows them to download music for playing!

**Ankama Studio** – Contact: Thomas Bahon, +33 (0)3 20 36 01 13, [tbahon@ankama.com](mailto:tbahon@ankama.com)

- **DOFUS: "Riders of the Dragoturkey"** – the long awaited extension to discover at E3Expo. DOFUS is a remarkable MMORPG. With a cartoon-like universe, a tactical turn-based gameplay during fights, a devastating humor and a free version with

no time restriction, DOFUS became in less than a year a real phenomenon (800,000 registered players, including 50,000 subscribers). Ankama Studio announces the release of the much expected extension "Riders of the Dragoturkey" for June 2006. Date of release: June 2006 (Concourse Hall, 153C).

- **DOFUS-Arena** – A New Experience of the 100%-PvP-Tactical Game... a must-see at E3Expo. After the MMORPG DOFUS, Ankama Studio announces the imminent release of Dofus-Arena. It is based on the Dofus fighting system and is adapted to suit a 100%-PvP-tactical videogame. Date of release: Summer 2006. Ccontact : Ankama Studio (Concourse Hall, 153C)

- **WAKFU** – A New Tactical MMORPG by Ankama Studio presented at E3Expo. While DOFUS keeps on gathering more and more players, Ankama Studio is already working on the development of a new Massive Multiplayer Online Game named WAKFU. In WAKFU, players will not only have to use the skills of their characters to fight a fierce fauna and flora using magic, martial arts or new technologies. Date of release: end of 2007. Contact : Ankama Studio (Concourse Hall, 153C)

**Ascaron Entertainment UK Ltd** - Contact: Roger Swindells, +44 1675 433220, Mob +44 7966 014204, r.swindells@ascaron.com

- **TORTUGA TWO TREASURES** is an action-adventure set in the world of the Caribbean Seas of 1660's, with a dramatic storyline & richly detailed Characters. Your role is to play out the story based adventure whilst developing your piracy skills, creating wealth, winning in sword duels, and in combat at sea.

**Auran** - Contact: Kara Japhet, kjaphet@tapin.net, 919-806-4529

- Australian Developer Auran will announce **Fury** at this year's E3Expo, Auran's first competitive online RPG. Fury has stunning graphics, flexible character development and has been designed with an emphasis on tactical combat, with open PvP, group vs. group and focused team tactics.

**BenQ-Siemens** – Contact: [www.benqmobile.com/presse](http://www.benqmobile.com/presse).

- The **BenQ-Siemens EF8** – folding mobile provides high-speed mobile convenience in an ultra-slim magnesium casing. This 3G clamshell phone is the flagship device of the young brand and is a mere 15.9 mm thin and boasts two large color displays and a swiveling camera for video telephony.

**BODYPAD** – Contact: In France: Frederic Claudel, +33 1 44 54 53 43, [frederic.claudel@bodypad.com](mailto:frederic.claudel@bodypad.com); Contact in the US: Natalie Pineda, 617-319-5553, [npineda1@its-outrageous.com](mailto:npineda1@its-outrageous.com).

- **Imagine** being able to fight for real in all existing fighting video games with a full accuracy. **Imagine** 99% of combos are really achievable by your own body moves...**Imagine** that playing 15 minutes of video games burns as much energy as 27 minutes of running **You have just imagined BodyPad**, the revolutionary simulator for fighting games on PlayStation and Xbox! [www.bodypad.com](http://www.bodypad.com) (Kentia Hall, 6756 and 6757)

**Buena Vista Games** – Contact: Lilit Baron, 310.694.3110, [lilit\\_baron@bhimpact.com](mailto:lilit_baron@bhimpact.com)

- **Desperate Housewives** – from Buena Vista Games is a lifestyle simulation PC game based on the top-rated, Golden Globe-winning ABC-TV series, produced by Touchstone Television. In the Desperate Housewives game, players take on the role of a new housewife who moves into Wisteria Lane and unlocks the delicious scandals hidden in the seemingly “perfect” neighborhood. Brenda Strong will lend her voice as the game's narrator Mary Alice Young.

**BUKA Entertainment**, Contact: Svetlana Ladoshkina, TEL: 7 (495) 780-9092; 780-9091

- **AGGRESSION: EUROPE 1914 – a Real Strategy Game.**

There was a time in the history of humankind when every woman and man became slayers and victims at the same time. From 1914 to 1945, Europe was immersed in the most savage, cruel and deadly wars people suffered. Aggression: Europe 1914, lets you write down again those years.

- **DUSK-12 –** The project to create the perfect soldier ran out of control, and turned into the incurable virus. The whole city is now under quarantine as the inhabitants transformed into blood-thirsty assassins. A group of Spec Ops. soldiers are now trying to uncover the secrets of those aborted experiments undertaken 4 years ago.

- **PACIFIC STORM: ALLIES –** With Pacific Storm about to hit on stores all around the world after being successful on specialized and general media, Buka Entertainment is deeply immersed in development of the first add-on of this amazing game. Allies come into conflict this time. Powerful Germany will join Japanese forces to fight against England, Australia and USSR. New units to use, new locations to visit and a brand new version of the engine that brings better graphics than ever.

- **HARD TRUCK APOCALYPSE: RISE OF CLANS – an Action/RPG.**

Clans have risen. The remains of humanity gather in cities forming tribes that work and fight together to survive. Become part of one of these clans in the apocalyptic world of the first official add-on of Hard Truck Apocalypse. Developed by Buka Entertainment and Targem, this add-on brings what media & consumers were demanding...

**Crave Entertainment –** Contact: Michael Meyers, Michael Meyers PR(925) 551-8080, michael@mmpr.com

- **LarryBoy! and the Bad Apple** (PlayStation® 2/Game

Boy® Advance): When the citizens of Bumblyburg need help, there is one superhero who they can always count on: LarryBoy! For the first time ever, the amazing smash hit VeggieTales is coming to the game consoles in the heroic adventure LarryBoy! and the Bad Apple.

- **Hard Rock Casino –** Crave Entertainment (PlayStation®2): Gamers can try their luck at more than 20 different casino games, while experiencing high-stakes areas, invitation-only tournaments and many unlockable upgrades for your highly customizable character. Beginning with a modest bankroll, players must build up winnings and reputation as the highest roller at the Hard Rock Casino. Along the way, they will encounter unique tournaments, characters, side tasks, and unlockables keeping the game play fresh and challenges exciting.

- **World Championship Poker: Featuring Howard Lederer "All In" –** Crave

Entertainment (PlayStation®2/PlayStation®Portable/Xbox 360™): The third installment in the best-selling poker video game franchise in North America, features some of the most recognizable and successful poker stars in the world, including Howard Lederer, his sister Annie Duke, Greg Raymer, Amir Vahidi, Paul Darden, and Robert Williamson III. Joining the roster for this year's edition are noted international poker superstars Marcel Luske, Thomas Bihl, and Erin Ness.

- **Dave Mirra BMX Challenge –** Crave Entertainment (PlayStation®Portable):

The next installment in the popular BMX franchise gives you BMX Legend Dave Mirra (One of the most recognized action sports athletes in the world) as the featured rider and the option to customize player characters. There are 17 levels with 9 different environments throughout the game. With 9 bikes to choose from and up to 4 player ad hoc wireless play, it's time to ride.

**Darwin Dimensions –** Contact: Karen Raz, karen@razpr.com, 310-450-1482

- **Evolver –** Darwin Dimensions develops software that allows for the automated creation of high quality 3D human characters based on combining and customizing physical attributes derived from a 'virtual gene pool'. The software allows the user to select from a vast variety of digital 'parent' 3D models, identify and combine features from each to yield a near infinite variety of human characters

**Disc-Go-Technologies** – Contact: Mandy Haskett, W: (317) 202-2280 ext. 15,  
C: (317) 345-0260, [mandy@dittoepr.com](mailto:mandy@dittoepr.com)

- **Disc-Go-Devil** – E3Expo Booth #7504 Kentia Hall

Disc-Go-Tech, the leading provider of disc repair solutions, introduces the new Disc-Go-Devil, an entry level professional machine that offers professional disc repair performance in a small, cost effective package. The new machine features advanced disc repair in one stage, which allows users to complete a repair cycle without changing the polishing pads, a digital display and a history feature that remembers the number of discs repaired over time.

- **Disc-Go-Check and Disc-Go-Check MAX**– E3Expo Booth #7504 Kentia Hall

Disc-Go-Tech, the decade long leading provider of disc repair solutions, has partnered with ClareStow Corporation, creators of world class disc verification products, to create the new Disc-Go-Check line of disc checking machines. The new Disc-Go-Check and Disc-Go-Check MAX disc checking machines use Clear Scanning Technology to compare scratch patterns with media player capabilities in order to determine whether a disc is playable using a simple pass or fail rating system.

**DreamCatcher** - Contact: Suzanne MacGillivray, 416.638.5000 Ext. 266,  
[suzanne@dreamcatchergames.com](mailto:suzanne@dreamcatchergames.com)

- **The Sacred Rings** – The creators of Aura: Fate of the Ages now bring you an epic graphic adventure for PC CD-ROM. Embark on an adventure in a dark fantastical world of magic and intrigue. Explore more than 400 beautiful locations and interact with numerous characters while you challenge yourself to solve numerous creative and original puzzles.

- **Safecracker** – A unique puzzle adventure game on PC CD-ROM set in an extravagant mansion. Players take on the roll of a safecracker, hired by the wealthy family of a deceased eccentric billionaire, to crack 35 different safes... one of which holds his last will and testament. From the developers of Return to Mysterious Island, these puzzles will challenge all types of puzzle enthusiasts and wannabe safecrackers.

- **Agatha Christie Murder on the Orient Express** – Based on the famous mystery novel by the Queen of Crime, Agatha Christie, this is the second PC CD-ROM Adventure game in the Agatha Christie video game series. Solve a baffling murder mystery that takes place aboard the renowned Orient Express.

- **Genesis Rising: The Universal Crusade** – Play 1 of 3 races in this full 3D futuristic RTS PC CD-ROM game. Set in a mysterious universe where you can morph your ships and weapons using genetic engineering, engage in fast-paced gameplay and reveal an engaging storyline.

- **Painkiller** for PS2 and PSP – A fast-paced first person horror shooter designed to satisfy an adrenaline addict's hunger for action. Painkiller is graphically unmatched. The PAIN engine along with the Havok 2.0 physics engine create a realistic environment in a totally gothic setting.

- **Evidence** – In this PC CD-ROM game the notorious serial killer "The Phoenix" is back and the authorities need your help to catch him once and for all. Using an innovative blend of Windows® gameplay and the Internet, the player will explore key cities in Europe and North America. They will receive actual emails from virtual characters, scour real and fictitious websites, analyze video excerpts, photos, soundtracks, and piece together evidence to break the Phoenix's embedded codes. From the creators of MISSING: Since January.

- **Dead Reefs** – It is said that for hundreds of years, pirates from the English island of Dead Reefs were looting the ships sailing by and slaughtering their crews. One of the wrecked ships was carrying an old relic, kept secret and locked by a centennial monk order. It is known to have been then stolen and retrieved by the ruler of the island. Shortly after, inhabitants of the island started dying in unnatural ways one by one. A dark mystery on PC CD-ROM that takes place in the 18th century involving pirates, murder, and an enthralling adventure.

●**First Battalion** – Join the ranks as you take command of the First Battalion for PC CD-ROM and lead your forces into battle. Combining some of the best elements from first-person shooters, role-playing and strategy games, First Battalion provides gamers with a unique and exciting WWII gaming experience that they won't soon forget. With its cinematic and immersive gameplay, First Battalion puts you right on the battlefield allowing you to play a pivotal role in one of the most intense and important wars in history

**dreamGEAR** Contact: Huma Gruaz, Alpaytac, Inc., (312) 245-9805 x101, huma@alpaytac.com

● **i.Sound Movie Max** – The new i.Sound Movie Max from dreamGEAR turns an ordinary PSP™ into a mini-home theater and provides the ultimate audio experience, whether playing video games, listening to music or watching movies. Just place your PSP™ on the docking mechanism of the tubular shaped speakers and the 4 high quality microdrivers will intensify the highest highs and the lowest lows to deliver maximum sound quality. The compact design is perfect for portable use and the included wireless remote control provides added convenience.

● **i.Sound Plasma** – Enjoy the stunning visual performance of the i.Sound Plasma while you get swept away with its sound quality. Unlike any iPod® speakers ever seen before, the i.Sound Plasma transforms listening to music into a multi-dimensional experience for the senses. The built-in Plasma ball sits above the speakers and contains an electrifying color lightshow that reacts to the beat of your music for a visually stimulating effect, while 4X driver speakers provide exceptional sound.

● **i.Sound 4X Glow** – The i.Sound 4X Glow is one of the first speaker systems on the market designed exclusively for the iPod® nano. It features 4X micro drivers for a listening experience that rivals today's top portable speakers. The custom design casing of the i.Sound 4X Glow allows the nano to rest inside, even when the speakers are folded up, for maximum portability. In addition, the custom blue glowing effect makes these speakers stand out as a leader in style.

● **Lava Glow** – The PlayStation® 2 just got more exciting. The new Lava Glow is the first and only liquid filled, glowing wireless controller for PlayStation® 2 that will light up your game like never before. The latest 2.4 GHz technology provides Extreme Glow Effects from the liquid filled grips for a gaming experience that goes beyond the ordinary. E3Expo West Hall 2216 or www.dreamgear.net

**E3net Co., Ltd.** – Contact: Tae-Hoon Kim, Phone: 82-2-565-1800, mmarket3@e3net.co.kr

● **Diet Queen** – The main character, desiring a slim body, goes through squash, jazz dancing, aromatherapy and many other activities; giving players information about diets along the way. Another remarkable feature of Diet Queen is that it has a calorie calculator.

● **Seal Online** – A fishing game that is easy to play with simple key control. Seal Online features various breeds of fishes and fishing gears. Players can collect money in each stage and buy new equipments, increasing the fun of fishing.

**Espresso Education** – Contact: Heidi Delaloye, +44 208 237 1209, hdelaloye@espresso.co.uk

● Espresso is the UK's leading provider of educational digital content providing a library of high-quality resources to a third of schools in England. Espresso combines video clips, news articles, multimedia games, websites and a topical new service. Resources are all aligned to the curriculum and updated on a weekly basis to bring learning to life, motivate students and raise standards.

**ESTsoft Corporation** – Contact: Mr. Michael H. SHIN, +82-2-583-4620, mshin@estsoft.com

● **CABAL** – Cabal Online from ESTsoft builds on over a decade of experience with massive network traffic management to deliver a New-Age Stylish Action MMORPG (Massive Multi-player Online Role Playing Game). This 3rd person 3D role playing game puts gamers in a graphically vivid world of non-stop hack & slash action. Designed to let everyone play, Cabal Online runs even on older computers while still maintaining its

scintillating action scenes, lifelike environments, ornate decorations, detailed characters, and non-stop fast action.

**Eutechnyx Limited** – Contact: Darren Jobling, [dj@eutechnyx.com](mailto:dj@eutechnyx.com).

- **E-Racing** – An MMOG driving game designed for the mass market. E-Racing is a new concept in online revenue-gaming, bringing all of the excitement of arcade racing combined with next-gen quality graphics and real time high dynamic range lighting fx. Featuring officially licensed cars & upgrades from the world's largest manufacturers, on-line players race at ultra speeds through architecturally detailed American Cities. West Hall, 2228

**Fatal1ty** - Contact: Rita Tennyson, [rita@terpin.com](mailto:rita@terpin.com)

- **Fatal1ty Champion Series AW8D Motherboard** – With the latest 975X performance chipset and the power of a dual graphics solution, the Fatal1ty Champion AW8D is the supreme motherboard for the extreme Intel gamer. Developed in cooperation with Johnathan "Fatal1ty" Wendel, the world's no.1 professional gamer, the Fatal1ty Champion AW8D comes fully loaded with innovations, such as AudioMAX™, Silent OTES™ heatpipe technology and µGuru™ hardware monitoring and control.

- **Fatal1ty Champion Series AN9 32X Motherboard** – Introducing the first Fatal1ty gaming motherboard on the new socket AM2 platform, the Fatal1ty Champion AN9 32X is the latest and greatest example of engineering excellence. Built around the nForce® 590 SLI MCP chipset, and supporting DDR2, dual x16 graphics, dual Gigabit Ethernet and the latest dual core CPUs, the Fatal1ty Champion AN9 32X is the perfect solution for the serious AMD gamer.

- **Fatal1ty Champion Series Computer Enclosure** – The Fatal1ty Champion Series Computer Enclosure, constructed with anodized aluminum panels and marked with laser etched graphics, features a front vent with dual 92mm red LED fans, a 120mm red LED rear exhaust fan, 5V/12V adaptor cables for Quiet or Performance fan operation, 2 passive intake vents on the bottom panel, a door type left-side panel with large clear window, 4 ODD/5.25 inch bays, memory card I/O in the 3.5 inch bay, a unique patent pending tool-free HDD chassis, and looks that kill.

- **Fatal1ty Champion Series 600W Modular Power Supply** – The Fatal1ty Champion Series 600 Watt Power Supply provides reinforced stability, safety, power, and performance with reduced Bridge Diode heat generation during AC to DC conversion by the use of 2 Bridge Diodes (normally 1 used), reduction in the PFC circuitry's Switching FET heat generation by the use of 3 parallel Switching FETs (normally 1 or 2 used), 4 Rectifier Diodes utilized for the 12V output (normally 2 used), 4 independent 12V outputs (normally 2 are present), patent pending heatpipe cooling solution on the main rectifier diodes' heatsink, and ultra quiet operation.

- **Fatal1ty Champion Series VGA cooler** – The Fatal1ty Champion Series VGA Cooler features a precision milled pure copper base, two curved heatpipes that rapidly transfer heat to the heat dispersing pure copper radial fins, a high rpm 70mm red LED fan, and unmatched VGA cooling performance.

- **Fatal1ty Champion Series CPU cooler** – The Fatal1ty Champion Series CPU Cooler features a 110mm red LED fan and pure copper figure-8 heatpipe & radial fins design with the heatsink optimized for minimal airflow resistance, maximum heat dispersion surface area, and the ultimate CPU cooling performance.

**Freedom Of Teach** - Grace Fua , 510-769-1828, [grace@freedom-of-teach.com](mailto:grace@freedom-of-teach.com)

- **ANATOMICAL ARTIST FIGURES** – Reference Models 3 Versions available from Student to Professional Full-color cast polyurethane figure with muscle and partly revealed skeleton. Includes internal metal 360-degree turntable, removable magnetic parts and features hand-painted tendons, bones, veins and muscles. Quick reference anatomical name guide included. Dimensions: 24"H x 5"D x 10"W

•**PHOTOGRAPHIC ANATOMY WALLCHARTS** – Includes anatomical names, primary muscle functions and actions. Also self-test learning guide, separate sections of foot, hand, eye and ear with an X-ray overlay of skeleton. Printed full-color, 2 sided and protected with heavy stock laminate, finished with metal hang rivets. Dimensions: 40"W x 26" H

•**3D MODELLING ANATOMY INSTRUCTIONAL DVDs** – Organic Modeling

I: Human Anatomy Male Model the human anatomy in MAYA using polygons - subdivision surfaces. Start from a simple box and model all the basic muscle groups of the human body in one mesh. Covers workflow approach to Poly/subD modeling and new tools in MAYA 6.0. Techniques and methodology can be applied to any 3D application.

**Freeze Interactive France**, Contact: Derek: [press@freezeinteractive.Com](mailto:press@freezeinteractive.Com)

The Rich and Famous need somewhere to spend their money. The “Fashion Salon” is where the celebrities hang out! Become a fashion & style Guru. Give your clients the full fashion and beauty make-over. Get them ready for Movie Premieres, Beach Parties, Weddings,.....and much more besides. – [www.YooStar.com](http://www.YooStar.com)  
Stand: West 2400

**GLU** – Contact: Katherine C. de Leon, 415-503-3921 desk, 415-314-1785 mobile, [Kathy@altapr.com](mailto:Kathy@altapr.com)

•**Super KO** – Classic arcade boxing action lands a big hit on your phone with Super K.O. Boxing! Punch your way through three circuits against a cast of hilarious contenders like Major Pain, 15 Cent and Sake Bomb. Learn each fighter's weakness and fighting style. Dodge and block punches to avoid going down for the count. Land punches to fill the Super K.O. meter and unleash devastating knockout blows.

•**Alpha Wing 2** – The critically-acclaimed mobile space-shooter is back and better than ever! Alpha Wing 2 puts the throttle in your hand as one of three brave intergalactic heroes and it is up to you to destroy the menacing alien invaders. Take control of an Alpha Wing fighter jet and battle the advancing enemy over several spectacular but hostile planetary terrains.

•**ATV** – Climb up and hang on as Sony's multi-million selling ATV offroad experience sticks the landing on mobile. Tear up the terrain as you take your ATV over, above and through almost any obstacle to beat your opponents to the finish line. Win races to earn cash and unlock new tracks.

**Greenstreet Software**, Contact: [lpilkington@greenstreetsoftware.com](mailto:lpilkington@greenstreetsoftware.com)

- **National Geographic Forces of Nature** – Witness the planet's raw power as you watch Mother Nature at work in this awesome 2 disc PC CD ROM title. There are hundreds of high-resolution videos, detailed photos, narration plus a host of virtual experiments and simulators. Packed with a wealth of interactive multimedia features this will both enlighten and entertain as you explore the complexities of natural forces at work.

- **National Geographic 3D Globe** – A breathtaking interactive atlas which provides a detailed three-dimensional view of the Earth. View over 400,000 cities & towns, national borders, physical features & topography, geology and more. Plus there are extensive encyclopedic overviews on all Countries covering Climate, History, Population, Economy to name just a few. Free navigation allows you to zoom round the world and even outer space – a captivating reference title for all ages.

- **320,000 Images** – A massive collection of over 11 titles on one PC DVD ROM!

There's an easy to use picture browser so choosing Clipart, Photographs, Web art and other images couldn't be easier. Royalty free images (for non commercial use) in a multitude of categories make this the only image collection you will ever need. With masses of categories packed with quality images in 9 languages this could be the most important piece of software in your collection.

- **Hashi** – A fantastic puzzler to challenge all of your logic and puzzle skills. Hashi is made up of a grid of islands, each island contains a number you must figure out how to connect the islands together with bridges following some strict rules that make it a lot more difficult than it sounds. Easy drag and drop play and 3 difficulty levels make it fun for the whole family.

- **Suji Moji** – A fun and challenging puzzle to test all of your powers of strategy and deduction to break the code and complete the puzzle. The grid looks like a crossword puzzle without clues, each white square contains a number between 1 and 26, each of these numbers represents a letter of the alphabet – your goal is to break the code and solve the puzzle. An unlimited supply of puzzles for your PC & laptop, plus the print & go facility mean it's also ideal for commuting, holidays or simply relaxing in your favorite chair.

- **Ka Kuro Classic** – A Su Doku like puzzle that pushes the powers of logic and deduction to a new level. Ka Kuro Classic contains an unlimited number of games at a variety of different levels to really challenge the puzzle solver. Each game has a total in rows and columns and the numbers within must reach that total without duplication.

- **Newton Bear Print Products** – Newton Bear is a reject Teddy Bear with attitude. And lots of witty sayings. You can now create T-shirts, Greeting Cards and Calendars using Newton Bear's pictures and famous sayings. Ideal for the novelty print product market. All products will be shown at our booth 6920 in Kentia Hall.

**Guppyworks** – Contact: Per Rosendal, mobile: (+45) 28 11 78 71, [per@guppyworks.com](mailto:per@guppyworks.com)

No killing just fun!

- **HCA** – The Ugly Prince Duckling might be one of the best looking titles to debut this year. An immersive H.C. Andersen style adventure packed with puzzles, action and socializing gameplay.

- **HCA** - The Ugly Prince Duckling has a special visual quality with beautiful and very detailed graphics. See for your self at <http://www.guppyworks.com/Visit> Guppyworks at the Nordic Booth, West Hall 2352

**Honor Games International** – Contact: [ask@hgigames.com](mailto:ask@hgigames.com)

- **China Basketball Open (CBO) Online** – Companion MMO game to the world's largest amateur basketball competition The officially-endorsed companion to the China Amateur Basketball Association's physical tournaments, China Basketball Open (CBO) Online is designed to appeal to China's 340 million basketball fans through an engaging 3D real-time strategy sports game, the first in a series of online sports games by Honor Games International.

- **Immortals** – 5,000 years of Chinese mythology, all in one game

There is possibly no other MMORPG matching the breadth and scope of Immortals in putting together the time-honored deities, heroes, creatures and demons from 5000 years of Chinese mythology.

- **Origins** – Mold-breaking MMO that combines sports and RPG elements

Origins is set in the post-Armageddon world, where a spirited group of humans band together to build the City of Hope, strengthening themselves through the spirit of the Olympics. The game blends sports and RPG elements, and has an in-game advertising engine. A mold-breaking effort.

**Hudson Entertainment Inc.** - Contact: Eddiemae Jukes, 415-777-4000, eddiemae@kohnkecomm.com

- **“Flight Game”** – Nintendo Revolution

Take to the skies in a way never before experienced on any home console. Using the Revolution’s “Gesture System” built into their innovative controller, Hudson’s new “Flight Game” allows total plane control as players pilot their planes through various acrobatic flight maneuvers ranging from sky artistry to bomb drops.

• **Dungeon Explorer** - 360, PSP – (360) Dungeon Explorer is based on the acclaimed action series made originally for the TurboGrafx console. This completely revamped and re-envisioned game captures all the action RPG glory of the original, as well as expanding on the multiplayer elements that made the game so popular. With a new dark fantasy setting, along with randomly generated maps, completely customizable characters, and Xbox Live support, Dungeon Explorer 360 is the ultimate fantasy game experience! (PSP) Summon 3 of your closest friends and let the adventure begin again – this time in the palm of your hands!

• **Bomberman Act Zero** – 360 – Bomberman makes its triumphant debut on Xbox 360! With an all new storyline and shocking new dark themes, Bomberman: Act Zero is set in a post-apocalyptic world where cyborgs are pitted against cyborgs in a duel to the death. This sleek new vision of Bomberman pits up to 4 players against each other in a fight to the death. Published by Konami

• **Rengoku 2** – PSP – Return to the dystopian world of Rengoku! In this hard-hitting sequel for the PSP, players will once again journey to the top of the world, battling cyborgs and robots along the way. With network support for up to 4 players, more levels, an explosive soundtrack, and character designs by legendary manga artist, Jun Suemi, Rengoku 2 serves up a deep, challenging action experience not to be missed! Published by Konami

• **Bob Marley Burnin** – Mobile – It’s time to be jammin’ with Bob Marley – soccer style! Compete in two addictive soccer based games: Extreme Juggle and Super Kick. Tired and need to relax?
