ALL FLOOR PLANS SUBJECT TO CHANGE

* Fire safe notation is a visual reminder that fire code must be followed, and booth structure should not run more than 100 feet from an exit. Booths must be able to be opened without the need for a key. Technically, the code states that "the travel distance from booth or exhibit enclosure to an exit shall not exceed 50 feet (2013 NFPA 101, 13.3.4.2.2)." Exhibitors must submit all booth plans to the LVCOA fire & safety manager for Fire Marshal approval at boothplans@lvco.com
