

2010 International CES **Meeting Place Information**

We are happy to have you as part of the 2010 CES Meeting Place! We've put together step-by-step instructions to help guide you through the 2010 International CES and ensure that your Meeting Place experience is as seamless as possible. Please read through the following information explaining your space in the CES Meeting Place, what forms you need to fill out, and how to best prepare for the show.

The CES Meeting Place is a quiet area on the CES show floor, perfect for holding meetings and conducting your business. Your CES Meeting Place package includes the following:

- Sound-absorbing 10 ft. high walls
- Wall-to-wall stone blue carpet
- Unlimited standard furniture (**CES Meeting Place Furniture & Accessories Order Form**; form A-1)
- 10% discount on all specialty furniture (**CES Meeting Place Specialty Furniture Order Form**; Form B-1)
- Combination locking doors
- Turn to the page entitled **CES Meeting Place Hospitality Suite Inclusions** to see a photo and a rendering of what your CES Meeting Space room will look like.
- Keep in mind – Exhibitors cannot build anything or have any type of reception outside of their Meeting Place room – you are only permitted to have wall signage.

Now that you are familiar with your space, here are your next steps!

What you need to do next...

- **Suite layout** - You will need to provide GES with your suite layout using the **CES Meeting Place Hospitality Suite Layout form (H-3)**. The Form called **CES Meeting Place Hospitality Suite Sample Layouts** gives you some examples of possible room layouts you could choose. Your layout needs to show your internal walls, if applicable, in 2 ft. increments. Please indicate placement of all furniture, electrical outlets, etc. – anything that will be set up inside your suite.
- **Ordering standard furniture** – Turn to the **CES Meeting Place Furniture and Accessories Order Form (A-1)** to find your standard furniture – you may order unlimited standard furniture if it is ordered before December 9, 2009. All of the furniture ordered must fit inside your space, and must be drawn in on your **CES Meeting Place Hospitality Suite Layout** form as well.
- **Ordering Specialty Furniture** – You will also need to fill out the page called **CES Meeting Place Specialty Furniture Order form (B-1)**. You will receive a 10% discount on all specialty furniture if ordered by December 9, 2009. Again, please be sure to draw your furniture onto your layout form.
- **Ordering Electrical** – Ordering electrical before the deadline is CRITICAL for CES Meeting Place exhibitors. Because there is standard wall-to-wall carpet, it is extremely difficult and time consuming to fish wires under the carpet if electrical is ordered once

the carpet has been laid. All electrical forms can be found beginning on the page entitled **CES Meeting Place Electrical Rental Order Form (E-2-LV)**. You will need to fill out an **Electrical Rental Order Form**, an **Electrical Labor Order Form (E-3-LV)**, and draw your electrical drops on your **Booth Layout Form**. You can start a new **CES Meeting Place Electrical Booth Layout Form (H-3)** for electrical; or add it to your previous form. Each one must be submitted to GES on or before **December 9, 2009**.

- **Ordering Phone and Internet** – Smart City phone and Internet forms can be found beginning on the Smart City page entitled Billing Information/Payment Form. You will need to fill out each form with the services you will need and submit it to Smart City. You will also need to show these services on your Booth Layout Form to indicate where you want the service to be located. You must turn these forms in no later than the **December 7, 2009** deadline.
- **Shipping** – You have two options for your shipment – you can ship to the GES warehouse in advance, or you may ship directly to show site. Advance warehouse shipments must arrive on or before Monday, December 18, 2009, but this method assures you that you will have your freight delivered by 8 a.m. on your move-in date, Monday, January 5, 2009. Direct to Show site shipments must be scheduled by you to arrive on your target move-in date, Monday, January 5, 2009. Direct shipments must go through our marshalling yard, so the shipment usually does not arrive in your space until the afternoon or evening.
 - Be sure to read the **Material Handling Information (R-1)**
 - Fill out the **Advanced Warehouse Shipping Form (R-5)** or the **Direct Warehouse Shipping form (R-6)**, depending on which shipping method you chose and affix to each box in your shipment.
 - Fill out the **Pre-Printed Outbound Material Handling Request (R-3)** and return to GES. This will allow for a smooth outbound shipment at the end of the show.
- **Other Forms** – You will need to fill out the page entitled **CES Meeting Place Payment and Credit Card Authorization form (G-2)**. You must fill this out and return it to GES in order to place orders for all services. You will also need to fill out the **CES Meeting Place 3rd Party Billing Request form (G-3)**. Any exhibitor using a third party to handle their display must fill out this form. The 3rd party must also fill out their portion of the form and must return to GES by December 9, 2009.
- **Signs/Graphics** – we will provide an ID on the outside of your suite listing your company name and suite number. You may order additional graphics from GES using the **Graphics and Signage Order form (I-1)**, or bring your own. You can hang unlimited signs on your inside or outside wall using Velcro.
- **Important Rules and Regulations** to keep in mind: hanging signs are NOT permitted in CES Meeting Place; and the maximum height of your space is 10'.

What you need to know on-site

When you arrive at your suite, you will have a memo from GES detailing how to operate your combination lock to secure your Meeting Place room. If you have any questions once you arrive on-site, visit the GES Service Desk – located in the South Hall, S4 just behind CES Meeting Place.

Important Information!

- Once on-site, you can pick up a black out panel to cover the small window on your Meeting Place door at no charge if you choose. These will be available at the GES Service Desk.

- Your Meeting Place booth number will now include a “-MP” at the end of the number to help make sure attendees can find you!
- We have reduced the sound level in the CES Meeting Place – from 85 decibels to 75 decibels to promote a quieter environment.
- You Are Here signs will be placed within CES Meeting Place – another way to help attendees find your room!

We hope these instructions will provide you with everything you need to prepare for the 2010 International CES. If you have any questions, Please contact Katie Swearingen, Manager, CES Operations at kswearingen@CE.org or (703) 907-7637. We look forward to seeing you in Las Vegas!

EXHIBITOR'S ELECTRICAL CONTACT NAME & PHONE NUMBER _____ AUTHORIZED NAME - PLEASE PRINT _____ DATE _____

1. GES/Trade Show Electrical (TSE) is not responsible for voltage fluctuation or power failure due to temporary conditions. Exhibitor is responsible for providing surge protectors for their Goods. GES/TSE is not responsible for loss or damage resulting from power surges. Furthermore, GES/TSE's liability for any and all loss or damage is limited to the value of the cost of electrical services provided or depreciated value of Goods, whichever is less. All electrical installations and connections to all electrical service should be made by a GES/TSE electrician. GES/TSE will not be responsible for any damage or loss to any equipment, component, computer hardware or software, and/or any damage or bodily injury to any person caused by the installation, connection, or plugging in of any electrical outlet by persons other than a GES/TSE electrician.

2. Electricity will be turned on 30 minutes prior to show open and will be turned off within approximately 30 minutes after show close.

3. **OUTLET LOCATION & DISTRIBUTION**— All electrical outlets will be installed on the floor at the draped backwall of in-line and peninsula booths. All electrical outlets for island booths will be dropped to one main location per the Exhibitor's floor plan. If no plan is provided, the outlets will be installed at our discretion. Any change in location and/or additional power drops are chargeable on a time and material basis. Distribution and connection of outlets are chargeable on a time and material basis. **The first ninety feet of cabling to deliver power to your booth is free. If additional cabling is necessary, to power your booth, it will be charged at a time, material and motorized equipment basis.** See Electrical Labor form E-3

4. **GES/TSE JURISDICTION** (Requires labor and/or material) All under-carpet distribution of electrical wiring. All facility overhead distribution of electrical wiring, including coaxial cable, fiber optics, twisted pair, etc., and the distribution of same from product to booth and from booth to booth. All motor and equipment hook-ups requiring hard wiring connections. Installation and/or repair of electrical fixtures. Installation of electrical motors and electrical apparatus to be energized.

5. All outlets over 20 amps and/or with a voltage over 150 volts per booth space will require electrical booth work labor. Labor is required to inspect and hook-up equipment pre-wired to plug into our system. Exhibitors are not permitted to use power unless ordered. Exhibitors found using outlets without an order will be subject to the regular rate for outlets used. Sharing power or plugging into facility outlets is strictly prohibited.

6. **ELECTRICAL LABOR** (See Electrical Labor Order Form) — Labor rates are subject to labor contract effective at time of show.

7. Please include H-3: Booth Layout Form, or provide your own detailed drawing, for placement of main drop locations (MDL), outlets and fixtures. Regular rates will be applied, regardless of when the order was received, if either is not provided with your electrical order.

* On Stanchion, In-line Booths Only. Labor is not included for all other types of booths and will require a booth work labor order. (see E-3 form)

** May require labor and/or lift at additional charge not available at some locations. See number 7 above for additional requirements.

Cancellation Policy: Items cancelled will be charged 50% of original price after move-in begins and 100% of original price after installation

All exhibitor disputes must be resolved at show site, before the close of the show

Important Information & Rates

Starting time can be guaranteed only when labor is requested 24 hours in advance for the start of the working day at 8 AM. All exhibit labor for 8 AM starting times will be dispatched to booth space. For all other starting times, check in at the labor desk one-half (½) hour before time requested. Labor cancelled without a 24 hour notice shall be charged a one (1) hour cancellation fee per worker. If exhibitor fails to use the workers at the time confirmed, a one (1) hour "Not Ready" charge per worker will apply.

The minimum charge for labor is one (1) hour per worker. Labor thereafter is charged in half (½) hour increments per worker. Exhibitors requiring electrical labor will automatically be charged a dismantle fee. Dismantle labor is charged at 50% of installation labor, and does not need to be scheduled. Overtime rates may apply.

GRATUITIES IN ANY FORM, INCLUDING CASH, GIFTS, OR LABOR HOURS FOR WORK NOT ACTUALLY PERFORMED ARE PROHIBITED BY GES. GES requires the highest standards of integrity from all employees. Please call our confidential Always Honest hotline at 866.225.8230 to report fraudulent or unethical behavior. All rates are subject to change if necessitated by increased labor and material costs.

TSE requires payment in full at the time services are ordered. Further, GES/TSE requires that you provide a credit card authorization with your initial order. For your convenience, we will use this authorization to charge your account for services, which may include labor, not covered by your initial payment.

You may arrange for a third party to handle your display and be billed for services. GES/TSE will agree to this arrangement if the third party has a satisfactory payment record with us. **Both Firms** must complete this form, including **Third Party Credit Card Charge Authorization** below. If no third party is being used, only the "Exhibiting Firm" credit card charge authorization is required. Return form by the deadline date. **GES/TSE reserves the right to deny any Third Party Billing Request that is not complete or received by the deadline date.**

It is understood and agreed that the exhibiting firm is ultimately responsible for payment of charges. If your named third party does not pay the invoice before the last day of the show, charges will revert to you, the exhibiting firm. All invoices are due and payable upon receipt.

LIMITATION OF LIABILITY

Limited Warranty. SMART CITY warrants that: (a) it has the right to provide and install all Voice, Data, and Network Services and Applications (the "Services"). In the event that the Services are not performed in accordance with this warranty you agree to inform SMART CITY of such fact, by written notice prior to close of the Show / Event, and, as your sole and exclusive remedy, SMART CITY will either: (a) repair or replace the Services to correct any defects in performance without any additional charge to you, or (b) in the event that such repair or replacement cannot be done within a reasonable time, terminate the Customer Contract and provide you with a pro rata refund of the fees paid to SMART CITY for the Services hereunder with respect to such calendar year.

The foregoing warranties will not apply to the extent that: (a) the Services are used for any purpose other than those set forth in this Customer Contract regardless of whether SMART CITY has terminated this Customer Contract because of such misuse; (b) the cause of a breach of warranty is due to a malfunction in your hardware, software or communications network through which the Services are accessed; or (c) the cause of a breach of warranty is due to any other cause outside of our sole and reasonable control.

DISCLAIMER OF WARRANTY. THE FOREGOING CONSTITUTE OUR ONLY WARRANTIES WITH RESPECT TO THE PERFORMANCE OR NONPERFORMANCE OF THE SYSTEMS AND APPLICATIONS AND/OR THE SERVICES WHICH ARE OTHERWISE PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS. THE FOREGOING LIMITED WARRANTIES ARE IN LIEU OF, AND SMART CITY HEREBY EXPRESSLY DISCLAIMS, ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Indemnification.

Each party agrees to indemnify, defend, and hold harmless the other party, its affiliates, and their current and former employees and agents, and defend any action brought against same with respect to any claim, demand, cause of action, debt or liability (including reasonable attorneys' fees) brought by a third party arising out of, or in connection with a breach of the other party's representations, warranties, covenants and agreements set forth in this Customer Contract or to the extent attributable to such party's gross negligence or willful misconduct.

In claiming any indemnification hereunder, the indemnified party shall promptly provide the indemnifying party with written notice of any claim which the indemnified party believes falls within the scope of the foregoing paragraphs. The indemnified party may, at its own expense, assist in the defense if it so chooses, provided that the indemnifying party shall control such defense and all negotiations relative to the settlement of any such claim and further provided that any settlement intended to bind the indemnified party shall not be final without the indemnified party's written consent, which shall not be unreasonably withheld.

The terms of these provisions shall survive the expiration or termination of this Customer Contract.

LIMITATION OF LIABILITY. EXCEPT FOR OUR WILLFUL MISCONDUCT OR GROSS NEGLIGENCE, YOU AGREE THAT UNDER NO CIRCUMSTANCES IS SMART CITY LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES OR LOST PROFITS ARISING OUT OF THE SYSTEMS OR OUR SERVICES OR OBLIGATIONS UNDER THIS AGREEMENT EVEN IF SMART CITY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ANY EVENT, YOUR EXCLUSIVE REMEDY AND OUR ENTIRE LIABILITY TO YOU FOR ANY REASON UPON ANY CAUSE OF ACTION ARISING OUT OF THE SYSTEM OR OUR SERVICES UNDER THIS AGREEMENT SHALL BE THE AMOUNT ACTUALLY PAID BY YOU TO SMART CITY WITH RESPECT TO THOSE DEFICIENT SERVICES. THE LIMITATION OF LIABILITY PROVIDED BY THIS SECTION IS LIMITED TO OUR DUTIES AND LIABILITIES BY REASON OF THIS AGREEMENT ONLY, AND DOES NOT AFFECT ANY OTHER RELATIONSHIP SMART CITY MAY HAVE WITH YOU.

THE FOREGOING LIMITATION IS A FUNDAMENTAL PART OF THE BASIS OF THE BARGAIN HEREUNDER AND IS INTENDED TO APPLY WITHOUT REGARD TO WHETHER OTHER PROVISIONS OF THIS AGREEMENT HAVE BEEN BREACHED OR HAVE BEEN HELD TO BE INVALID OR INEFFECTIVE.

NO ACTION, REGARDLESS OF FORM, ARISING OUT OF OR RELATED TO THE USE OF THE SERVICES PURSUANT TO THIS AGREEMENT MAY BE BROUGHT BY YOU MORE THAN 12 MONTHS AFTER THE CAUSE OF ACTION FIRST AROSE.

(1) All Customer contracts and agreements are solely between SMART CITY and the prospective Customer; (2) SMART CITY is not the employee, agent or partner of the Facility; (3) The Facility is not a party to, nor shall it have any obligations or liabilities whatsoever to any Customer, under any Customer Contract including without limitation, the obligation to provide any of the services covered by such Customer Contract; (4) No representations or warranties are being made by the Facility with respect to any Customer Contract or any Communications Services; (5) The right of the Customer to receive any Communications Service will be terminated if this Agreement is terminated for any reason provided therein; and the Facility will have no obligation to continue providing such service unless the Facility elects in its sole discretion to continue to provide such services itself or through a third party; (6) The provisions of the Customer Contract are separate and independent from the provisions of the Customer's lease space in the building and shall not affect the Customer's obligations under such lease and without limiting the foregoing, in no event shall any default by SMART CITY under the Customer Contract or any failure with respect to any Communications Services have any effect on any Customer's obligations to the Facility under any lease or any other occupancy agreement between such Customer and the Facility.

ORDER ON LINE: www.smartcity.com/orders/placeorder.asp

TERMS AND CONDITIONS (continued from pages 1 & 2)**INTERNET / NETWORK SPECIFIC:**

15. Up to 100 Mbps, full-duplex, Ethernet access to our backbone, with shared or dedicated Internet access up to 128 Kbps or greater (depending on service ordered) via an RJ-45 jack, is provided for each connection ordered.
16. **Shared Services Specific:** Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are **not allowed with any** of our shared Internet / Network services. This includes, but is not limited to, Shared Ethernet, Shared EtherNAT, Shared Wireless and Basic EtherNAT. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for quote.
17. **Wireless Specific:** (a) Smart City is the exclusive provider of voice, wired and wireless data service(s) for the Facility. **Wireless Devices not authorized by Smart City are strictly prohibited.** Customer(s) that desire to showcase their wireless products must contact Smart City 21 days in advance of show move-in to investigate the potential of Smart City engineering a customized cohesive network to operate without interference to other Customer(s), (applicable charges may apply). (b) The use of any wireless device that interferes with the facility's 2.5 / 5.8 GHz wireless data frequency range is prohibited and subject to disconnection at the Customer expense.
18. Rates listed include a single IP address, standard installation to the booth in the most convenient manner and does not include computer equipment, NIC card, TCP / IP software or power to the booth.
19. Limited Availability: T-1 / DS-3 and other special circuit orders must be placed 45 days prior to show move-in date due to limited availability and to avoid additional charges.
20. **Network Security Declaration:** The Customer is responsible for providing a signed Network Security Declaration prior to Smart City activating Internet / Network Service(s) for each Customer.
21. **Wireless Performance Declaration:** The Customer is responsible for providing a signed Wireless Performance Declaration prior to Smart City activating Wireless Service(s) for each Customer.
22. See "Billing Information / Payment Form" – **Exclusive Voice, Data, Networking and Cabling.**
23. **Use of Network Connection:** (a) Services provided by Smart City are intended to facilitate communications between the Company's authorized users and the entities reachable through the Internet. Users of Smart City services shall use reasonable efforts to promote efficient use of the networks to minimize, and avoid if possible, unnecessary network traffic and interference with the work of other users of the interconnected networks. (b) Users of Smart City services **shall not disrupt** any of the Smart City or other associated networks as a whole or any equipment of system forming part of their systems, or any services provided over, or in connection with any of the Smart City or other associated networks. Smart City services shall not be used to transmit any communication where the meaning of the message, or its transmit distribution, would violate any applicable law or regulation or would likely be highly offensive to the recipient or recipients thereof.
24. **Internet Performance Disclaimer:** Smart City does not guarantee the performance, routing, or throughput; either expressed or implied, of any data circuit(s) connectivity with regards to the Internet and / or Internet backbone(s) beyond the Facility.
25. **Internet Security Disclaimer:** Smart City does not provide security such as, but not limited to, firewalls, etc. for any data circuit(s) we provide. It is the sole responsibility of the Customer to provide any necessary security. Customer is agreeing to hold Smart City; its agents and contracts harmless for any and all liabilities arising from the use of non-secured data circuits.
26. **VIRUS PROTECTION REQUIREMENT – WARNING –** Smart City requires that all devices directly or indirectly accessing Smart City's Network have the latest virus scan software, Windows security updates, system patches, and any other technological precautions necessary to protect yourself and others from viruses, malicious programs and other disruptive applications. Any device(s) which adversely impacts Smart City's network(s) will be disconnected from the network(s) with or without prior notice at Smart City's sole discretion. The device(s) in question will remain disconnected from the network(s) until all issues are adequately resolved. Additional charges may apply for trouble diagnosis and / or problem resolution. No refunds will be issued Customer(s) as the result of Smart City's actions to disconnect disruptive device(s).

TELEPHONE / VOICE SPECIFIC:

27. **NOTE: THE CUSTOMER IS RESPONSIBLE FOR ALL LONG DISTANCE, DIRECTORY ASSISTANCE, OPERATOR ASSISTED AND OTHER APPLICABLE CHARGES AGAINST ASSIGNED TELEPHONE NUMBER(S).**
28. **A \$.95 surcharge per call will be charged on all "1-800, 950" and credit card type calls. An additional \$.95 surcharge per call will apply if duration of call is over 10 minutes. The "1-800, 950" type call surcharge does not apply to Dedicated Lines (item #4a).**
29. **A \$2.00 surcharge per call will be charged on all directory assistance, Information, "0+" and Operator assisted calls.**
30. **Long Distance and Directory Assistance:** (a) Toll restriction will block lines to local only or local and "1-800" calling only. All other "1+" or "0+" dialing will be blocked (this includes all long distance access). (b) All lines will be blocked from "976" and "900" dialing unless otherwise requested. Additional deposits may be applicable. (c) Smart City will provide a detailed listing of all toll / billable type calls made from applicable services.
31. Deposits are required for Long Distance, 800#, and Calling Card usage. Additional Long Distance deposits for International accounts may apply and will be determined upon request for service.
32. The number(s) assigned to you are for the duration of this event only. Service cannot be moved or transferred outside of the Center and intercept service cannot be provided.
33. In the case of a billable type call(s) which is not connected, but where the called telephone is allowed to ring for more than 30 seconds, Smart City's automated billing system will automatically place a charge on your account as if the call had been completed. To avoid such charges, we suggest that you observe the time when placing calls.
34. One Multi-Line Instrument Deposit is required for each Multi-Line Circuit ordered.

Customer / Ref #: 2010 - 030 - 643 -

The Network Security Policy implemented for this Facility requires Customer(s) adherence to several necessary precautions in order for Smart City to maintain a healthy, viable network for all Customers. This declaration of compliance with the security requirements as noted herein is an acknowledgement of Smart City's filtering policies and must be completed, signed by an authorized Customer representative and mailed or faxed to Smart City prior to the requested network service(s) being activated for Customer's usage.

Network Security Policy:

Smart City requires that all devices directly or indirectly accessing Smart City's network(s) have the latest virus scan software, Windows® security updates, system patches, and any other technological precautions necessary to protect the Customer(s) and others from viruses, malicious programs, and other disruptive applications. Any device(s) which adversely impacts Smart City's network(s) may cause service interruptions to Customer(s) which can lead to disconnection of the Customer's equipment from the network(s), with or without prior notice at Smart City's sole discretion. The device(s) in question will remain disconnected until all issues are adequately resolved. All charges will apply and no refunds will be given. Additional charges may apply for trouble diagnosis and / or problem resolution.

Smart City has implemented filtering policies on all Internet routers. These filters block all inbound Internet Control Message Protocol (ICMP) -- Ping, Traceroute, etc. -- destined to any Smart City Network(s). Smart City understands that Ping and Traceroute are valuable troubleshooting tools; therefore Smart City's Policy does allow ICMP (Ping & Traceroute) packets sourced from any Smart City network(s).

Further, to avoid infection by common Internet worms (Nachi, MSBlaster, LoveSAN, etc.), Smart City has implemented similar filters on the following TCP and UDP port numbers: UDP – 137, 138, 402, 1434 and TCP – 135, 139, 402, 445, 4444.

Customers requiring inbound or outbound access to any of the filtered ports, should contact a Smart City customer service representative in advance of the event with details of the specific requirements so that Smart City may consider the potential of a customized alternative.

Each Customer's business is important to Smart City and with advanced and timely notification of a Customer's needs we are confident that we can provide network services that perform as expected for all clients.

***** Please inform all show site personnel about the importance of Smart City's Network Security compliance issues *****

Overview

Smart City is the exclusive provider for wired and wireless services for the Facility and has in operation a wireless 802.11 a / b / g system. The wireless service offers Internet access at speeds up to 256K servicing Customers as well as attendees. The actual maximum bandwidth available depends on how many users are accessing the network simultaneously at any given time. Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with this connection. Smart City can engineer custom dedicated network(s) to accommodate such special requests. Please call for quote.

Wireless is an entry level service ideal for web surfing and checking web based email. Smart City's Wireless Network can be accessed throughout the Facility by using a Wi-Fi® compatible 802.11 a / b / g network card or one of our rental bridge units (limited quantity of bridge units, call for availability).

Wireless service is inherently vulnerable to interference from other devices that transmit similar radio frequency signals or that operate within the same frequency spectrum. Smart City cannot guarantee that interference will not occur. Smart City does **NOT** recommend wireless service for mission critical services such as product presentation or demonstrations. For demonstrations or to present products and other mission critical activity, via the Internet, Smart City highly recommends Customer(s) purchase hardwired services such as Shared Ethernet, Shared EtherNAT or T-1 service.

If you are unsure which of our products will best suit your needs please call our Customer Service Department at (888) 446-6911 and one of our Customer Service Representatives will be happy to assist you.

Restrictions and Special Requests

Due to the extensive coverage Smart City provides for the Facility, **NO** Customer provided access points are authorized for use within the Facility without Smart City prior approval (wireless access points without adjustable power outputs can not be authorized under any circumstances). Customer(s) who attempt to set up their own wireless system can interfere with the Smart City Wireless Network. Smart City requires all Customers showcasing their wireless products to contact Smart City 21 days prior to the show move-in so that we may engineer a cohesive network operating without interference (all approvals will incur a site survey fee). Per our Terms and Conditions listed on Smart City's Customer Contract, misuse of any wireless service may result in service interruption to yourself or other Customers and can lead to disconnection of the Customer's equipment. **No service refunds will be given.**

ALL WIRELESS ACCESS POINTS NOT AUTHORIZED BY SMART CITY ARE PROHIBITED.

I hereby attest that I understand the limitations and vulnerabilities of the wireless service provided by Smart City. I also understand that if I use this service for any reason including, but not limited to, demonstrating, showcasing or presenting my product(s), Smart City will not be responsible for possible interference that I may experience. Refunds will not be given for service issues found not to be the fault of Smart City. Upon receipt of this form, Smart City Wireless Services and / or Customer(s) authorized wireless AP devices (with Smart City's approval) will be activated / available for your use.

Floor Plan – Communications Cable

Center: Las Vegas CC (030) - NV
Show: 2010 INTERNATIONAL CES

Company Name: _____
Booth / Room #: _____
Customer / Ref #: 2010 - 030 - 643 -

Voice and Data communications cabling. Smart City is the **exclusive installer** of Voice and Data communications cabling. Smart City provides cabling to booths, within booths (under carpet and flooring) and from booth-to-booth. Fiber Optic, twisted pair (Category 3, 5 and 6), coaxial and all other data and telecommunication cable fall under Smart City's area of expertise.

IMPORTANT!! Prior to installation of service, a complete floor plan is required. Please utilize this grid should you not have your own floor plan to send us. You may use a different floor plan for each service group (Telephone, Internet, etc.) or combine all services on one floor plan. For a floor plan to be considered complete it **must** include all the information listed below (Main Distribution Location "MDL", designated location of items within the booth, surrounding booths, scale-length and width).

		Adjacent Booth or Aisle#											
Adjacent Booth or Aisle#													
		Adjacent Booth or Aisle#											

X = Main Distribution Location (**MDL**) – The originating line(s) for service, whether from overhead, a floor pocket or a column, will be delivered to a "MDL" before being distributed within your booth. Example: Storage area, back of booth, etc. (unless specified, the default for the "MDL" will be the back of the booth or at Smart City's discretion, the most convenient location). All distribution of services to their final destination within the booth will originate from the "MDL". A per line move fee will apply to relocate services within your booth after they have been engineered and / or installed.

T = Location of Telephones, Fax lines or other telecommunications equipment "T".

I / H / PC / C = Location of primary Internet Service "I", Hubs "H", Patch Cables "PC" and / or Computers "C". For Smart City to perform your floor work, you will need to indicate the location of each item you want cabled. Make sure to order your floor work, hubs, and patch cables early and in advance of the show moving in.

Orientation = The Booth or Aisle #'s surrounding your booth. A minimum of one surrounding Booth or Aisle # is required (two or more would be more helpful) for Smart City to accurately install your services.

Size = Booth dimensions (example 10x10) _____. **Scale** = 1 Box is equal to _____ ft.

Smart City has the exclusive contract to install all voice and data communications cabling. This includes all cabling to booths, **within booths (under carpet and flooring)** and from booth-to-booth. Fiber optic, twisted pair (Category 3 and 5), coaxial and all other data and telephone cables fall under Smart City's area of responsibility.

- ❖ **Labor cost** - \$75.00 an hour per technician, with a one hour minimum.
- ❖ **Floor work** - Estimated at 4 cables per hour (this is a conservative estimate assuming normal circumstances with timely request for service and a complete floor plan received at least 5 days before show move in. Charges could be greater than our estimate for a variety of reasons such as floor work was ordered late, carpet had already been laid, obstructions / physical structures and other miscellaneous issues that can make cabling more labor intensive and time consuming).
- ❖ **Smart City Cat 5 Cable** - \$50 each (50 ft. cable)

Please select the floor work option that you will require for your booth:

☐ **Yes**, we will need to order floor work from Smart City for our booth.

_____ Estimated number of labor hours. Please add this to our order.

☐ **No**, we will not require floor work for our booth. We will not be laying our cables across aisles or under carpet or flooring.

Please select the cabling option that you will require for your booth:

☐ **Smart City Provided Cable.** We prefer Smart City to provide the cable for our booth.

_____ Number of Cat 5 Cable(s) at \$50 each. Please add this to our order.

☐ **Exhibitor Provided Cable.** We will provide our own cable for our booth and understand the following:

- We will not be placing cable across aisles, across traffic flow areas, under carpet or under flooring.
- Smart City can only accept cable and cannot accept hubs, routers, switches or other equipment.
- Smart City cannot guarantee service on Customer/Exhibitor provided cable(s) and/or equipment. Connectivity can be guaranteed only to the point where Smart City's services originate in the booth.
- Smart City is not responsible for customer provided cable(s)/equipment including but not limited to security, damage, retrieving/returning, testing or repairing cable.
- Any request for trouble diagnosis or problem resolution found not to be the fault of Smart City may be billed to the Exhibitor at the prevailing rate (for example, faulty equipment or damaged cable).
- Cable(s) must be shipped two weeks prior to the show opening to:

Internet / Networking Overview

A – Z Introduction to Services

Important! Smart City offers a wide variety of bandwidth options; please review to assure that the services you have selected will provide the required functionality for the application(s) you will be utilizing. Smart City provisions services using 100 Base - T, full-duplex, Ethernet protocols. IP Addresses are statically assigned. Throughput is measured in megabits per second (Mbps) and kilobits per seconds (Kbps). Customer's computers must be configured to accept Ethernet. Customer must have their own Electrical Power, Network Interface Card (NIC), Web browser and all other necessary computer equipment / programs. While Smart City supports POP3 and SMTP mail protocols, Smart City does not offer / provide POP3 or SMTP mail server(s) / email account(s).

Shared Services, which includes but are not limited to the **Basic EtherNAT**, **Shared EtherNAT**, **Shared Ethernet** and **Shared Wireless** services, do not allow Routers, Streaming Applications, Voice over IP (VoIP), Dynamic Host Configuration Protocol (DHCP), Network Address Translation (NAT) or Proxy Servers with the connection. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for a quote.

Basic EtherNAT, **Shared EtherNAT** and **Shared Wireless** are entry level services that are good for surfing the web, showing and checking web based email. They use Static Private IP Addresses or Log-in and Password (with NAT addressing) to provide access to the Internet. The following is a partial list of the basic capabilities and limitations of these services:

Supported Services

- ☐ General web browsing: HTTP and HTTPS
- ☐ Outbound services originating from the center: FTP (file transfer), TFTP (file transfer), Telnet, POP3 mail and SMTP mail protocols
- ☐ Most outbound remote control applications such as PC Anywhere, Citrix, and Remote Desktop Protocol (RDP)
- ☐ Basic Instant Messaging

Limitations

- ☐ Any application or service that requires an outside Internet user to directly access an internal server or service such as a Web server or email server in the booth
- ☐ Virtual Private Networks (VPN) will probably not work and cannot be guaranteed or supported
- ☐ Inbound Simple Network Management Protocol (SNMP) connections will not work
- ☐ Inbound File Transfer Protocol (FTP) connections will not work
- ☐ Net Meeting will not work inbound or outbound
- ☐ Advanced features of Instant Messaging such as whiteboard sharing will not work
- ☐ Inbound remote access / control Applications such as PC Anywhere, Citrix, and Remote Desktop (RDP) Service will not work
- ☐ No proxy servers or other NAT devices allowed. This includes Netgear and Linksys Cable / DSL routers. These devices will not function properly because the private IP addresses that we use will overlap with what are generally Linksys, Netgear and DLink

Basic EtherNAT – (up to 128 K Up / 512 K Down) (Private IP Address) (Limited Quantity) (100 Base - T) –

Provides a shared entry level rate limited service of up to 128 Kbps Upstream and 512 Kbps Downstream that is ideal for basic web surfing and checking web based email. It is up to 100 Mbps, full-duplex, Ethernet access to the backbone with shared Internet access of up to 1.54 Mbps or greater. The actual maximum bandwidth available is dependent upon how many users are accessing the backbone simultaneously at any given time. Access for the originating connection plus a maximum of two additional devices can be purchased with this service. Basic EtherNAT uses Log-in and Password (with NAT addressing) to provide access to the Internet. Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with this connection. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for a quote.

Custom Engineering

- **Dynamic Host Configuration Protocol (DHCP)** – Provides a mechanism for allocating IP addresses dynamically, so that addresses automatically can be reused when hosts no longer need them. This service requires special accommodation and configuration and must be arranged with Smart City in advance of the show.
- **LAN / WAN / VPN Construction** – Smart City can customize the network configuration you need to make your event a success. Networking booth-to-booth, to surrounding hotels, or to your home office Intranet? Call Smart City and let us design a network that fits your needs and your budget!
- **Network Address Translation (NAT)** – A method of connecting multiple computers to the Internet using one IP address. Allows customer(s) to have a private internal network separate from the Internet, but can receive information from it. NAT allows customer(s) to have multiple hosts on an internal network and use of the Internet via a single gateway connection. Automatically provides firewall style protection without any special setup by only allowing connections that originate on the inside of the network. This service requires special accommodation and configuration and must be arranged with Smart City in advance of the show.
- **Special Circuits** – Smart City can provision DS-3s, OC-3s, and larger circuits / bandwidth. Call for availability and pricing.
- **Virtual Local Area Network (VLAN)** – A means of configuring devices (PCs) so that they can communicate as if they were attached to the same wire, when in fact they are located on a number of different LAN segments. Because VLANs are based on logical instead of physical connections they are extremely flexible, provide security through utilizing virtual private networking, and can be used to connect remote locations.

Internet / Networking Overview

Custom Engineering (continued)

- **Web Casting** – Live video or recorded videos from the Facility event to the website of choice.

Cyber Café – Computers in one or more areas allowing attendees and Facility customer(s) to browse the Internet and access to email.

Dry Pair (Extended 3rd Party Circuits) – See “Special Line Services”.

Hub Rental – 8 Port or 24 Port (100 Base - T) – Allows a 100 Mbps, full-duplex, Ethernet connection to be distributed for up to 7 other users (8 port hub) or 23 other users (24 port hub). Deposit required for rental. Customer is responsible for the return of the equipment.

Patch Cable – Up to 50 foot Category 5 - Ethernet standard Category 5 cable terminated with the proper jacks on either end. The default termination is RJ45.

Shared EtherNAT – (Private IP Address) (100 Base - T) – Provides a shared entry level service that is ideal for basic web surfing and checking web based email. It is up to 100 Mbps, full-duplex, Ethernet access to the backbone with shared Internet access of up to 1.54 Mbps and greater. The actual maximum bandwidth available is dependent upon how many users are accessing the backbone simultaneously at any given time. EtherNAT uses private IP addresses. The private IP's all map to a single “real” public IP address. Connection comes with a single IP address. Additional IP addresses can be purchased and multiple computers can be connected to the network using this connection. Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with this connection. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for a quote.

Shared Ethernet – (Public IP Address) (100 Base - T) – Provides shared access to the Internet via a shared 100 Mbps, full-duplex, Ethernet access to the backbone with shared Internet access of up to 1.54 Mbps and greater. The actual maximum bandwidth available is dependent upon how many users are accessing the backbone simultaneously at any given time. Connection comes with a single IP address. Additional IP addresses can be purchased and multiple computers can be connected to the network using this connection. Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with this connection. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for a quote.

Shared Wireless – See “Wireless Internet”.

Special Line Services (Dry Pair - Extended 3rd Party Circuits) – Extension of a Customer's service(s) ordered from the local Telephone Co. or other Provider (e.g. Sprint, Bell Telephone, AT&T etc). The 3rd party provider will bring the circuit to the Facility Demarc and Smart City will be responsible for extending services to the Customer's booth. Customer must order a Dry Pair Extension from Smart City. This includes T-1, DS-3, OC-3, or any other special circuit not provided by Smart City. If utilizing an outside carrier for T-1s or other special circuits we need to have an installation date, the carrier name and contact, and the circuit ID# so we can identify and extend the proper circuit. Consult the Order Form for extension prices.

T-1 RapidData® Internet (Dedicated) (100 Base - T) – Smart City's RapidData® T-1 provides up to 100 Mbps, full-duplex, Ethernet access to the backbone with dedicated Internet access of 1.54 Mbps. Connection programmed for 29 IP addresses / Devices. Additional IP addresses / Devices can be purchased. Best for Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers.

Wireless Internet (Shared Service) (Private IP Address) – Provides shared access to the Internet with up to 256 Kbps of throughput via a Wireless Local Area Network connection for a single connection to a single computer. This is an entry level service that is ideal for web surfing and checking web based email. Smart City's wireless network can be accessed throughout the Facility by using a Wi-Fi® compatible 802.11 a / b / g network card. The actual maximum bandwidth available is dependent upon how many users are accessing the wireless network simultaneously at any given time. Customer(s) will be issued a unique User ID and Password for each wireless connection ordered. Customer(s) cannot utilize a hub, router, or data switch to distribute to multiple computers with this service.

Wireless service is inherently vulnerable to interference from other devices that transmit similar radio frequency signals or that operate within the same frequency spectrum. Smart City cannot guarantee that interference will not occur. Smart City does NOT recommend wireless service for mission critical services such as product presentation or demonstrations. For demonstrations and product presentations we highly recommend Customers purchase hard wired services such as Shared Ethernet, Shared EtherNAT, Basic EtherNAT or T-1 service. Due to the extensive coverage Smart City provides for the Facility, **NO** Customer provided wireless access points are authorized for use within the Facility without Smart City approval (wireless access points without adjustable power outputs can not be authorized under any circumstances). Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with our Shared Wireless service. **Wireless Access Points Not Authorized By Smart City Are Prohibited.** Smart City can engineer a custom dedicated wireless network(s) to accommodate special requests (WEP Key with 40 or 128 bit encryption, authentication, DHCP, etc). Please call for a quote.

Telephone Services Overview

A – Z Introduction to Services – Smart City offers PBX dial “9” service with 1 + direct toll calling, Dedicated Line, non dial “9” service and extension of 3rd Party Circuits. Telephone lines provided by Smart City are provisioned and installed with unrestricted long distance access (UNR), which provides dialing capabilities to local, 800# type calls and any U.S. domestic and International calling. PBX telephone lines are restricted from 900 and 976 dialing unless otherwise requested. Upon request PBX service can be restricted to (a) local calls only (TLD) or (b) local and 800# type calls only (CC).

Basic Line (analog PBX dial “9” access) – Provides a basic telephone line with a single PBX number (telephone instrument optional). Customer(s) must dial a “9” to access an outside line. Customer(s) purchasing a telephone instrument with the line may keep the instrument. A deposit must accompany order(s) for each line with access to long distance, 800# type calls and local toll calls (when applicable). Not recommended for modem use.

Calling Features / Customized Programming – Custom calling features are available including intercom, speaker phones, calling restrictions, call waiting, forward no answer, call forwarding, hunt groups and voice mail. Please call customer service at 888-446-6911 to request these special programming features.

Dedicated Line (analog non dial “9” access) – Analog circuit that is best for modem and credit card machine usage. Customers purchasing a telephone instrument with the line may keep the instrument. A deposit must accompany order(s) for each line as Dedicated Lines CANNOT be toll restricted or restricted from 800 dialing. There is no guaranteed data type speed with the Dedicated Line. Customers requiring a high speed connection should consider one of Smart City’s broadband services.

Dry Pair – See “Special Line Services”.

ISDN Line – An ISDN BRI circuit (2B + D) and its two SPID numbers (provides up to 128 Kbps of throughput). Standard set up is alternate Voice and / or Data on both B channels. A deposit on both channels is required for long distance services and local calls (when applicable), as ISDN circuits CANNOT be toll restricted.

Multi-Line Phone Services and Speaker Phones (dial “9” access) – One Multi-Line telephone instrument with one primary telephone number and one “roll over” number. Multi-Line telephones are programmed exclusively for Smart City and will not work with any other telephone circuit. Must dial “9” to access an outside line. A Multi-Line instrument(s) set can have up to 14 configurable keys (default is 7) in addition to the Hold key, Release key, and Volume control bar. This instrument can also accommodate a key expansion module for additional feature keys. Transfer, conference, and forwarding features are normally included. Speakerphone capability can be added for an additional charge. A deposit must accompany order(s) for each Multi-Line telephone instrument and each line requiring access to long distance, 800# type calls and local toll calls (when applicable).

Ring Down Line – Provides a telephone line with a telephone instrument (optional) that is programmed to automatically ring to a pre-determined phone number. Typically does not receive incoming calls.

Special Line Services (Dry Pair - Extended 3rd Party Circuits) – Extension of a Customer’s service(s) ordered from the local Telephone Co. or other Provider (e.g. Sprint, Bell Telephone, AT&T etc.). The 3rd party provider will bring the circuit to the Facility Demarc and Smart City will be responsible for extending services to the Customer’s booth. Customer must order a Dry Pair Extension from Smart City. This includes Analog telephone lines, ISDN, DSL, T-1, DS-3, OC-3, or any other special circuit not provided by Smart City. If utilizing an outside carrier for telephone service, Customer(s) will need to obtain the telephone number and / or circuit number from them and provide that information to Smart City. For ISDN service please indicate the SPID #s, for T-1s or other special circuits we need to have an installation date, the carrier name and contact, and the circuit ID# so we can identify and extend the proper circuit. Consult the Order Form for extension prices.

Material Handling Information

2010 International CES

January 7-10, 2010

Las Vegas Convention Center - South Hall

Material Handling is the unloading of your exhibit materials, delivery to your booth, handling of empty containers to and from storage, and removal of your materials from your booth for reloading onto your outbound carrier. This is not to be confused with the cost to transport your exhibit material to and from the event.

Benefits of Advance Shipping to the GES Warehouse

- Storage of materials for up to 30 days prior to your show.
- Delivery of Shipments to your booth by your published set-up time.
- Some convention centers and hotels do not have facilities for receiving or storing freight.
- Saves valuable set-up time.

How to Ship in Advance to the GES Warehouse

- Remove all old shipping and empty storage labels.
- Fill out and attach enclosed Advance Shipping labels.
- Complete the enclosed Material Handling Order Form.
- Remember to confirm receipt of your shipment prior to leaving for the show.
- All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise.
- Certified weight tickets must accompany all shipments.
- Take the time to ensure that your display and products are packed neatly and securely.
- Do not ship uncrated materials to warehouse.
- For a rate quote please call GES Logistics at 1.888.454.4437.

How to Ship to Exhibit Site

- Consign all **domestic** shipments c/o GES Exposition Services.
- Do **not** consign **international** shipments c/o GES Exposition Services; however, please contact our international division at: GESLogistic_international@ges.com.
- Remove all old shipping and empty storage labels.
- Fill out and attach enclosed Direct Shipping labels.
- Complete the enclosed Material Handling Information Sheet.
- All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise.
- Certified weight tickets must accompany all shipments.
- Take the time to ensure that your display and products are packed neatly and securely.
- If you are shipping your carpet and/or lighting trusses, make sure it is loaded last so it can be unloaded first.
- For a rate quote please call GES Logistics at 1.888.454.4437.

Freight Carriers

Select a carrier with experience in handling exhibition materials. Make sure to give your carrier explicit information as to where and when to check in. Delivery and pick up times are often out of the range of "normal" delivery hours, make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the Show, also plan for the return shipment. For a rate quote please call GES Logistics at 1.888.454.4437.

Tracking Shipments

Confirm your delivery date and time with your carrier, and have all pertinent shipping information in the hands of your representative at show site. You may also want to review the return of your Goods at the end of the show. GES Logistics domestic shipments can be tracked online by going to: www.ges.com/everything/logistics/tracking/.

Estimating Material Handling Charges

Handling charges are based on the weight of the freight. Shipments are billed by the hundred weight and rounded up to the nearest hundred. Minimum per Shipment may apply, see enclosed Material Handling Order Form for details. Please prepay all shipping charges - GES cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on separate bills of lading with separate weight tickets - otherwise GES will invoice the entire load at the Uncrated rate.

- **Crated** – Material that is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- **Uncrated** – Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

- **Special Handling** - Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts.
- **Overtime Surcharges** - Shows that move-in or move-out on weekends or after 5:00 PM during the weekday, may be subject to additional overtime surcharges. See enclosed Material Handling Order Form for details.
- **Late Surcharges** – May be charged an additional overtime surcharge
 - a. If advance freight is received before or after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling Order Form for details.
 - b. Freight shipments sent to the show after it has opened.
 - c. Freight shipments that are received at showsite that do not meet their published date & time.
- **Shipment Surcharges** – A surcharge will be incurred per shipment for those that are received with incomplete information on shipping labels identifying company name and booth number and/or shipments that are left on the show floor at the end of the show with no labels and no bill of lading turned in.

Machinery Labor and Equipment

Labor and equipment for uncrating, unskidding, positioning, leveling, dismantling, recrating, and reskidding machinery and/or equipment must be ordered separately. Place your order for this labor using the In-Booth Forklift & Labor Order Form. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

Storing Empty Containers

Properly labeled empty shipping cartons will be picked up, stored, and returned after the show. Labels are available at the **GES Servicer**® or from your GES Service Executive and are for empty storage only. Depending on the size of the show, it can take from two to twelve hours to return empty crates. Do not store any items in crates marked "empty." GES has no liability for damage to crates or items sent to empty storage in crates.

Outgoing Shipments

An OMHF (Outbound Material Handling Form / Bill of Lading) must accompany all outgoing shipments. Shipping information, outbound forms and labels will be available at the **GES Servicer**®. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display and product.

Measure of Damage

- **Liability** – GES is liable for loss or damage to your Goods only if the loss or damage is caused by GES negligence.
- **Sole Relief** – If found liable for any loss, GES' sole and exclusive maximum liability for loss or damage to Customer's Goods is limited to \$.50 (USD) per pound with a maximum liability of \$100 (USD) per container, or \$1,500.00 (USD) per shipment, whichever is less.

Insurance

All of your Goods should be insured by your own insurance policy. Although we do our best to handle your Goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. GES has published GES Terms & Conditions of Contract that are in this exhibitor service manual. Please read them carefully. It is recommended that your Goods be insured.

Work Zone

Customer acknowledges that the show site and surrounding areas are active work zones. Customer, its agents, employees and representatives are present at their own risk.

Payment Policy

Payment for Services — GES requires payment in full at the time services are ordered. Further, GES requires that you provide a credit card authorization with your initial order. For your convenience, we will use this authorization to charge your account for services, which may include labor, material handling, or any applicable fuel or energy surcharge.

Discount Prices — To qualify for discount pricing, orders must be received with payment on or before the discount price deadline(s).

Method of Payment — GES Exposition Services accepts MasterCard, Visa, American Express, check and bank wire transfer. Purchase orders are not considered payment. All payments must be made in U.S. funds drawn on a U.S. Bank. *Exhibitors will be charged a \$50.00 fee for returned NSF checks.*

Third Party Billing — Each exhibiting firm is ultimately responsible for all charges incurred on its behalf. GES Exposition Services reserves the right to institute collection action against the exhibitor if the authorized third party does not pay. See *Third Party Billing Request* form.

Tax Exempt — If you are tax exempt in the state in which you will be exhibiting, you must provide a Sales Tax Exemption Certificate for that state. Please send the above information to the GES office for this show. Taxes vary by location and will be added to your invoice, if you do not submit your tax exempt certificate prior to the deadline.

Adjustments and Cancellations — No adjustments to invoices will be made after the close of the show. Please refer to the individual forms for labor, etc. for cancellation fees. All orders cancelled by the Exhibitor or due to the cancellation of an event or their non-participation may be subject to cancellation fees equal to 50% - 100% of the total order, based upon the status of move-in, work performed and/or GES set-up costs or expenses. A minimum non-refundable deposit of \$25.00 will be applied towards the invoice, unless there is a cancellation of your order. Additionally, GES retains the right to implement/assess a fuel or energy surcharge on all services as necessary based upon market conditions.

• If you have any questions regarding our payment policy, please call GES National Servicer® at 800.475.2098 or visit the GES Servicer® at the show.

• Please complete the information and return payment in full with this form and your orders. You may choose to pay by credit card, check, or bank wire transfer, however, we require your credit card charge authorization to be on file with GES.

• All balances must be paid at the conclusion of the event. You agree to late fees up to 1.5% per month on any balance not paid at the conclusion of the event, or balance left without appropriate credit card on file.

• For your convenience, we will use this authorization to charge your credit card for any additional amounts ordered by your representative or services rendered to your company for this event.

• GES will charge a convenience fee for each request to reprocess payment to an alternate credit card in order to cover incremental processing costs. An alternate credit card is a credit card different than the one used to process your initial payment in accordance with GES payment policy. The convenience fee will be quoted at the time your request is made to reprocess payment. The convenience fee will be added to your account balance and settled utilizing the new credit card provided.

Digital File Submission Guide

2010 International CES

January 7-10, 2010

Las Vegas Convention Center - South Hall

Sending your graphic and image files to the GES Creative Services Department

We want your graphics and images to look their absolute best. We are committed to partnering with you in order to provide the most comprehensive and effective solutions in the trade show industry. The graphic print and production industry is continuously evolving. In order to insure the best quality graphics and images from your digital files, and to make file transfers as seamless as possible, we are pleased to provide you with guidelines for submission of your art to GES. If you are unable to provide digital artwork for your signage needs, GES is capable of providing you with layout services. Additional fees will apply. Contact your GES representative for details.

Acceptable Media

- CD-ROM (CD-R or CD-RW)
- DVD-ROM (DVD-R *only*)
- Email attachment (limited to maximum size of 2mb)
- FTP (mandatory .zip or .sit compression)

When sending disks, label them as follows: *Exhibitor Name / Show / Show Date / City of event*

Name your files appropriately for easy identification. **Do not** send files that will not be used for output. Failure to follow these instructions may result in delays in order processing and final production.

Optimal File Types and Resolution

VECTOR: This is the preferred file type. Vector-based artwork is resolution independent and can be enlarged or reduced without loss of quality. See the table below for authoring software capable of creating this type of file.

BITMAP: This type of file is resolution dependent, and will reproduce poorly if the appropriate file resolution is not supplied. If you supply bitmap art, it is best to save your artwork in a 1 to 1 (full size) output ratio at 72 dpi. Lower resolutions will result in reduced image quality.

AVOIDING ADDITIONAL COSTS: Files obtained from the internet (.jpg or .gif) or artwork created in MS Office applications (Word, Excel, PowerPoint, etc.) are often not suitable for high quality output, and often require additional hourly charges. To avoid additional costs associated with these file types, please supply files in accordance with the defined herein.

Acceptable Software

Program	Version	File Extension	Description	Special Considerations
Adobe Acrobat	7.0	.pdf	Portable Document	Convert to .pdf using appropriate high-quality output settings
Adobe Illustrator	CS2 (12.0)	.ai, .eps	Vector Drawing	Avoid embedding bitmap images
Adobe InDesign	CS2 (3.0)	.indd	Page Layout	Include appropriate links/fonts/images
Adobe Photoshop	CS2 (8.0)	.tif, .psd, .eps	Bitmap Editing	File should be in CMYK color space
CorelDraw	12.0	.cdr	Vector Drawing	Avoid embedding bitmap images
QuarkExpress	6.5	.qxd	Page Layout	Include appropriate links/fonts/images

Page/Artwork Dimensions

Documents should be created at 100% the actual finished size. If your software application has restrictions on page sizes, create your document in a reduced scale (10% reduction increments). Please indicate the scale used on all files which are scaled. Bleeds are not necessary. Failure to supply documents at exact, final sizes, will result in additional charges.

Color Specifications & Proofs

Supplied bitmap files should be in the CMYK color space. All colors in Vector and Page Layout applications should be specified using the Pantone Matching System (PMS®). GES will not be responsible for color variations or matching colors on final output if these requirements are not met. Always send 100% accurate proofs (color laser prints) with your disk.

Typefaces/Fonts

Convert all fonts to outlines before saving your file for transfer. If you do not convert your fonts to outlines, font substitution will occur, resulting in unexpected output. Remember that once fonts are converted to outlines they are no longer editable.

Still Have Questions?

If you still have questions or concerns about your artwork or method of delivery, please contact us at gesgraphics@ges.com (please indicate what city your event is being held in).
