LETTER FROM CEA

Dear International CES® Exhibitors and Prospective Exhibitors:

Thank you for choosing or considering to exhibit at the International CES. We greatly value your participation and do all we can to ensure you thrive and achieve your goals. There is no question that the show and the industry as a whole is successful when you – and others like you – succeed. To assist in your success and in the decisions you make as they pertain to CES and other events, we are proud to provide independently verified information about CES attendees.

International CES is believed to be the only consumer technology show meeting the strict requirements for auditing set by UFI, The Global Association of the exhibition industry. This entitles us to UFI certification and ultimately helps give you confidence that the subsequent numbers reflect the reality of CES' trade attendance.

Attendee qualification is something we take very seriously. The International CES was one of the first tradeshows to establish industry standards for verification of show records and attendee demographics. Each year we work with Veris Consulting Inc., an outside independent source and trusted fiduciary to associations and tradeshows, to conduct a complete attendance audit for CES. The following report is a result of those audit findings.

While some shows use less stringent requirements to derive their numbers, rely only on pre-registrations of people who may not actually attend the event, or count people on multiple days of attendance, CES meets UFI standards and is independently audited by Veris Consulting. Simply put, our numbers are accurate, and we are held accountable by our own proven processes and those of two lauded organizations.

This comprehensive Attendee Audit Summary shows you verified information about who attends the International CES, why they attend and what markets, products, companies and services matter the most to them.

Through our impeccable record-keeping procedures and the International CES' commitment to the Veris Consulting audit process, we deliver:

- Valuable, quality attendee demographics, unlike any show of this magnitude
- Assistance in accurately evaluating and reaching your target audience
- Data to help you maximize your return on investment
- The assurance you need to confirm your worthwhile participation in the International CES

We look forward to crafting an exhibit experience with you for the 2012 International CES to be held Tuesday, January 10-Friday, January 13, in Las Vegas, Nevada.

AUDIT SOURCES

PREFACE

The International CES is the world's largest consumer technology tradeshow, encompassing products and services from 15 product categories.

- Audio
- Automotive electronics
- Computer hardware & software
- Connected home
- Content distribution
- Digital health & fitness
- Digital imaging
- Electronic gaming
- Emerging technology
- Entertainment / content
- Internet-based multimedia services
- Lifestyle electronics
- Telecommunications / infrastructure
- Video
- Wireless & wireless devices

SOURCES

The *2011 International CES Attendee Audit Summary* provides exhibitors and prospects with insight into who attends the International CES. This information will help you appraise opportunities and maximize your ROI from the International CES. Information included in this document was derived from:

- Veris Consulting's 2011 International CES Exhibition and Conference Audit Report
- *2011 International CES Post-show Exhibitor Survey*
- *2011 International CES Post-show Attendee Survey*
- 2011 International CES Registration Data, provided by Experient
- *TWICE's 2010 Top 100 Consumer Electronics Retailers* list

VERIS CONSULTING INC.

Veris Consulting Inc. provides an independent, third-party verification of International CES attendance, attendee demographic information, records and record-keeping systems. The International CES wants our exhibitors to have valuable, accurate attendance data to enhance market analysis and verify the show's credibility.

GOVERNMENT REPRESENTATIVES

CEA is actively involved in programs that affect the laws and regulations impacting your bottom line.

The International CES attracts top federal, state and regulatory officials. Representatives from the Federal Communications Commission, Department of Commerce and the House of Representatives joined government technology officials from other countries at the International CES, extending the show's global scope.

The 2011 International CES attracted 100 government officials including:

U.S. CABINET

The Honorable Gary Locke, United States Secretary of Commerce
Ambassador Ron Kirk, United States Trade Representative

MEMBERS OF THE U.S. SENATE AND HOUSE OF REPRESENTATIVES

The Honorable John Ensign, U.S. Senator
The Honorable Shelly Berkley, U.S. Congresswoman
The Honorable Marsha Blackburn, U.S. Congressman
The Honorable Darrell Issa, U.S. Congressman

FEDERAL COMMUNICATIONS COMMISSION

The Honorable Julius Genachowski, Chairman
The Honorable Robert McDowell, Commissioner
The Honorable Mignon Clyburn, Commissioner
The Honorable Meredith Attwell Baker, Commissioner

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

The Honorable David L. Strickland, Administrator

And over 60 high-ranking Congressional and Agency Staff

EDUCATIONAL INSTITUTIONS

The International CES attracts a myriad of representatives from more than 500 educational institutions around the world. They attend CES to:

- Identify new ways to streamline institutional operations and technologies.
- Research technologies for equipment upgrades.
- Evaluate how to enhance learning environments with new technologies.
- Gauge curriculum development and the technologies used in teaching and case studies.

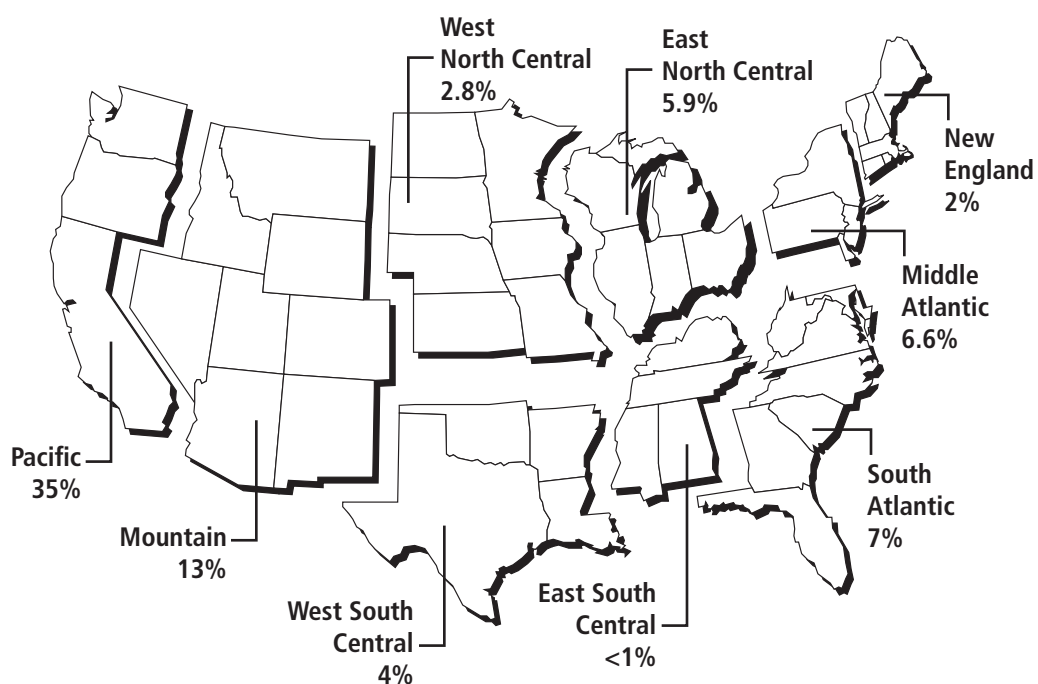

A sample of schools and universities represented include:

Alabama State University	Kanagawa Institute of Technology	U.S. Military Academy at West Point
Arab Academy for Science & Technology	Kansas State University	University of California
Arizona State University	Korea University	Universidad Autonoma de Nayarit
Brigham Young University	Kyoto University	Universidad Carlos III de Madrid

WORLDWIDE MEDIA COVERAGE

MEDIA COVERAGE OF THE 2011 INTERNATIONAL CES CONTINUES SETS NEW RECORD

U.S. and international media coverage of the 2011 International CES, the world's largest consumer technology tradeshow, reached record-setting heights for the sixth year in a row. More than 5,000 media and analysts journeyed to Las Vegas for the event, resulting in more than 5,500 media hits in January 2011 in major print, broadcast and online outlets – a seven percent increase over 2010 coverage.

The International CES received significant global media coverage, with more than 1,500 international media from 64 countries in attendance. The list of countries generating CES media coverage include Australia, Brazil, Canada, China, Germany, France, India, Israel, Japan, Korea, Mexico, Russia, United Arab Emirates and the United Kingdom.

The 2011 International CES was covered by major news outlets such as the *Associated Press*, *BusinessWeek*, *Forbes*, *Fortune*, *Investor's Business Daily*, *NPR*, *Newsweek*, *PC World* and *Reuters* plus major market daily newspapers such as the *Boston Globe*, *Chicago Tribune*, *Los Angeles Times*, *New York Times*, *San Francisco Chronicle*, *USA Today*, *Washington Post* and *Wall Street Journal*. More, the 2011 International CES was covered in at least one newspaper and one network television station in all of the top 25 United States markets.

Cable and broadcast television carried extensive live and taped coverage of the show nationwide including the top networks ABC, CBS, CNN, CNBC, FOX and NBC Universal. In addition to coverage on all major network shows such as ABC's *Good Morning America*, CBS' *Evening News* and NBC's *The Today Show*, the 2011 International CES also could be seen on BBC TV, the Canadian Broadcast Network and the NHK Japan Broadcasting Corp.

Consumers around the world were able to read and see the media highlights of the 2011 International CES. Given the significant influence and scope of our media attendees, there is no better way to promote your company and its products to the world than the International CES.

INDUSTRY GROWTH 365 DAYS A YEAR

The International CES is owned and produced by the Consumer Electronics Association (CEA)®. With more than four decades of history, the International CES reaches across markets, spans the globe and helps thousands of consumer electronics businesses grow and thrive each year.

CEA represents more than 2,000 corporate members involved in the design, development, manufacturing, distribution and integration of audio, video, mobile electronics, wireless and landline communications, information technology, home networking, multimedia and accessory products, as well as related services that are sold through consumer channels.

By reinvesting all proceeds from the International CES into industry services, including technical training and education, industry promotion, engineering standards development, market research and legislative advocacy, CEA contributes to the growth and excitement of the consumer technology industry.

CEA's membership includes manufacturers, retailers, installers, content distributors and representatives of the entire consumer electronics industry value chain. Members enjoy free access to an extensive body of industry research, representation on Capitol Hill, networking and mentoring opportunities, training and certification programs, free educational programming and more.

Visit CE.org to learn more about CEA programs and initiatives.
