Hotel Reservations Online

Making hotel accommodations for your staff is among the first things to check off your to-do list as you prepare for CES. The earlier you make reservations, the better chance you have at getting the hotel, the rooms and the rates you want.

Save Time!
Make your room reservations
over the internet.

To make this process even easier, CES' hotel program offers attendees and exhibitors more flexibility and better access to participating hotels and helps you book individual reservations or room blocks for groups of 10 or more.

Individual Hotel Room Reservations

If you wish to book individual reservations—nine rooms or less—visit www.CESweb.org/hotel. We will link you directly to participating hotel websites, allowing you to book rooms and receive real-time hotel confirmation numbers.

Group Room Block Reservations

Use the new online request form located at www.CESweb.org/hotel to reserve 10 rooms or more at any of the hotels listed below. Each hotel will respond to you within three business days regarding rates and availability and will provide you with a confirmation deadline so you know exactly when you must confirm these rooms directly with them. You may submit as many requests as you'd like and are under no obligation to commit to the rooms.
