Location

Las Vegas, Nevada, USA

- **CES Tech East** [Includes the Las Vegas Convention and World Trade Center (LVCC), Westgate Las Vegas (Westgate) and Renaissance Las Vegas (Renaissance)]
 - Tech East is home to innovations in audio, automotive electronics, gaming, video, wireless devices, wireless services, digital imaging/photography, all things “i” and more. Tech East will also feature international exhibitors.
- **CES Tech West** [Includes Sands Expo/The Venetian (Sands/Venetian), The Palazzo, Wynn Las Vegas and Encore at Wynn (Wynn/Encore)]
 - Tech West will feature the innovative power behind the industry’s emerging technology, including revolutions in fitness and health, the Internet of Things, sensors and other high-growth technologies changing the way we live, work and play. Tech West is also home to the startup community.
- **CES Tech South** [Includes ARIA, Cosmopolitan and Vdara]
 - New for 2016, CES introduces its newest official show location, Tech South. This new location will host a variety of C Space activities, including conference sessions, networking events, exhibits and meeting rooms.

Reach

CES is the world’s gathering place for all who thrive on the business of consumer technologies. Every major technology company on the planet participates in CES by exhibiting, speaking, sponsoring, attending or holding co-located events and business meetings.

Exhibitor Profile

From tech powerhouses to innovative startups, companies with the innovation of the future are at CES. Exhibitors launch and feature products from all facets of tech, from automotive and wireless to up-and-coming categories like 3D printing, drones and sensor technology. Manufacturers, developers and suppliers value CES as a place to showcase new products and create strong business relationships with new and existing industries.

Attendee Profile

CES draws the global technology industry from 150 countries including Fortune 500 executives, manufacturers, retailers, corporate buyers, content producers, entertainment executives, venture capitalists, engineers, government officials, installers, advertising and marketing executives, financial analysts and the media from every corner of the globe.
