

TOKYO GAME SHOW 2025

「AI Technology Pavilion」

AI technology is permeating all areas of industry, and various technologies and solutions that utilize AI are also emerging in the gaming field. At TOKYO GAME SHOW 2025, an AI Technology Pavilion will be set up within the Business Solutions Corner, which is for exhibiting BtoB solutions for the gaming industry. Products with even higher entertainment value are also appearing, with AI technology being introduced into games. For “TOKYO GAME SHOW 2025” physical exhibition (Makuhari Messe), we have prepared regular booths that can be used for 2 Business Days during the exhibition period, as well as turnkey booths that can be used for 2 days on Business Days only. We also have online-only exhibition options available. TGS provides the most suitable area for introducing your company's AI solutions.

■ Exhibit Categories :

AI development tools/middleware, AI platforms, AI technology vendors, AI content generation tools, character AI solution, navigation AI, meta AI, debugging AI, AI-PC, other AI technology solutions, etc.
