CES Exhibitor Manual

Electrical, Internet and Telecommunications Overview: LVCC and Hilton

Electrical service and labor, telephone and Internet/network service may be ordered using the forms located in this section. Cable service is also available at the LVCC and a form is located in this section. Antenna requests should be directed to Renee Sherrier with TSE at (702) 515-5710 or via e-mail at rsherrier@ges.com.

Electrical Service Information: LVCC and Hilton

Trade Show Electric (TSE) is the exclusive provider of electrical service in the LVCC and Las Vegas Hilton. Questions regarding power, labor or equipment orders can be directed to TSE via e-mail at tse@ts-electric.com or call (702) 515-5955.

General overhead hall lighting is provided to exhibitors without charge. Where electrical services for special lighting, outlets, spotlights and the operation of exhibitor's products are required, please complete the electrical order forms included in this section. Forms should be completed and returned as soon as possible. If 24-hour electrical service is required in your booth be sure to order such service. **A discount applies to advance orders.** See individual order forms for prices. December 11, 2006 is the deadline for ordering electrical services and labor at the LVCC and Hilton.

- Meeting Room Exhibitors: Existing electrical service is limited to installed outlets in each room. To utilize these outlets, exhibitors should order service and labor from TSE.

CES Exhibitor Manual

LVCC Electrical Two-Tier Pricing Structure

TSE will once again offer LVCC exhibitors a two-tier pricing structure developed to improve electrical installation. Incentive and Composite Rates are noted below, along with an explanation of how this structure is designed to improve efficiency and save you money.

LVCC: Electrical Labor Rates

LVCC Incentive Rate December 28-30, 2006 and January 2-3, 2007 Reminder: December 31-January 1 are dark days!	Straight Time: \$74.16 per hour 8 a.m. – 5 p.m. on weekdays	Overtime: \$147.29 per hour on weekdays before 8 a.m. and after 5 p.m., all hours Saturday, Sunday, and holidays	This rate allows LVCC exhibitors to do more advance work in an effort to alleviate the crunch on the weekend before CES
LVCC Composite Rate January 4-8, 2007	Straight Time: \$96.82 per hour 7 a.m. – 6 p.m. on weekdays	Overtime: \$152.44 per hour on weekdays before 7 a.m. and after 6 p.m., all hours Saturday, January 6 and Sunday, January 7	This rate offers a longer 11-hour window of work time. Allows GES to guarantee multiple start times before 8 a.m.

Las Vegas Hilton: Electrical Labor Rates

Las Vegas Hilton Standard Rates January 2-7, 2007	Straight Time: \$83.42 per hour 8 a.m. – 5 p.m. on weekdays	Over Time: \$158.06 per hour on weekdays before 8 a.m. and after 5 p.m., all hours Saturday, Sunday and holidays
---	--	---

- **Booths 399 square feet and less:** A maximum of **two (2) hours** of complimentary electrical labor will be provided to booths 399 square feet and less. Exhibitors must complete and submit the TSE electrical service and electrical labor order forms by the advance deadline to receive this service. Electrical service and electrical labor forms not completed and received in advance will not receive complimentary service. In addition to the electrical service and electrical labor order forms, a complete order must include a booth layout for electrical service and form of payment.
- **Island Exhibitors:** Island booths 400 square feet and larger will continue to receive one hour of complimentary labor to hang exhibitor signs from the ceiling. GES will coordinate the installation of all hanging signs.

CES Exhibitor Manual

Sure Price Electrical Option: LVCC and Hilton Exhibitors

TSE is pleased to offer LVCC and Hilton exhibitors the option of ordering "Sure Price" electrical billing. If you choose, TSE will furnish you with a guaranteed Sure Price for the complete installation of your electrical services. By agreeing to the determined amount, it will become a binding agreement and that amount will be your total electrical bill.

Adequate task descriptions, a complete list of all equipment to be installed, labor orders and sufficiently detailed drawings must be provided to TSE by the advance order deadline of November 13, 2006. See the "Sure Price" Electrical Billing Request form located in this section of the manual for more details.

Lights-Out Policy: LVCC and Hilton Exhibitors

LVCC or Hilton exhibitors interested in having facility lights turned off over your booth should refer to the Lights Out Request for located in this section of the manual.

All lights out requests are handled by TSE, but are contingent on approval from on-site CES Floor Managers to ensure lighting adjustments will not adversely affect neighboring exhibits.

LVCC Telephone, Internet / Network Service

Smart City is the exclusive provider of telephone, Internet and wireless services in the LVCC. Please use the order forms in the back of this section or contact Smart City's National Customer Service team at (888) 446-6911. If you would like to speak to a member of Smart City's on-site team, call our CES Hotline at (702) 943-6CES or e-mail servicedesk@smartcity.com.

New this year! The cost for Shared Ethernet service has been lowered from \$1,295 to \$1,195! And the cost for Daily Wireless Access has been lowered from \$24.95 to \$12.95!

On Line Ordering Available!

For optimum convenience please take advantage of our online ordering system. It's fast and it's easy! Go to www.smartcity.com and choose Networks. The on-line ordering system will walk you through FIVE easy steps and your order will be complete. Your information will be stored so that you will be able to view your past orders when you order in the future. Once a Customer Service and Sales Representative has reviewed your order you will be sent a letter of confirmation.

To receive our discounted incentive rates please send in your complete order by December 5, 2006. Orders that are not inclusive of payment and floor plans by this date are considered late and will incur late charges. **Services ordered after December 26 will incur late and expedite fees and cannot be guaranteed by the opening of the show.**

CES Exhibitor Manual

If you have ordered any telephone instrument(s) these items may be picked up at the Smart City service desk in the Exhibitor Service Center in your exhibit hall. If you would like to use your own instrument in order to reduce costs, note this on your telephone service order form by ordering the line item 1a on the telephone services order form. For those who order a standard telephone line with an instrument the instrument is yours to keep. This applies to single-phone lines only, not multi-line orders. Multi-line phones are to be returned to the nearest Smart City service desk at the close of the show. Our main service desk is located in the lobby across from Central 3 hall.

Telephone and Internet service will be disconnected at the close of the show on Thursday, January 11 unless you notify Smart City otherwise.

**Exhibitors are prohibited from personally distributing
hard wire Internet or phone service to other exhibiting companies/booths.
The work must be done by Smart City.**

Routing devices are not allowed on our Shared Services, the use of routers can be very detrimental to performance when used on our network. Smart City reserves the right to disconnect service in any booth when devices attached to the Smart City provided connection (routers of any kind and access points) could possibly be disruptive. Smart City can usually allow most routing devices (programmed and functioning properly) on our customized dedicated networks.

For more information please call (888) 446-6911 or contact our on-site team at (702) 943-6CES. You may also e-mail us at servicedesk@smartcity.com.

Wireless Access Points at the LVCC

Smart City has installed a new air-magnet system to help manage the wireless network in the convention center. This air-magnet system will provide numerous reports that inform Smart City how the wireless network is running. It will also indicate when someone brings in their own access point (AP) and a general idea of where it is located inside the exhibit hall. To circumvent disruption, this air-magnet system provides the ability to turn off these APs remotely, known as "blocking."

If your booth requires the use of a wireless router or access point in the convention center, it is imperative that you notify Smart City at least three weeks in advance of the show. This will help to achieve optimum performance and avoid blocking of your access point(s). Contact Smart City at (888) 446-6911 or the on-site team (702) 943-6CES you may also e-mail scruz@smartcity.com. Note: This block will only affect access points, not other products that use the 2.4 frequency.

CES Exhibitor Manual

Webcasting Available at the LVCC

CES has partnered with iStream Planet to provide webcasting and videoconferencing services to LVCC exhibitors. Webcasting enables exhibitors to conduct live and on-demand broadcasts from the show floor on their website to thousands of online participants. Product demonstrations, sales presentations, a new product roll out, live coverage from the booth, or media and analyst briefings are type of events commonly webcasted.

Key Benefits include:

- Deliver sales, marketing and business-critical information quickly to any target audience directly to their computers around the world
- Live and on-demand access to mission-critical information that disregards time zones and distance barriers
- Cost effective way to reach to all stakeholders

All webcasting packages include:

- On-site encoding in Windows Media for up to eight (8) hours in a single day
- Private network Internet service for content acquisition
- Live webcast, seven days archive and on-demand webcast and assistance with webcast links integration.

An order form for these services is included in this section for your use. For more information please contact iStream Planet at (702) 943-6750, email sales@istreamplanet.com or visit their website at www.istreamplanet.com/ces.

Las Vegas Hilton Exhibitors

Priority Networks is the exclusive provider of telephone, Internet and data network service in the Las Vegas Hilton. Questions regarding services or orders can be directed to Priority Networks at (800) 214-7780 phone or via e-mail at CSR@prioritynetworks.net. Orders received before December 22 are eligible for advanced pricing, a savings of 15 percent. Orders received within 15 days will be charged the standard rate.

Electrical Rental Information

Page 1 of 3

2007 International CES — PLEASE CHECK BOOTH LOCATION

January 8-11, 2007

 Las Vegas Convention Center Las Vegas Hilton

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

Step-by-Step Guidelines to Completing Your Electrical Order Forms

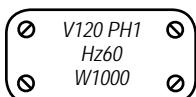

TSE has been appointed exclusivity rights to provide electrical, stagehand, and plumbing services. This is a step-by-step guide to completing your Electrical Order Forms.

STEP 1

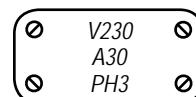

Total the single phase or three phase power requirements of all nameplates on your equipment. Complete form E-2, Electrical Rental Order Form,

How much power do I need?

Calculate your lighting needs by adding wattage in each location. For other equipment, read the ratings from the metal plates attached to each unit.

120 Volt Single Phase
60 Cycle
1000 Watts

230 volts
30 Amps
3 Phase

STEP 2

If you require any under carpet distribution, machinery hooked up, or the combination of all outlets and booth power is greater than 20 amperes and/or with a voltage greater than 150 volts then you will require electrical labor and we require a copy of the floor plan of your booth.

STEP 3

To receive the advance rate, the booth layout form (H3) or a scaled plan for electrical distribution must be attached to this form or e-mailed to tse@ts-electric.com on or before December 11, 2006. PDF, CAD, or JPG files are preferred. Complete form E-3, Electrical Labor Order Form.

Remember these important facts when ordering labor:*

1. Exhibitors can take advantage of two labor rates at the Las Vegas Convention Center:
Incentive Labor Rate: This rate allows LVCC Exhibitors to do more advance work in an effort to alleviate the crunch on the weekend before CES.
Composite Labor Rate: This rate offers a longer 11-hour window of work time and allows GES to guarantee multiple start times before 8:00 am.
2. Labor is only guaranteed at 8:00a.m. Guaranteed start times for January 4-8, 2007 will vary.
3. There is a minimum of 1 hour in, $\frac{1}{2}$ hour out for all labor ordered.
4. Monday through Friday 8:00 a.m. to 5:00 p.m. is straight time. Holidays and weekends are billed at overtime rates.
5. **Labor dismantle is charged at 50% of total labor in. Overtime rates may apply.**
6. **A supervision surcharge of 30% will be added to labor performed when exhibitor or exhibitor's representatives are not present.**
7. **Labor ordered at show site will be surcharged at 30%.**

(For more details regarding TSE jurisdictions, see mid-section of Electrical Regulations and General Information Form)

STEP 4

If you require a forklift, fork and basket, condor and/or a scissor lift, complete form E-6.

STEP 5

If you require Stagehand Services, complete form E-7.

*Stagehand jurisdictions can be found on the bottom of form E-7.

STEP 6

If you require Plumbing Services, complete form K-1.

STEP 7

If you require any Water Filling and Draining Services, complete form K-1.

Electrical Rental Information

Page 2 of 3

2007 International CES — PLEASE CHECK BOOTH LOCATION

January 8-11, 2007

Las Vegas Convention Center Las Vegas Hilton

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

ELECTRICAL CODE AND SAFETY GUIDELINES

Electrical requirements for an exhibit at all convention facilities are for the safety of all exhibitors and are based on national electrical codes and local ordinances.

Too frequently, fires have been traceable to faulty wiring, sometimes because of carelessness and sometimes because of lack of understanding of the risks involved.

In the interest of public safety, exhibits at all convention facilities may be inspected to determine if any violations exist. If they are found, qualified electricians are available to correct the problems. This work will be performed on a time and materials basis. If the exhibitor does not wish to have the fault corrected, electrical service to the offending booth will not be connected.

If an exhibitor is not informed or does not understand basic safety standards for electrical wiring, an electrician should be consulted before shipment is made to convention facilities.

Serious risks are involved which can be eliminated by understanding basic requirements of safe wiring inside your booth. For the safety of you and the public, remember these points:

- All wiring must have a 3-wire grounded cord with a minimum of #14 gauge.
- Spot or flood lighting is a hazard when lamps are too close to fabrics or other material which can be affected by heat.
- The use of clip-on sign sockets, romex, or lamp cord wire in displays, or the use of 2-wire clamp on fixtures, is prohibited by order of fire prevention bureaus at trade shows and conventions.
- Cube taps and cobra heads are prohibited in Las Vegas
- Zip cords or two-wire cords are ungrounded and could result in safety hazards. Their use is forbidden in all convention facilities.
- It is your responsibility to refer to your specific facilities rules and regulations.

Please leave all 2-wire cords at home!

USE TIMESAVING WIRING METHODS AND A DISTRIBUTION SYSTEM

Whenever possible, in conformance with the electrical code, use multiconductor interconnecting cables with approved quick-connect plugs or fittings. Here is a list of the plugs that match our equipment receptacles:

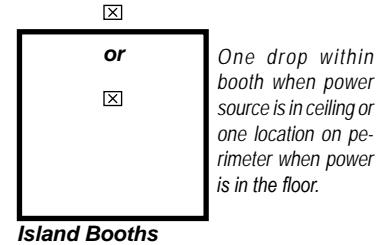

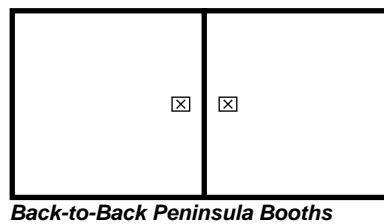

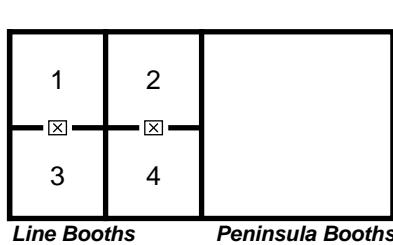

- 15 amp 120 volt: Standard U-ground cord cap
- 20 amp 208 volt 1Ø or 3Ø: Daniel Woodhead 26T10 or Hubbell 3521
- 60 amp 208 volt 1Ø or 3Ø: Daniel Woodhead Trade Show Plug Y560P
- 100 amp 208 volt 1Ø or 3Ø: Litton Veam Trade Show Plug C1R01GRH

Exhibitors who require many standard outlets may wish to incorporate a power distribution system into their booth. Please contact our staff if you need more information at (866) 814-1705.

COMMONLY ASKED QUESTIONS

Where will my outlet be located?

There are four different types of trade show booths: Line Booths, Peninsula Booths, Back-to-Back Peninsula Booths, and Island Booths. Each type of booth has its own standard method of installation. In the following diagrams, the symbol represents the approximate location of power outlets:

Line Booths, Peninsula Booths, or Back-to-Back Peninsula Booths: Your pre-ordered electrical outlet will be installed at the rear of your booth, at the drape line.

Island Booths: You need to designate one location for each outlet you order. Multiple outlet locations will be charged on a labor and material basis. For facilities with power originating in the floor, your electrical outlet will be placed at one location at our discretion. All other distribution will be done on a time and materials basis. If you fail to provide us with a floorplan, we will bring your power to one location at our discretion.

Electricity will be turned on thirty minutes prior to show open and will be turned off within thirty minutes after show close.

AUTHORIZED NAME - PLEASE PRINT	DATE
--------------------------------	------

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

PLEASE READ CAREFULLY

¹On stanchion, in-line booths only.

²May require labor and/or lift at additional charge not available at some locations.

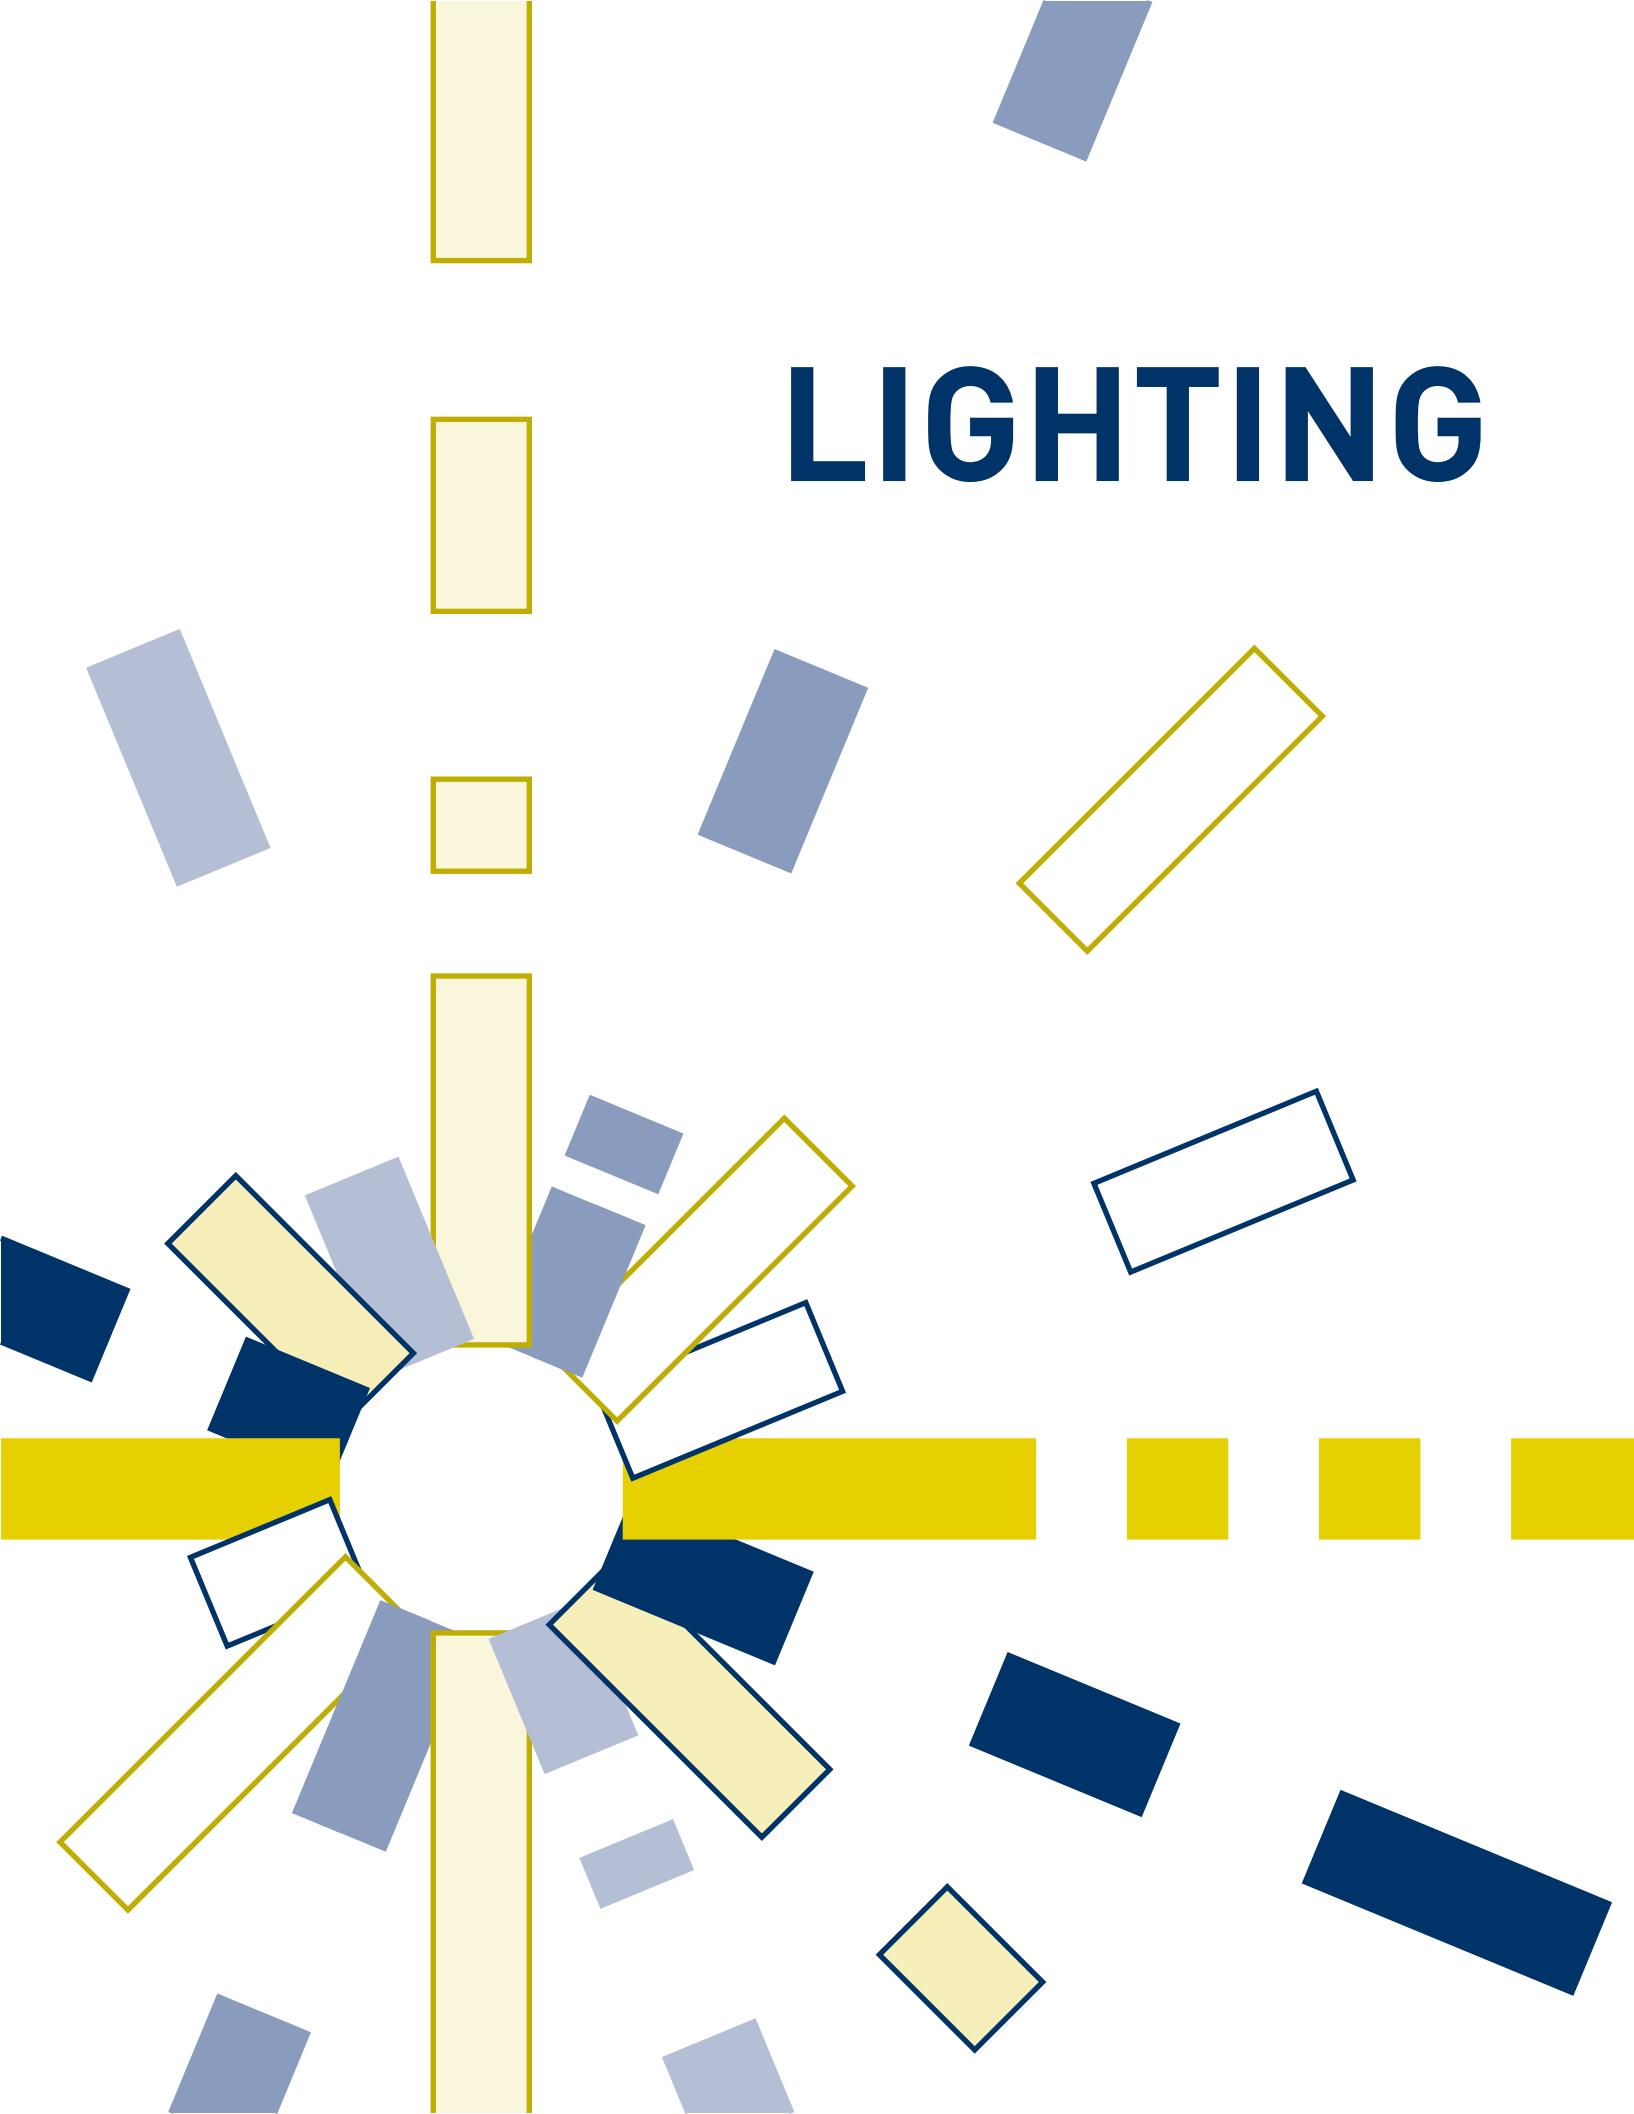

- Any additional power drops or locations are chargeable on a time and material basis. Distribution and connection of outlets are chargeable on a time and material basis.
- The combination of all outlets and booth power greater than 20 amps and/or with a voltage greater than 150 volts will require electrical labor. Labor is required to inspect equipment pre-wired to plug into our system. Exhibitors are not permitted to use power unless ordered. Exhibitors found using outlets without an order will be subject to the regular rate for outlets used. No credits will be issued on unused outlets or lights installed as ordered.

ELECTRICAL LABOR (See Electrical Labor Order Form) — Labor rates are subject to labor contract effective at time of show. Labor before 8:00 a.m. and after 5:00 p.m. and Saturdays, Sundays, and holidays will be at the Overtime Rate. A 30% supervision fee will be charged for all electrical labor when exhibitor or exhibitor's supervisor is not present. Starting time can only be guaranteed when labor is requested for the start of the working day at 8 a.m. The minimum charge for labor and equipment is one (1) hour per worker and equipment. All equipment and labor is charged in one (1) hour increments per worker and equipment. Time will commence per exhibitor's request. Failure to start labor at requested time will result in a one hour charge per electrician requested, unless 24-hour advance notice is provided in writing.

All booths requiring labor must send a booth floor plan to: tse@ts-electric.com. PDF, JPG and CAD files preferred. They can also be faxed to (702) 515-5739. Please write your booth number and show name on the fax. To receive the advance rate, the booth layout form (H-3) or a scaled plan for electrical distribution must be attached to this form or emailed to: tse@ts-electric.com

The first ninety feet of cabling to deliver power to your booth is free. If additional cabling is necessary, to power your booth, it will be charged at a time, material and motorized equipment basis.

LIGHTING

Custom turnkey LIGHTING PACKAGES

Trade Show RiggingSM and Trade Show Electrical[®] have combined forces to provide you with the latest GES[®] turnkey offering, GES Lighting.

In today's market, the competition is fierce. To stand out on the tradeshow floor you need to maximize your visibility. A great way to do this is by creating mood and movement in your booth through lighting.

GES offers you, the exhibitor, the ability to call one number, pay one all-inclusive price, and get a custom lighting package that includes:

Rigging

GES provides a large inventory of all the necessary rigging equipment including truss, hoists, power distribution and control.

Project Management

Project Management, Engineering, and Tech Support: GES will get all the equipment to show-site, calculate and arrange for proper power, calculate the weight distribution to the ceiling, and fly your lighting rig above the exhibit space. GES will even provide ground support systems when the convention center has no ceiling attachment locations.

Rental

Our extensive rental inventory includes conventional, as well as intelligent lighting with control and dimming capabilities. We also offer either state-of-the-art static or climbing lighting systems.

It's simple, just call GES National ServicenterSM or fill out the form indicating your interest in GES and we will show you how easy it can be for your product or exhibit to light up.

BOOTH #/MTG. ROOM #

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

PRICE LIST

ITEM #	DESCRIPTION	DISCOUNT PRICE	REGULAR PRICE
CHAIN HOISTS			
4400	½-Ton Hoist, 1,000 lbs. maximum	\$ 391.00	
4401	1-Ton Hoist, 2,000 lbs. maximum Motor Outlet, One per Hoist required	\$ 391.00 \$ 82.00	
ALUMINUM TRUSS			
4402	Box Truss per foot 3, 5, 8 or 10 feet	\$ 14.05	
4403	Corner Block, 2-, 3-, 4- or 6-way	\$ 78.80	

Sign and/or truss points exceeding 200 lbs. will require a hoist.

Order your chain hoists and truss through GES Exposition Services and save transportation and freight charges as well as costly downtime. Hoists include: temporary electrical power, transportation charges, and drayage fees.

TSE is responsible for assembling and hanging all truss. However, your Company may have a representative available at the time of installation. If no one is present at the pre-arranged time, TSE will install your truss on your behalf with TSE supervision. TSE will operate all lifts.

Cancellation Policy: Due to material and labor costs, orders cancelled before move-in begins will be charged 50% of original price. Similarly, orders cancelled after move-in will be charged 100%.

PLEASE INDICATE CHOICE

► **Truss Size**

12" Box 20½" Box

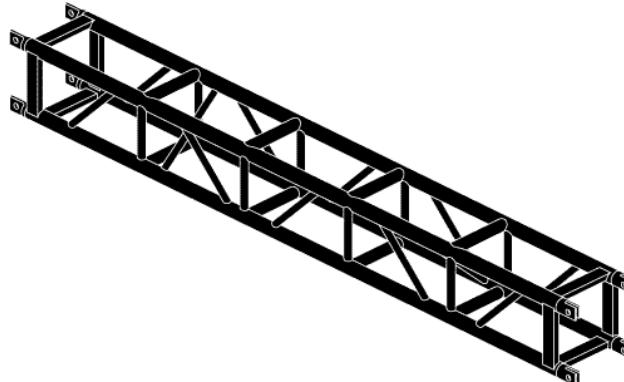

► **Truss Color**

Black Silver

TSE needs an engineered drawing of all truss and lighting two weeks prior to show. Failure to provide an engineered drawing with pick points and weights may delay your move-in date and increase exhibitor cost.

Las Vegas Convention Center ONLY

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

1. Trade Show Electrical is not responsible for voltage fluctuation or power failure due to temporary conditions. For your protection you should install a surge protector on any sensitive electronic equipment. All electrical installations and connections to all electrical service should be made by a Trade Show Electrical electrician. Trade Show Electrical will not be responsible for any damage or loss of equipment, component, computer hardware or software and/or any damage or injury to any person caused by the installation, connection or plugging into any electrical outlet by persons other than a Trade Show Electrical electrician. TSE is not responsible for exhibitor supplied distribution equipment and materials.
2. Electricity will be turned on within 30 minutes of show opening and turned off 30 minutes after show closing.
3. 24-hour service to any outlet will be double the listed price.
4. Dedicated power is double the listed price, and can only be guaranteed before show opening with advance arrangements for date needed.
5. All electrical outlets will be installed on the floor at the draped backwall of in-line booths and peninsula spaces. Exhibitors with hardwall displays must arrange for power to be dropped inside the booth if necessary; this will be done on a time and material basis. Overhead power to island booths will be dropped to one main location per the exhibitor's floor plan. If no plan is provided, the connection(s) to equipment is chargeable on a time and material basis. For further information, please refer to the Exhibitor Electrical Information insert.
6. Local ordinances prohibit more than 2000 watts per lighting circuit and only one connection for power and motor outlets.
7. All wiring, motors, electrical installations, etc. must be approved. To prevent overloading of circuits, exhibitors cannot add wattage except as ordered.
8. All electrical permits required by the Local Building and Safety Code will be obtained by the electrical contractor.
9. All flood light, column and wall outlets are not a part of booth space. A separate outlet must be ordered at regular price for each piece of equipment to be connected.
10. Special hanging, hookups, repairs or installation of electrical will be done on a time and material basis.
11. Installation is subject to Local Union Contract and jurisdiction.
12. All equipment should be properly tagged and wired with full information as to current, voltage, phase, cycle, horsepower, etc. and 'Ready For Connection.'
13. All outlets over 20 amps and with a voltage of over 150 volts require electrical labor. This includes a 1-hour minimum to inspect exhibits that are pre-wired to plug into our system.
14. Any labor rates indicated on forms are based upon the current IBEW union contract at time of printing forms. These rates are subject to change without notice based on prevailing union contract at time of show.

ELECTRICAL CONTRACTOR'S RESPONSIBILITIES

As the Official Electrical Contractor, we will be responsible for:

- All under-carpet distribution of electrical/communication wiring (coaxial cable, fiber optics, telephone, etc.)
- All facility overhead distribution of electrical wiring, including coaxial cable, fiber optics and the distribution of same from product to booth and from booth to booth.
- All motor and equipment hook-ups requiring hard wire connections.
- Installation and/or repair of electrical fixtures, track lights, arm lights and/or low voltage.
- Installation of electrical motors to be energized and electrical apparatus.

The above items require electrical labor, which may be ordered in the Electrical Labor section on the next page.

ELECTRICAL CODE

Electrical Services for Exhibits at Convention Facilities

Electrical requirements for an exhibit at all convention facilities are for the safety of all exhibitors and are based on national Electrical Codes and local ordinances. Too frequently, fires have been traceable to faulty wiring, sometimes because of carelessness and sometimes because of lack of understanding of the risks involved.

In the interest of public safety, exhibits in the convention facilities may be inspected to determine if any violations exist. If they are found, qualified electricians are available to correct the problems. This work will be performed on a time and material basis. If the exhibitor does not wish to have the fault corrected, electrical services to the offending booth will not be connected.

If an exhibitor is not informed or does not understand basic safety standards for electrical wiring, an electrician should be consulted before shipment is made to the convention facilities.

Serious risks are involved which can be eliminated by understanding basic requirements of safe wiring inside your booth. For the safety of you and the public, remember these points:

- All wiring must have a 3-wire grounded cord with a minimum of #14 gauge.
- Spot or flood lighting is a hazard when lamps are too close to fabrics or other material which can be affected by heat.
- The use of clip-on sign sockets, romex or lamp cord wire in displays, or the use of 2-wire clamp on fixtures, is prohibited by order of fire prevention bureaus at trade shows and conventions.
- Zip cords or two-wire cords are ungrounded and could result in safety hazards. Their use is forbidden in all convention facilities.

Please leave all 2-wire cords at home!

DEADLINE DATE:
December 11, 2006

COMPANY NAME	EMAIL ADDRESS	BOOTH #/MTG. ROOM #
--------------	---------------	---------------------

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

PLEASE COMPLETE THIS FORM FOR ALL ELECTRICAL LABOR NEEDED.**TO DETERMINE IF YOU NEED ELECTRICAL LABOR, PLEASE READ THIS FORM CAREFULLY.**

- All under-carpet distribution of electrical wiring. All facility overhead distribution of electrical wiring, including coaxial cable, fiber optics, twisted pair, etc., and the distribution of same from product to booth and from booth to booth. All motor and equipment hook-ups requiring hard wiring connections. Installation and/or repair of electrical fixtures. Installation of electrical motors and electrical apparatus to be energized.
- All outlets over 20 amps and/or with a voltage over 150 volts will require electrical labor. Labor is required to inspect equipment pre-wired to plug into our system. Exhibitors are not permitted to use power unless ordered. Exhibitors found using outlets without an order will be subject to the regular rate for outlets used.

IMPORTANT INFORMATION & RATES **FLOOR WORK - UNDER CARPET DISTRIBUTION - TSE SUPERVISED (OK TO PROCEED)**

TSE will supervise labor to: (If this option is left unmarked and a floorplan has been submitted, TSE will proceed with the floor work.)
 • Distribute power under carpet (**Requires floor layout form H-3**).
A 30% surcharge will be added to the labor rates below for this professional supervision.

 FLOOR WORK - UNDER CARPET DISTRIBUTION - EXHIBITOR SUPERVISED (DO NOT PROCEED)

Exhibitor will supervise.
 • *Indicate workers needed for installation.*

TYPE	DATE(S)	SCHEDULE START	END	# OF HOURS	QUANTITY		RATE	TOTAL
					ELECTRICIANS	FORKLIFT/AERIAL LIFT		
FLOOR WORK		AM / PM	AM / PM				/HR	

Starting time can be guaranteed only when labor is requested 24 hours in advance for the start of the working day at 8:00 AM. All exhibit labor for 8:00 AM starting times will be dispatched to booth space. For all other starting times, check in at the labor desk one-half (1/2) hour before time requested. Labor cancelled without a 24 hour notice shall be charged a one (1) hour cancellation fee per worker. If exhibitor fails to use the workers at the time confirmed, a one (1) hour "No-Show" charge per worker will apply.

The minimum charge for labor is one (1) hour per worker. Labor thereafter is charged in half (1/2) hour increments. **Labor dismantle is charged at 50% of labor installation charges, overtime rates may apply.**

All booths requiring labor must send a booth floor plan to tse@ts-electric.com. PDF, JPG and CAD files are preferred. They can also be faxed to (702) 515-5739. Please write your booth number and show name on the fax. To receive the advance rate, the booth layout form (H-3) or a scaled plan for electrical distribution must be attached to this form or emailed to: tse@ts-electric.com

GRATUITIES IN ANY FORM, INCLUDING CASH, GIFTS, OR LABOR HOURS FOR WORK NOT ACTUALLY PERFORMED ARE PROHIBITED BY GES. All rates are subject to change if necessitated by increased labor and material costs.

ELECTRICAL LABOR RATES AS FOLLOWS:

Incentive rate: This rate allows LVCC Exhibitors to do more advance work in an effort to alleviate the crunch on the weekend before CES.
Labor rates for Thursday, December 28, 2006 - Saturday, December 30, 2006 and Tuesday, January 2, 2007 - Wednesday, January 3, 2007 will be billed at the following rates:

Monday through Friday 8:00 AM to 5:00 PM — \$74.16/hour; All other times, Saturday, Sunday, Holidays — \$147.29/hour

PLEASE NOTE: The Exhibit Hall will be dark on Sunday, December 31, 2006 and Monday, January 1, 2007. No Exhibitor activity allowed.

Composite rate: This rate offers a longer 11-hour window of work time and allows GES to guarantee multiple start times before 8:00 am.

Labor rates for Thursday, January 4, 2007 - Monday, January 8, 2007 will be billed at the following rates:

7:00 AM to 6:00 PM — \$96.82/hour; All other times, Saturday, Sunday, Holidays — \$152.44/hour; Guaranteed start times for January 4-8, 2007 will vary.

Aerial lift needs: Please see Hanging Sign form H-1 and H-2

A 30% surcharge will be added to the above labor rates for labor ordered at showsite.

PLEASE SPECIFY, AS REQUIRED, IN "TYPE" COLUMN BELOW:

FW - Floor Work (under carpet distribution) / BW - Booth Work (installation and dismantling)

Please estimate the number of workers and hours per worker needed for installation and dismantling below.

Invoice will be calculated according to actual hours worked. Floor work and booth work should be scheduled in the space provided.

January 8-11, 2007

 Las Vegas Convention Center Las Vegas Hilton**"SURE PRICE" ORDERING****DEADLINE DATE:****November 13, 2006**

Trade Show Electrical is pleased to offer 2007 International CES Exhibitors at the Las Vegas Convention Center and Las Vegas Hilton the option of ordering "SURE PRICE" electrical billing.

If you choose, Trade Show Electrical will furnish you with a guaranteed SURE PRICE for the complete installation of your electrical services. By agreeing to the determined amount, it will become a binding agreement and that amount will be your total electrical bill. **Adequate task descriptions, a complete list of all equipment to be installed, labor orders and sufficiently detailed drawings must be provided to TSE by the advance order deadline date of November 13, 2006.** Please allow sufficient time for TSE to confirm and clarify all information that is received. This process generally requires very detailed requirements of what services you will need and several exchanges of information to take place.

ANY CHANGES OR ADDITIONS REQUESTED AFTER THIS AGREEMENT HAS BEEN MADE WILL BE BILLED AT THE PUBLISHED RATES CONTAINED IN YOUR EXHIBITOR MANUAL. NO EXCEPTIONS.

Please answer the following questions:

1. Are you using an EAC (Exhibitor Appointed Contractor) to set-up your booth? Yes No
If yes, company name: _____
Contact name: _____ Phone #: _____ Fax #: _____
2. Has this booth been set-up for an exhibit before? Yes No
3. Do you plan to work straight time or overtime during the installation of the booth? ST OT
4. Will you need any electricians for standby during the run of the Show? Yes No
5. Will you require the use of an aerial platform for installation other than what is required for us to install overhead services? Yes No
If yes, please specify: _____
6. Will you require any 24-hour power during move-in or the Show? Yes No
7. Do you have any specific requirements we need to be aware of that may affect your "Sure Price" Electrical Billing? Yes No
If yes, explain: _____

Please fill in the information below based on your installation schedule for each day. If you require electricians for show day stand-by, please be sure to include that as a task. Dismantle schedules are not necessary unless you have specific requirements. Any applicable overtime rates will be reflected in the pricing:

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

TSE requires payment in full at the time services are ordered. Further, TSE requires that you provide a credit card authorization with your initial order. For your convenience, we will use this authorization to charge your account for services, which may include labor, not covered by your initial payment.

You may arrange for a third party to handle your display and be billed for services. TSE will agree to this arrangement if the third party has a satisfactory payment record with us. **Both Firms** must complete this form, including **Third Party Credit Card Charge Authorization below**. If no third party is being used, only the "Exhibiting Firm" credit card charge authorization is required. Return form by the deadline date.

It is understood and agreed that the exhibiting firm is ultimately responsible for payment of charges. If your named third party does not pay the invoice before the last day of the show, charges will revert to you, the exhibiting firm. All invoices are due and payable upon receipt.

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

Lights Out Request

(LAS VEGAS CONVENTION CENTER & LAS VEGAS HILTON EXHIBITORS ONLY)

- If your booth space is at the **Sands Expo or The Venetian**, please refer to the Sands Expo and Convention Center "Lights Out Request Form" located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.
- Exhibitors at the **Las Vegas Convention Center or Las Vegas Hilton** requiring "Lights Out" must request this service through TSE.
- The Las Vegas Convention Center lighting system is set up in light banks, whereby, individual lights can not be turned off without turning off all the lights in the bank. It may be possible to unscrew or cover an individual light if it is easily accessible after booth set-up.
- If this form is returned to GES by December 11, 2006, a GES/TSE representative will contact you on-site by January 6, 2007 to finalize your "Lights Out" request. It will be determined at that time how many lights need to be turned off and what the estimated charge for this service will be. Payment for all associated charges will be due at the time of service. The minimum charge for this service is \$52.55 per light. Additional costs may be incurred depending on accessibility, labor and equipment required. Orders for "Lights Out" service may be placed on-site, but GES can not guarantee the completion of orders placed after January 6, 2007.
- All lights out orders are contingent on final approval by CES Show Management as they may affect neighboring exhibits. Questions about this service prior to CES can be directed to Diana Cobb with TSE at (702) 515-5955 or tse@ts-electric.com.

--------------	---------------	---------------------

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

Labor & Equipment Rates

Exhibitors will require TSE forklifts, fork & basket, condors and/or scissor lifts for the installation of energized equipment; i.e.; lights, light boxes and structured mounted signs. Forklifts are required for energized electrical equipment weighing 200 lbs. or more and/or placed at heights greater than 5 feet to the bottom of the equipment. If you require a forklift, a crew will be assigned consisting of a forklift with an operator. If you do not require a forklift, order the number of laborers required.

Height to bottom of equipment: _____

Weight of equipment: _____

HOURLY RATES	Times	Forklift & Basket with Driver & Electrician	Forklift with Operator	Electrician
Straight Time	Between 8:00 AM and 5:00 PM Weekdays	\$ 249.30	\$ 133.15	\$ 74.20
Overtime	Before 8:00 AM and after 5:00 PM Weekdays, Weekends and Holidays	\$ 398.65	\$ 207.90	\$ 147.30

The minimum charge for labor and equipment is one (1) hour per worker and equipment. All equipment and labor is charged in one (1) hour increments per worker and equipment. Equipment and labor cancelled without 24 hour notice will be charged a one (1) hour cancellation fee per electrician and forklift. Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by GES. All rates are subject to change if necessitated by increased labor and material costs. If exhibitor fails to use the electricians and equipment at the time confirmed, a one-hour "No-Show" charge per electrician and forklift will apply.

Order - Outbound rates will be calculated at one-half of inbound hours.

Reserve forklifts and/or labor below. Starting times can be guaranteed only when labor is requested for 8 am. Confirm labor and forklifts by 2:30 pm the day before date requested.

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

By signing and delivering this form to Trade Show Electrical, customer agrees to all terms and conditions printed on this form. To receive the advance rate, we must receive your order, along with full payment, by the deadline date above. All other orders will be processed at the regular rate. No credits will be issued on services installed as ordered even though not used.

IMPORTANT INFORMATION

- COMPRESSED AIR** — Trade Show Electrical (TSE) is not responsible for moisture, oil, or water in our lines, loss of pressure or excess pressure. Exhibitors must supply their own filters, air dryers, or pressure regulators. ***Dedicated and 24 Hour service will be at 50% more the listed price.**
- WATER** — Pressure may vary. No guarantee can be made of minimum or maximum pressures. If pressure is critical, exhibitor should arrange to have a pressure regulator valve or pump installed.
- LABOR** — Laying of any lines under carpet or other flooring, or spotting from ceiling will be an additional labor charge.

IMPORTANT CONDITIONS AND REGULATIONS

- All material and equipment furnished by TSE for this service order shall remain TSE property and shall be removed ONLY by TSE at the close of the show.
- Wall, column and permanent building utility outlets are not a part of booth space and are not to be used by exhibitors.
- All equipment must comply with state and local safety codes.
- Claims will not be considered unless filed by exhibitor prior to close of exposition, no exceptions.
- Prices based upon current wage rates and are subject to change without notice.
- Under no circumstances shall anyone other than "Plumbing Personnel" make service connections.
- Special equipment requiring company engineering or technicians for assembly, servicing, preparatory work and operation may be executed without TSE "Plumbing Personnel". However,

- all service connections to such equipment must be made by TSE "Plumbing Personnel" only.
- All equipment using water must have inlet and outlet properly tagged.
- Unless otherwise directed, TSE "Plumbing Personnel" are authorized to cut floor coverings to permit installation of service.
- Connection rates listed cover bringing service from main line to booth and do not include connecting equipment.
- Service outlet size will be determined by the volume required.
- All work performed within booth attaching lines to equipment will be charged on a time and material basis in addition to connection fees.
- A separate connection fee will be made for each piece of equipment using connected service, whether connected directly or otherwise.
- TSE must have 30 days notice in order to supply special regulators, strainers, traps, etc.
- All utility outlets include up to 50 feet of accomplished distance. Use of additional footage or equipment will be charged at the prevailing labor and materials rates.
- All outlets will be installed on the floor at the backwall of the booth.
- TSE Plumbing will not be responsible for sediment, color or taste of water in water line.
- All services will be disconnected/shut off at conclusion of show unless advance notice has been given and acknowledged.
- All cylinders must be firmly attached to exhibit. If cylinder must be made secure by contractor a labor charge may be added.
- A connection of a regulator to cylinder or equipment will be subject to a 1 hour minimum labor charge plus materials at prevailing labor rates.

If your booth space is at the Sands Expo or The Venetian, please refer to the SES brochure located in the "Sands/The Venetian Show Utilities" section of this Exhibitor Manual.

To ensure your booth is show-ready, specify your requirements below. Please call us if you have a special need. GES is the exclusive cleaning contractor for your show and will handle all cleaning services on the exhibit floor.

TO ALL EXHIBITORS: Included in the cost of the exhibit space for all exhibitors will be *nightly* carpet vacuuming and emptying of wastebaskets for the duration of the show. All work is performed each evening at the close of the show. The first night of vacuuming will be on the evening of Monday, January 8, 2007, after 8:00 pm.

Cost of vacuuming, shampooing, mopping and waxing will be invoiced on the total area of your booth, 100 square feet minimum.

TELEPHONE SERVICE AT THE LAS VEGAS CONVENTION CENTER **FOR YOUR CONVENIENCE!**

Feel free to contact our on site customer service team at the CES Hotline (702) 943-6CES or email servicedesk@smartcity.com.

For general billing or service questions you may also contact our national customer service team at (888) 446-6911.

FREQUENTLY ASKED QUESTIONS

- Q. Do I need to dial a "9" to dial outside the convention center?*
 - A. Yes, if you order our Standard line or our Multi-Line phone PBX Service. If you order a Dedicated Line you are not required to dial a "9" to call outside the building.**

- Q. What type of phone service should I order to use with a fax machine?*
 - A. Our standard line would be the most appropriate service.**

- Q. Can I use an ISDN line to access the Internet?*
 - A. Yes, but only if you have your own ISDN modem and your own ISP that has access for an ISDN dial-up account. This service is typically used for broadcasting and is not a recommended service for Internet connections.**

- Q. What is a dry pair (Category 4 on the Telephone Service order form)?*
 - A. A "Dry Pair" is an extension of a circuit ordered through a 3rd party, like Sprint, and connected to equipment in the Smart City demarc. Smart City extends the circuit to the booth for the fee listed on the order form.**

- Q. How do I order my phone line restricted from long distance?*
 - A. All Smart City telephone lines are unrestricted for long distance unless requested otherwise. A line can be restricted as "CC", allowing the line to make toll free and local calls, or "TLD" which allows the line to only call locally. To order your line with restricted access choose which type of restriction you require under "Long Distance Restrictions" on our Telephone Services order form.**

- Q. I have my own multi line phone. Can I bring it with me to the show to use?*
 - A. Smart City's Multi-Line service is one phone line delivered with a digital signal. Only Northern telecom 2000 series phones will work with this service. Smart City provides all the phones for this line.**

LIMITATION OF LIABILITY

Except for claims for physical injury to persons, SMART CITY and its suppliers or subcontractors will not be liable for any special, or consequential damages or for loss, damage or expense directly or indirectly arising from customer's use or inability to use the system either separately or in combination with other equipment or software or for commercial loss of any kind (including loss of business profits) based upon breach of warranty, breach of contract, negligence, strict tort or any other legal theory; whether or not SMART CITY or its suppliers or its subcontractors have been advised of the possibility of such damage or loss. Some states do not allow limits on warranties or on remedies for breach in certain transactions, in such states, the limits in this section may not apply. In no event shall liability exceed a refund of amounts actually paid to Smart City by company for their telecommunications service(s).

(1) All Exhibitor contracts are solely between SMART CITY and the prospective Exhibitor; (2) SMART CITY is not the employee, agent, or partner of the Facility; (3) The Facility is not a party to, nor shall it have any obligations or liabilities whatsoever to any Exhibitor, under any Exhibitor Contract including without limitation, the obligation to provide any of the services covered by such Exhibitor Contract; (4) No representations or warranties are being made by the Facility with respect to any Exhibitor Contract or any Communications Services; (5) The right of the Exhibitor to receive any Communications Service will be terminated if this Agreement is terminated for any reason provided therein; and the Facility will have no obligation to continue providing such services unless the Facility elects in its sole discretion to continue to provide such services itself or through a third party; (6) The provisions of the Exhibitor Contract are separate and independent from the provisions of the exhibitor's lease space in the building and shall not affect the exhibitor's obligations under such lease and without limiting the foregoing, in no event shall any default by SMART CITY under the Exhibitor Contract or any failure with respect to any Communications Services have any effect on any Exhibitor's obligations to the Facility under any lease or any other occupancy agreement between such Exhibitor and the Facility.

TERMS AND CONDITIONS

- | | |
|---|--|
| <p>1. Payment in full and order must be received no later than 21 days prior to first day of show move-in or a \$75.00 per line expedite charge will be applied. If ordering on site or after show move-in has started there is a \$150.00 per circuit charge applied. Any unpaid balance after close of show will incur a 1.5% / month finance charge.</p> <p>2. The prices listed on this contract do not include Federal, State, Local or Other Taxes and Tax surcharges. Taxes/Tax surcharges will be included on your final bill. Smart City's Federal ID is 65-0524748.</p> <p>3. Conditions for processing service contract / On-time Installation:</p> <p>(a) Payment for service must accompany contract. (b) Incomplete contract forms will delay processing, please provide all information requested. (c) Booth number(s) must be identified on face of form. (d) Complete Floor Plan itemizing location of circuit(s) in booth must be designated on form or customer provided diagram(s) 2 days before move-in date. (e) Customer provided / ordered circuits must be installed and working 2 days before show move-in. (f) Customers must provide Smart City with Circuit Number and Provider's name. (g) Orders / changes received within 3 days of show move-in will be worked after other orders are complete.</p> <p>4. Equipment Management:</p> <p>(a) Exhibitors should pick up telephone equipment at the Smart City Service Desk. Unused deposits paid will be refunded by mail within 60 days of show close following final reconciliation of your bill. (b) The exhibitor will be fully responsible for the protection and safekeeping of rental equipment and will be responsible for returning all rental equipment to the Smart City Service Desk by 5:00 p.m. the day following close of the show. (c) The Smart City Service Desk will be open to handle equipment rentals during move-in and show.</p> <p>5. Any problems should be reported to the Smart City Service Desk.</p> <p>6. Claims will not be considered unless filed in writing by Exhibitor prior to close of Show.</p> <p>7. Any additional cost incurred by SMART CITY to: 1) assist in trouble diagnosis or problem resolution found not to be the fault of SMART CITY or 2) collect information required to complete the installation that customer fails to provide may be billed to the Exhibitor at the prevailing rate.</p> <p>8. CANCELLATION – (a) There is a minimum \$150 Cancellation fee. Cancellations must be in writing. Additional cancellation charges will apply for orders that have already incurred labor, material, and / or engineering costs. (b) Some broadband services and special circuits cannot be cancelled once ordered and will incur full charges listed / quoted. (c) Credit will not be given for service installed and not used.</p> | <p>9. Only Smart City personnel are authorized to modify system wiring or cabling. Material and equipment furnished by Smart City for this service contract shall remain the property of Smart City.</p> <p>10. Due to the cost of processing checks, any refunds due in the amount of \$10.00 or less will not be refunded except on request.</p> <p>11. There will be a \$25.00 service charge for all returned checks.</p> <p>12. Long Distance and Directory Assistance:</p> <p>(A) Toll restricted requests will restrict lines to local only or local and "1-800" calling only. All other "1+" or "0+" dialing will be restricted (this includes all long distance calls). (B) All lines will be restricted from "976" and "900" dialing unless otherwise requested. (C) Smart City will provide a detailed listing of all calls made on the line.</p> <p>A \$0.95 surcharge per call will be charged on all "1-800, 950" and credit card calls. An additional \$0.95 surcharge per call will apply if duration of call is over 10 minutes. The "1-800, 950" type call surcharge does not apply to Dedicated Lines, item #2a.</p> <p>A \$2.00 surcharge per call will be charged on all directory assistance, Information, 0+ and Operator assisted calls.</p> <p>NOTE: THE EXHIBITOR IS RESPONSIBLE FOR ALL LONG DISTANCE, DIRECTORY ASSISTANCE AND OPERATOR ASSISTED CHARGES AGAINST ASSIGNED TELEPHONE NUMBER(S).</p> <p>13. In the case of a call which is not connected, but where the called telephone is allowed to ring for more than 30 seconds, our telephone equipment will automatically place a charge on your account as if the call had been completed. To avoid such charges, we suggest that you observe the time when placing calls.</p> <p>14. The number(s) assigned to you are for the duration of this event only. Service cannot be moved or transferred outside of the Center and intercept service cannot be provided.</p> <p>15. Prices are based upon current rates and are subject to change without notice.</p> |

Floor Plan – Communications Cable

Center: **Las Vegas CC (030) - NV**
Show: **2007 INTERNATIONAL CES**

Company Name: _____
Booth / Room #: _____
Customer / Ref #: **07 - 030 - 259 -**

Voice and Data communications cabling. Smart City is the **exclusive installer** of Voice and Data communications cabling. Smart City provides cabling to booths, within booths (under carpet and flooring) and from booth-to-booth. Fiber Optic, twisted pair (Category 3, 5 and 6), coaxial and all other data and telecommunication cable fall under Smart City's area of expertise.

IMPORTANT!! Prior to installation of service, a complete floor plan is required. Please utilize this grid should you not have your own floor plan to send us. You may use a different floor plan for each service group (Telephone, Internet, etc.) or combine all services on one floor plan. For a floor plan to be considered complete it **must** include all the information listed below (Main Distribution Location "MDL", designated location of items within the booth, surrounding booths, scale-length and width).

X = Main Distribution Location (**MDL**) – The originating line(s) for service, whether from overhead, a floor socket or a column, will be delivered to a “**MDL**” before being distributed within your booth. Example: Storage area, back of booth, etc. (unless specified, the default for the “**MDL**” will be the back of the booth or at Smart City’s discretion, the most convenient location). All distribution of services to their final destination within the booth will originate from the “**MDL**”. A per line move fee will apply to relocate services within your booth after they have been engineered and / or installed.

T = Location of Telephones, Fax lines or other telecommunications equipment "T".

I / H / PC / C = Location of primary Internet Service “I”, Hubs “H”, Patch Cables “PC” and / or Computers “C”. For Smart City to perform your floor work, you will need to indicate the location of each item you want cabled. Make sure to order your floor work, hubs, and patch cables early and in advance of the show moving in.

Orientation = The Booth or Aisle #'s surrounding your booth. A minimum of one surrounding Booth or Aisle # is required (two or more would be more helpful) for Smart City to accurately install your services.

Size = Booth dimensions (example 10x10) **Scale** = 1 Box is equal to ft.

Floor Work / Labor - Communications Cable

Center: **Las Vegas CC (030) - NV**
Show: **2007 INTERNATIONAL CES**

Company Name: _____
Booth / Room #: _____
Customer / Ref #: **07 - 030 - 259 -**

Smart City has the exclusive contract to install all voice and data communications cabling. This includes all cabling to booths, **within booths (under carpet and flooring)** and from booth-to-booth. Fiber optic, twisted pair (Category 3 and 5), coaxial and all other data and telephone cables fall under Smart City's area of responsibility.

- ❖ **Labor cost** - \$75.00 an hour per technician, with a one hour minimum.
- ❖ **Floor work** - Estimated at 4 cables per hour (this is a conservative estimate assuming normal circumstances with timely request for service and a complete floor plan received at least 5 days before show move in. Charges could be greater than our estimate for a variety of reasons such as floor work was ordered late, carpet had already been laid, obstructions / physical structures and other miscellaneous issues that can make cabling more labor intensive and time consuming).
- ❖ **Smart City Cat 5 Cable** - \$50 each (50 ft. cable)

Please select the floor work option that you will require for your booth:

Yes, we will need to order floor work from Smart City for our booth.

_____ Estimated number of labor hours. Please add this to our order.

No, we will not require floor work for our booth. We will not be laying our cables across aisles or under carpet or flooring.

Please select the cabling option that you will require for your booth:

Smart City Provided Cable. We prefer Smart City to provide the cable for our booth.

_____ Number of Cat 5 Cable(s) at \$50 each. Please add this to our order.

Exhibitor Provided Cable. We will provide our own cable for our booth and understand the following:

- We will not be placing cable across aisles, across traffic flow areas, under carpet or under flooring.
- Smart City can only accept cable and cannot accept hubs, routers, switches or other equipment.
- Smart City cannot guarantee service on Customer/Exhibitor provided cable(s) and/or equipment. Connectivity can be guaranteed only to the point where Smart City's services originate in the booth.
- Any request for trouble diagnosis or problem resolution found not to be the fault of Smart City may be billed to the Exhibitor at the prevailing rate (for example, faulty equipment or damaged cable).
- Cable(s) must be shipped two weeks prior to the show opening to:

Las Vegas Convention Center
3150 Paradise Rd.
LVCC Warehouse (Door #12)
Attn: Smart City/Chris Martinkovich
Las Vegas, NV 89169

Telephone Services Overview

A – Z Introduction to Services – Smart City offers PBX dial “9” service with 1 + direct toll calling, Dedicated Line, non dial “9” service and extension of 3rd Party Circuits. Telephone lines provided by Smart City are provisioned and installed with unrestricted long distance access (UNR), which provides dialing capabilities to local, 800# type calls and any U.S. domestic and International calling. PBX telephone lines are restricted from 900 and 976 dialing unless otherwise requested. Upon request PBX service can be restricted to (a) local calls only (TLD) or (b) local and 800# type calls only (CC).

Basic Line (analog PBX dial “9” access) – Provides a basic telephone line with a single PBX number (telephone instrument optional). Customer(s) must dial a “9” to access an outside line. Customer(s) purchasing a telephone instrument with the line may keep the instrument. A deposit must accompany order(s) for each line with access to long distance, 800# type calls and local toll calls (when applicable). Not recommended for modem use.

Calling Features / Customized Programming – Custom calling features are available including intercom, speaker phones, calling restrictions, call waiting, forward no answer, call forwarding, hunt groups and voice mail. Please call customer service at 888-446-6911 to request these special programming features.

Dedicated Line (analog non dial “9” access) – Analog circuit that is best for modem and credit card machine usage. Customers purchasing a telephone instrument with the line may keep the instrument. A deposit must accompany order(s) for each line as Dedicated Lines CANNOT be toll restricted or restricted from 800 dialing. There is no guaranteed data type speed with the Dedicated Line. Customers requiring a high speed connection should consider one of Smart City's broadband services.

Dry Pair – See “Special Line Services”.

ISDN Line – An ISDN BRI circuit (2B + D) and its two SPID numbers (provides up to 128 Kbps of throughput). Standard set up is alternate Voice and / or Data on both B channels. A deposit on both channels is required for long distance services and local calls (when applicable), as ISDN circuits CANNOT be toll restricted.

Multi-Line Phone Services and Speaker Phones (dial “9” access) – One Multi-Line telephone instrument with one primary telephone number and one “roll over” number. Multi-Line telephones are programmed exclusively for Smart City and will not work with any other telephone circuit. Must dial “9” to access an outside line. A Multi-Line instrument(s) set can have up to 14 configurable keys (default is 7) in addition to the Hold key, Release key, and Volume control bar. This instrument can also accommodate a key expansion module for additional feature keys. Transfer, conference, and forwarding features are normally included. Speakerphone capability can be added for an additional charge. A deposit must accompany order(s) for each Multi-Line telephone instrument and each line requiring access to long distance, 800# type calls and local toll calls (when applicable).

Ring Down Line – Provides a telephone line with a telephone instrument (optional) that is programmed to automatically ring to a pre-determined phone number. Typically does not receive incoming calls.

Special Line Services (Dry Pair - Extended 3rd Party Circuits) – Extension of a Customer's service(s) ordered from the local Telephone Co. or other Provider (e.g. Sprint, Bell Telephone, AT&T etc.). The 3rd party provider will bring the circuit to the Facility Demarc and Smart City will be responsible for extending services to the Customer's booth. Customer must order a Dry Pair Extension from Smart City. This includes Analog telephone lines, ISDN, DSL, T-1, DS-3, OC-3, or any other special circuit not provided by Smart City. If utilizing an outside carrier for telephone service, Customer(s) will need to obtain the telephone number and / or circuit number from them and provide that information to Smart City. For ISDN service please indicate the SPID #s, for T-1s or other special circuits we need to have an installation date, the carrier name and contact, and the circuit ID# so we can identify and extend the proper circuit. Consult the Order Form for extension prices.

NETWORK SERVICES AT THE LAS VEGAS CONVENTION CENTER

NEW THIS YEAR!

The Shared Ethernet Service previously \$1,295 has been lowered to \$1,195.

FOR YOUR CONVENIENCE!

Feel free to contact our on site customer service team at the CES Hotline (702) 943-6CES or email servicedesk@smartcity.com.

For general billing or service questions you may also contact our national customer service team at (888) 446-6911.

FREQUENTLY ASKED QUESTIONS

- Q. What type of Internet service should I order?*
 - A. What type of Internet service you need will be dependent on how you intend to use the service. If you have questions regarding what service you need please call our CES Hotline at (702) 943-6237 or email servicedesk@smartcity.com.**

- Q. What is the difference between a Public IP and a Private IP Address?*
 - A. A Public IP is also referred to as a “real” IP commonly used in VPN connections and provides more robust capabilities than a Private IP. A Private IP allows the user to reach the World Wide Web and interact with web pages however, among its variety of limitations, connecting to servers outside of the Las Vegas Convention Center is not supported.**

- Q. What type of service does Basic EtherNat supply?*
 - A. Basic EtherNat is the newest shared (Private IP) service provisioned by Smart City allowing a user to utilize uploads speeds of up to 128k and download speeds up to 512k. This service works with a username and password and can only support three computers per line. This service is only available in a limited quantity.**

Q. What if I want to webcast or stream information to the Internet, what type of connection would I need?

A. Smart City can provide customized dedicated networks at speeds of 128k, 256k, 384k, 512k, and 1.5 Mbps and greater. You must order one of these private networks in order to stream information from your booth. A Rapid Data T-1 is a dedicated 1.5Mbps of bandwidth and includes 29 IP addresses.

Q. I have a router that I intend on using in my booth, will that be a problem?

A. YES, routing devices are not allowed on our Shared Services, the use of routers can be very detrimental to performance when used on our network. Smart City reserves the right to disconnect service in any booth when devices attached to the Smart City provided connection (routers of any kind and access points) could possibly be disruptive. Smart City can usually allow most routing devices (programmed and functioning properly) on our customized dedicated networks.

INTERNET - NETWORK SERVICE CONTRACT

LIMITATION OF LIABILITY

Except for claims for physical injury to persons, Smart City and its suppliers or subcontractors will not be liable for any special or consequential damages, or for loss, damage or expense directly or indirectly arising from customer's use or inability to use the system either separately or in combination with other equipment or software, or for commercial loss of any kind (including loss of business profits) based upon breach of warranty, breach of contract, negligence, strict tort or any other legal theory whether or not Smart City or its suppliers or its subcontractors have been advised of the possibility of such damage or loss. Some states do not allow limits on warranties or on remedies for breach in certain transactions, in such states; the limits in this section may not apply. In no event shall liability exceed a refund of amounts actually paid to Smart City by company for their network attachment.

(1) All Exhibitor Contracts are solely between Smart City and the prospective Exhibitor; (2) Smart City is not the employee, agent, or partner of the Facility; (3) The Facility is not a party to, nor shall it have any obligations or liabilities whatsoever to any Exhibitor, under any Exhibitor Contract, including without limitation, the obligation to provide any of the services covered by such Exhibitor Contract; (4) No representations or warranties are being made by the Facility with respect to any Exhibitor Contract or any Communications Services; (5) The right of the Exhibitor to receive any Communications Service will be terminated if this Agreement is terminated for any reason provided therein; and the Facility will have no obligation to continue providing such services unless the Facility elects in its sole discretion to continue to provide such services itself or through a third party; (6) The provisions of the Exhibitor Contract are separate and independent from the provisions of the exhibitor's lease space in the building and shall not affect the exhibitor's obligations under such lease and without limiting the foregoing, in no event shall any default by Smart City under the Exhibitor Contract or any failure with respect to any Communications Services have any effect on any Exhibitor's obligations to the Facility under any lease or other occupancy agreement between such Exhibitor and the Facility.

TERMS AND CONDITIONS

<p>1. Payment in full and order must be received no later than 21 days prior to the first day of show move-in or a \$250.00 per circuit expedite charge will be applied. If ordering on site or after show move-in has started there is a \$500.00 per circuit charge applied.</p> <p>2. The prices listed on this contract do not include Federal, State, Local or Other Taxes and Tax surcharges. Taxes/Tax surcharges will be included on your final bill. Smart City's Federal ID is 65-0524748.</p> <p>3. Conditions for processing service contract / On-time Installation:</p> <p>(a) Payment for service must accompany contract. (b) Incomplete contract forms will delay processing, please provide all information requested. (c) Booth number(s) must be identified on face of form. (d) Complete Floor Plan itemizing location of circuit(s) in booth must be designated on form or customer provided diagram(s) 2 days before move-in date. (e) Customer provided / ordered circuits must be installed and working 2 days before show move-in. (f) Customers must provide Smart City with Circuit Number and Provider's name. (g) Orders / changes received within 3 days of show move-in will be worked after other orders are complete.</p> <p>4. Equipment Management:</p> <p>(a) Exhibitors should pick up hubs, wireless devices and other rental equipment at the Smart City Service Desk. Unused deposits paid will be refunded by mail within 60 days of show close following final reconciliation of your bill. (b) The exhibitor will be fully responsible for the protection and safekeeping of rental equipment and will be responsible for returning all rental equipment to the Smart City Service Desk by 5:00 p.m. the day following close of the show. (c) The Smart City Service Desk will be open to handle equipment rentals during move-in and show.</p> <p>5. Any problems should be reported to the Smart City Service Desk.</p> <p>6. Claims will not be considered unless filed in writing by Exhibitor prior to close of Show.</p> <p>7. Any additional cost incurred by SMART CITY to: 1) assist in trouble diagnosis or problem resolution found not to be the fault of SMART CITY or 2) collect information required to complete the installation that customer fails to provide may be billed to the Exhibitor at the prevailing rate.</p> <p>8. Only Smart City personnel are authorized to modify system wiring or cabling. Material and equipment furnished by Smart City for this service contract shall remain the property of Smart City.</p> <p>9. Due to the cost of processing checks, any refunds due in the amount of \$10.00 or less will not be refunded except on request.</p> <p>10. There will be a \$25.00 service charge for all returned checks.</p> <p>11. The choice of Internet Service Provider (ISP) is at the sole discretion of Smart City.</p> <p>12. CANCELLATION - There is a minimum \$150 Cancellation fee. Cancellations must be in writing. Additional cancellation charges will apply for orders that have already incurred labor, material, and / or engineering costs. Some broadband services and special circuits cannot be cancelled once ordered and will incur full charges listed / quoted. Credit will not be given for service installed and not used.</p>	<p>13. Use of Network Connection:</p> <p>(A) The network attachment to be provided by Smart City may be used only by the directors, officers and employees of the company, its guests and its agents and consultants while performing service for the company and cannot be resold or distributed to other companies. The services being provided by Smart City will facilitate communications between the Company's authorized users and the entities reachable through the national Internet. Users of Smart City services shall use reasonable efforts to promote efficient use of the networks to minimize, and avoid if possible, unnecessary network traffic and interference with the work of other users of the interconnected networks. (B) Users of Smart City services shall not disrupt any of the Smart City or other associated networks as a whole or any equipment of system forming part of their systems, or any services provided over, or in connection with any of the Smart City or other associated networks. Smart City services shall not be used to transmit any communication where the meaning of the message, or its transmit distribution, would violate any applicable law or regulation or would likely be highly offensive to the recipient or recipients thereof. (C) All devices for which Smart City directly or indirectly provides Internet/Network connectivity must pay a device charge or purchase a Smart City assigned IP address.</p> <p>14. Wireless Specific: The use of any wireless device that interferes with the facility wireless data frequency is prohibited. Also, see note #5, front of form.</p> <p>15. Internet Performance Disclaimer: Smart City does not guarantee the performance, routing, or throughput, either expressed or implied, of any data circuit(s) connectivity with regards to the Internet and/or Internet backbones beyond any facility we service.</p> <p>16. Internet Security Disclaimer: Smart City does not provide security, such as but not limited to firewalls etc. for any data circuit(s) we provide. It is the sole responsibility of the exhibitor or customer to provide any necessary security. With execution of this document the Customer is agreeing to the Terms and Conditions of this document and will hold Smart City; its agents and contracts harmless for any and all liabilities arising from the use of non-secured data circuits.</p> <p>17. VIRUS PROTECTION REQUIREMENT – WARNING - Smart City requires that all devices directly or indirectly accessing Smart City's Network have the latest virus scan software, windows security updates, system patches, and any other technological precautions necessary to protect yourself and others from viruses, malicious programs and other disruptive applications. Any device which adversely impacts Smart City's Network will be disconnected from the network with or without prior notice at Smart City's discretion. The device(s) in question will remain disconnected from the network until all issues are adequately resolved. Additional charges may apply for trouble diagnosis and/or problem resolution.</p>

Network Security Declaration

Center: **Las Vegas CC (030) - NV**
Show: **2007 INTERNATIONAL CES**

Company Name: _____
Booth / Room #: _____
Customer / Ref #: **07 - 030 - 259 -**

The Network Security Policy implemented for this Facility requires Customer(s) adherence to several necessary precautions in order for Smart City to maintain a healthy, viable network for all Customers. This declaration of compliance with the security requirements as noted herein is an acknowledgement of Smart City's filtering policies and must be completed, signed by an authorized Customer representative and mailed or faxed to Smart City prior to the requested network service(s) being activated for Customer's usage.

Network Security Policy:

Smart City requires that all devices directly or indirectly accessing Smart City's network(s) have the latest virus scan software, Windows® security updates, system patches, and any other technological precautions necessary to protect the Customer(s) and others from viruses, malicious programs, and other disruptive applications. Any device(s) which adversely impacts Smart City's network(s) may cause service interruptions to Customer(s) which can lead to disconnection of the Customer's equipment from the network(s), with or without prior notice at Smart City's sole discretion. The device(s) in question will remain disconnected until all issues are adequately resolved. All charges will apply and no refunds will be given. Additional charges may apply for trouble diagnosis and / or problem resolution.

Smart City has implemented filtering policies on all Internet routers. These filters block all inbound Internet Control Message Protocol (ICMP) -- Ping, Traceroute, etc. -- destined to any Smart City Network(s). Smart City understands that Ping and Traceroute are valuable troubleshooting tools; therefore Smart City's Policy does allow ICMP (Ping & Traceroute) packets sourced from any Smart City network(s).

Further, to avoid infection by common Internet worms (Nachi, MSBlaster, LoveSAN, etc.), Smart City has implemented similar filters on the following TCP and UDP port numbers: UDP – 69, 137, 138, 402, 1434 and TCP – 135, 139, 402, 445, 4444.

Customers requiring inbound or outbound access to any of the filtered ports, should contact a Smart City customer service representative in advance of the event with details of the specific requirements so that Smart City may consider the potential of a customized alternative.

Each Customer's business is important to Smart City and with advanced and timely notification of a Customer's needs we are confident that we can provide network services that perform as expected for all clients.

- *** Please inform all show site personnel about the importance of Smart City's Network Security compliance issues *****
- *** Services are activated after Smart City is in receipt of this signed declaration of compliance with our network security requirements *****

Overview

Smart City is the exclusive provider for wired and wireless services for the Facility and has in operation a wireless 802.11 a / b / g system. The wireless service offers Internet access at speeds up to 256K servicing Customers as well as attendees. The actual maximum bandwidth available depends on how many users are accessing the network simultaneously at any given time. Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with this connection. Smart City can engineer custom dedicated network(s) to accommodate such special requests. Please call for quote.

Wireless is an entry level service ideal for web surfing and checking web based email. Smart City's Wireless Network can be accessed throughout the Facility by using a Wi-Fi® compatible 802.11 b / g network card or one of our rental bridge units (limited quantity of bridge units, call for availability).

Wireless service is inherently vulnerable to interference from other devices that transmit similar radio frequency signals or that operate within the same frequency spectrum. Smart City cannot guarantee that interference will not occur. Smart City does **NOT** recommend wireless service for mission critical services such as product presentation or demonstrations. For demonstrations or to present products and other mission critical activity, via the Internet, Smart City highly recommends Customer(s) purchase hardwired services such as Shared Ethernet, Shared EtherNAT or T-1 service.

If you are unsure which of our products will best suit your needs please call our Customer Service Department at (888) 446-6911 and one of our Customer Service Representatives will be happy to assist you.

Restrictions and Special Requests

Due to the extensive coverage Smart City provides for the Facility, **NO** Customer provided access points are authorized for use within the Facility without Smart City prior approval (wireless access points without adjustable power outputs can not be authorized under any circumstances). Customer(s) who attempt to set up their own wireless system can interfere with the Smart City Wireless Network. Smart City requires all Customers showcasing their wireless products to contact Smart City 21 days prior to the show move-in so that we may engineer a cohesive network operating without interference (all approvals will incur a site survey fee). Per our Terms and Conditions listed on Smart City's Customer Contract, misuse of any wireless service may result in service interruption to yourself or other Customers and can lead to disconnection of the Customer's equipment. **No service refunds will be given.**

ALL WIRELESS ACCESS POINTS NOT AUTHORIZED BY SMART CITY ARE PROHIBITED.

I hereby attest that I understand the limitations and vulnerabilities of the wireless service provided by Smart City. I also understand that if I use this service for any reason including, but not limited to, demonstrating, showcasing or presenting my product(s), Smart City will not be responsible for possible interference that I may experience. Refunds will not be given for service issues found not to be the fault of Smart City. Upon receipt of this form, Smart City Wireless Services and / or Customer(s) authorized wireless AP devices (with Smart City's approval) will be activated / available for your use.

Contact Phone #: _____

Floor Plan – Communications Cable

Center: **Las Vegas CC (030) - NV**
Show: **2007 INTERNATIONAL CES**

Company Name: _____
Booth / Room #: _____
Customer / Ref #: **07 - 030 - 259 -**

Voice and Data communications cabling. Smart City is the **exclusive installer** of Voice and Data communications cabling. Smart City provides cabling to booths, within booths (under carpet and flooring) and from booth-to-booth. Fiber Optic, twisted pair (Category 3, 5 and 6), coaxial and all other data and telecommunication cable fall under Smart City's area of expertise.

IMPORTANT!! Prior to installation of service, a complete floor plan is required. Please utilize this grid should you not have your own floor plan to send us. You may use a different floor plan for each service group (Telephone, Internet, etc.) or combine all services on one floor plan. For a floor plan to be considered complete it **must** include all the information listed below (Main Distribution Location "MDL", designated location of items within the booth, surrounding booths, scale-length and width).

X = Main Distribution Location (**MDL**) – The originating line(s) for service, whether from overhead, a floor socket or a column, will be delivered to a “**MDL**” before being distributed within your booth. Example: Storage area, back of booth, etc. (unless specified, the default for the “**MDL**” will be the back of the booth or at Smart City’s discretion, the most convenient location). All distribution of services to their final destination within the booth will originate from the “**MDL**”. A per line move fee will apply to relocate services within your booth after they have been engineered and / or installed.

T = Location of Telephones, Fax lines or other telecommunications equipment "T".

I / H / PC / C = Location of primary Internet Service “I”, Hubs “H”, Patch Cables “PC” and / or Computers “C”. For Smart City to perform your floor work, you will need to indicate the location of each item you want cabled. Make sure to order your floor work, hubs, and patch cables early and in advance of the show moving in.

Orientation = The Booth or Aisle #'s surrounding your booth. A minimum of one surrounding Booth or Aisle # is required (two or more would be more helpful) for Smart City to accurately install your services.

Size = Booth dimensions (example 10x10) **Scale** = 1 Box is equal to ft.

Floor Work / Labor - Communications Cable

Center: **Las Vegas CC (030) - NV**
Show: **2007 INTERNATIONAL CES**

Company Name: _____
Booth / Room #: _____
Customer / Ref #: **07 - 030 - 259 -**

Smart City has the exclusive contract to install all voice and data communications cabling. This includes all cabling to booths, **within booths (under carpet and flooring)** and from booth-to-booth. Fiber optic, twisted pair (Category 3 and 5), coaxial and all other data and telephone cables fall under Smart City's area of responsibility.

- ❖ **Labor cost** - \$75.00 an hour per technician, with a one hour minimum.
- ❖ **Floor work** - Estimated at 4 cables per hour (this is a conservative estimate assuming normal circumstances with timely request for service and a complete floor plan received at least 5 days before show move in. Charges could be greater than our estimate for a variety of reasons such as floor work was ordered late, carpet had already been laid, obstructions / physical structures and other miscellaneous issues that can make cabling more labor intensive and time consuming).
- ❖ **Smart City Cat 5 Cable** - \$50 each (50 ft. cable)

Please select the floor work option that you will require for your booth:

Yes, we will need to order floor work from Smart City for our booth.

_____ Estimated number of labor hours. Please add this to our order.

No, we will not require floor work for our booth. We will not be laying our cables across aisles or under carpet or flooring.

Please select the cabling option that you will require for your booth:

Smart City Provided Cable. We prefer Smart City to provide the cable for our booth.

_____ Number of Cat 5 Cable(s) at \$50 each. Please add this to our order.

Exhibitor Provided Cable. We will provide our own cable for our booth and understand the following:

- We will not be placing cable across aisles, across traffic flow areas, under carpet or under flooring.
- Smart City can only accept cable and cannot accept hubs, routers, switches or other equipment.
- Smart City cannot guarantee service on Customer/Exhibitor provided cable(s) and/or equipment. Connectivity can be guaranteed only to the point where Smart City's services originate in the booth.
- Any request for trouble diagnosis or problem resolution found not to be the fault of Smart City may be billed to the Exhibitor at the prevailing rate (for example, faulty equipment or damaged cable).
- Cable(s) must be shipped two weeks prior to the show opening to:

Las Vegas Convention Center
3150 Paradise Rd.
LVCC Warehouse (Door #12)
Attn: Smart City/Chris Martinkovich
Las Vegas, NV 89169

CABLING AND FLOOR WORK

AT THE LAS VEGAS CONVENTION CENTER

FOR YOUR CONVENIENCE!

Feel free to contact our on site customer service team at the CES Hotline (702) 943-6CES or email servicedesk@smartcity.com.

For general billing or service questions you may also contact our national customer service team at (888) 446-6911.

FREQUENTLY ASKED QUESTIONS

- Q. Under what circumstances is it mandatory to use Smart City for booth cabling?*
 - A. When the communications cables (telephone, Internet or Fiber) will be laid on the show floor underneath the carpet/flooring or across aisles.**

- Q. How much does the labor for floor work cost?*
 - A. Our rate is \$75.00 per hour per technician during normal business hours. Our normal business hours are 8am-5pm Monday through Friday. Labor scheduled on Saturday or Sunday between 8am-5pm is still \$75.00 per hour per technician, however, labor requested before 8am or after 5pm on any day of the week will be billed at the time and a half rate of \$112.50 per hour per technician.**

- Q. How do I know how many hours of floor work I need?*
 - A. As a rule of thumb, please estimate one hour of floor work for every four cables that need to be run in the booth. If you have a non standard booth or feel that you may have non standard cabling issues, please call us directly at (702) 943-6080 or email us at: servicedesk@smartcity.com**

Q. What if I want to run the cable along the trussing in my booth, will Smart City need to perform this work as well?

A. No, only cables run under the carpet must be run by Smart City.

Q. What if I want the cables run under the carpet, but I have my own cables?

A. You are more than welcome to supply your own cables for your booth. However, we do ask that you ship them to us so that we receive them no later than December 21, 2006 at the following address:

Las Vegas Convention Center
3150 Paradise Rd.
LVCC Warehouse (Door #12)
Attn: Smart City/Chris Martinkovich
Las Vegas, NV 89169

Also, please be aware that Smart City is not responsible for testing or repairing cables provided by the customer.

Q. I am exhibiting in a meeting room, will Smart City need to provide the labor to run the cables?

A. No, you are more than welcome to run your own cables in a meeting room, however, building regulations prohibit anyone from running cables across entrances or exits in meeting rooms.

Internet / Networking Overview

A – Z Introduction to Services

Important! Smart City offers a wide variety of bandwidth options; please review to assure that the services you have selected will provide the required functionality for the application(s) you will be utilizing. Smart City provisions services using 100 Base - T, full-duplex, Ethernet protocols. IP Addresses are statically assigned. Throughput is measured in megabits per second (Mbps) and kilobits per seconds (Kbps). Customer's computers must be configured to accept Ethernet. Customer must have their own Electrical Power, Network Interface Card (NIC), Web browser and all other necessary computer equipment / programs. While Smart City supports POP3 and SMTP mail protocols, Smart City does not offer / provide POP3 or SMTP mail server(s) / email account(s).

Shared Services, which includes but are not limited to the **Basic EtherNAT**, **Shared EtherNAT**, **Shared Ethernet** and **Shared Wireless** services, do not allow Routers, Streaming Applications, Voice over IP (VoIP), Dynamic Host Configuration Protocol (DHCP), Network Address Translation (NAT) or Proxy Servers with the connection. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for a quote.

Basic EtherNAT, **Shared EtherNAT** and **Shared Wireless** are entry level services that are good for surfing the web, showing and checking web based email. They use Static Private IP Addresses or Log-in and Password (with NAT addressing) to provide access to the Internet. The following is a partial list of the basic capabilities and limitations of these services:

Supported Services

- General web browsing: HTTP and HTTPS
- Outbound services originating from the center: FTP (file transfer), TFTP (file transfer), Telnet, POP3 mail and SMTP mail protocols
- Most outbound remote control applications such as PC Anywhere, Citrix, and Remote Terminal
- Basic Instant Messaging

Limitations

- Any application or service that requires an outside Internet user to directly access an internal server or service such as a Web server or email server in the booth
- Virtual Private Networks (VPN) will probably not work and cannot be guaranteed or supported
- Inbound Simple Network Management Protocol (SNMP) connections will not work
- Inbound File Transfer Protocol (FTP) connections will not work
- Net Meeting will not work inbound or outbound
- Advanced features of Instant Messaging such as whiteboard sharing will not work
- Inbound remote access / control Applications such as PC Anywhere, Citrix, and Remote Terminal Service will not work
- No proxy servers or other NAT devices allowed. This includes Netgear and Linksys Cable / DSL routers. These devices will not function properly because the private IP addresses that we use will overlap with what are generally Linksys, Netgear and DLink

Basic EtherNAT – (up to 128 K Up / 512 K Down) (Private IP Address) (Limited Quantity) (100 Base - T) –

Provides a shared entry level rate limited service of up to 128 Kbps Upstream and 512 Kbps Downstream that is ideal for basic web surfing and checking web based email. It is up to 100 Mbps, full-duplex, Ethernet access to the backbone with shared Internet access of up to 1.54 Mbps or greater. The actual maximum bandwidth available is dependent upon how many users are accessing the backbone simultaneously at any given time. Access for the originating connection plus a maximum of two additional devices can be purchased with this service. Basic EtherNAT uses Log-in and Password (with NAT addressing) to provide access to the Internet. Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with this connection. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for a quote.

Custom Engineering

- **Dynamic Host Configuration Protocol (DHCP)** – Provides a mechanism for allocating IP addresses dynamically, so that addresses automatically can be reused when hosts no longer need them. This service requires special accommodation and configuration and must be arranged with Smart City in advance of the show.
- **LAN / WAN / VPN Construction** – Smart City can customize the network configuration you need to make your event a success. Networking booth-to-booth, to surrounding hotels, or to your home office Intranet? Call Smart City and let us design a network that fits your needs and your budget!
- **Network Address Translation (NAT)** – A method of connecting multiple computers to the Internet using one IP address. Allows customer(s) to have a private internal network separate from the Internet, but can receive information from it. NAT allows customer(s) to have multiple hosts on an internal network and use of the Internet via a single gateway connection. Automatically provides firewall style protection without any special setup by only allowing connections that originate on the inside of the network. This service requires special accommodation and configuration and must be arranged with Smart City in advance of the show.
- **Special Circuits** – Smart City can provision DS-3s, OC-3s, and larger circuits / bandwidth. Call for availability and pricing.
- **Virtual Local Area Network (VLAN)** – A means of configuring devices (PCs) so that they can communicate as if they were attached to the same wire, when in fact they are located on a number of different LAN segments. Because VLANs are based on logical instead of physical connections they are extremely flexible, provide security through utilizing virtual private networking, and can be used to connect remote locations.

Internet / Networking Overview

Custom Engineering (continued)

- **Web Casting** – Live video or recorded videos from the Facility event to the website of choice.

Cyber Café – Computers in one or more areas allowing attendees and Facility customer(s) to browse the Internet and access to email.

Dry Pair (Extended 3rd Party Circuits) – See “Special Line Services”.

Hub Rental – 8 Port or 24 Port (100 Base - T) – Allows a 100 Mbps, full-duplex, Ethernet connection to be distributed for up to 7 other users (8 port hub) or 23 other users (24 port hub). Deposit required for rental. Customer is responsible for the return of the equipment.

Patch Cable – Up to 50 foot Category 5 - Ethernet standard Category 5 cable terminated with the proper jacks on either end. The default termination is RJ45.

Shared EtherNAT – (Private IP Address) (100 Base - T) – Provides a shared entry level service that is ideal for basic web surfing and checking web based email. It is up to 100 Mbps, full-duplex, Ethernet access to the backbone with shared Internet access of up to 1.54 Mbps and greater. The actual maximum bandwidth available is dependent upon how many users are accessing the backbone simultaneously at any given time. EtherNAT uses private IP addresses. The private IP's all map to a single “real” public IP address. Connection comes with a single IP address. Additional IP addresses can be purchased and multiple computers can be connected to the network using this connection. Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with this connection. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for a quote.

Shared Ethernet – (Public IP Address) (100 Base - T) – Provides shared access to the Internet via a shared 100 Mbps, full-duplex, Ethernet access to the backbone with shared Internet access of up to 1.54 Mbps and greater. The actual maximum bandwidth available is dependent upon how many users are accessing the backbone simultaneously at any given time. Connection comes with a single IP address. Additional IP addresses can be purchased and multiple computers can be connected to the network using this connection. Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with this connection. Smart City can engineer a custom dedicated network(s) to accommodate such special requests. Please call for a quote.

Shared Wireless – See “Wireless Internet”.

Special Line Services (Dry Pair - Extended 3rd Party Circuits) – Extension of a Customer’s service(s) ordered from the local Telephone Co. or other Provider (e.g. Sprint, Bell Telephone, AT&T etc). The 3rd party provider will bring the circuit to the Facility Demarc and Smart City will be responsible for extending services to the Customer’s booth. Customer must order a Dry Pair Extension from Smart City. This includes T-1, DS-3, OC-3, or any other special circuit not provided by Smart City. If utilizing an outside carrier for T-1s or other special circuits we need to have an installation date, the carrier name and contact, and the circuit ID# so we can identify and extend the proper circuit. Consult the Order Form for extension prices.

T-1 RapidData® Internet (Dedicated) (100 Base - T) – Smart City’s RapidData® T-1 provides up to 100 Mbps, full-duplex, Ethernet access to the backbone with dedicated Internet access of 1.54 Mbps. Connection programmed for 29 IP addresses / Devices. Additional IP addresses / Devices can be purchased. Best for Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers.

Wireless Internet (Shared Service) (Private IP Address) – Provides shared access to the Internet with up to 256 Kbps of throughput via a Wireless Local Area Network connection for a single connection to a single computer. This is an entry level service that is ideal for web surfing and checking web based email. Smart City’s wireless network can be accessed throughout the Facility by using a WiFi® compatible 802.11 b / g network card or one of our rental bridge units (limited quantity of bridge units, please call for availability). The actual maximum bandwidth available is dependent upon how many users are accessing the wireless network simultaneously at any given time. Customer(s) will be issued a unique User ID and Password for each wireless connection ordered. Customer(s) cannot utilize a hub, router, or data switch to distribute to multiple computers with this service.

Wireless service is inherently vulnerable to interference from other devices that transmit similar radio frequency signals or that operate within the same frequency spectrum. Smart City cannot guarantee that interference will not occur. Smart City does NOT recommend wireless service for mission critical services such as product presentation or demonstrations. For demonstrations and product presentations we highly recommend Customers purchase hard wired services such as Shared Ethernet, Shared EtherNAT, Basic EtherNAT or T-1 service. Due to the extensive coverage Smart City provides for the Facility, **NO** Customer provided wireless access points are authorized for use within the Facility without Smart City approval (wireless access points without adjustable power outputs can not be authorized under any circumstances). Routers, Streaming Applications, VoIP, DHCP, NAT or Proxy Servers are not allowed with our Shared Wireless service. **Wireless Access Points Not Authorized By Smart City Are Prohibited.** Smart City can engineer a custom dedicated wireless network(s) to accommodate special requests (WEP Key with 40 or 128 bit encryption, authentication, DHCP, etc). Please call for a quote.

ONLINE WEB ORDERING AT THE LAS VEGAS CONVENTION CENTER

You can order Online with Smart City at
<https://www.smartcity.com/orders/placeorder.asp> .

If ordering online for the first time you will need to register first
https://www.smartcity.com/cust_login/register.asp .

Smart City customers have a variety of user options with their web order account. In addition to placing orders, they can edit their profile, view their order history (past and current) and attach comments and urgent communications about any given order. The website is fully functional 24 hours a day. Customer accounts are updated as the customer inputs the data.

The screenshot shows a Microsoft Internet Explorer window with the title bar 'Smart City How To Place Order - Microsoft Internet Explorer'. The address bar contains the URL 'https://www.smartcity.com/conventions/conventions_howto.asp'. The page content is titled 'How To Place Order'. It includes sections for 'Log In' (with a note about creating an account), 'Place Order Online' (with a note about clicking the Place Order Tab), 'Select Event Facility and Show' (with a note about selecting from a map), 'Describe where your booth is located and the dates you need your services available' (with a note about entering booth details), and a detailed list of booth types and service requirements. At the bottom of the page is a button 'Add Services to your Shopping Cart'.

Screen content and designs easily steer the customer through the ordering process. Every customer will have the online convenience of requesting services through this website based, user-friendly tool.

The screenshot shows the 'View Account' page of the Smart City website. The left sidebar includes links for Home Page, Business, Residential, Hospitality, Conventions, Planned Communities, Contact Us, About Smart City, and Site Map. The main content area displays a welcome message for 'Edwin Lucky' and links for placing an order online, viewing order history, and editing profile. A navigation bar at the bottom offers links for Business, Residential, Hospitality, Conventions, Planned Communities, Contact Us, and About Smart City. A 'Certified Secure' logo and an 'About SSL Certificate' link are also present.

The screenshot shows the 'View Account History' page. It lists three orders: Order #8452 (CES CONSUMER ELECTRONICS SHOW), Order #6298 (SUPER FLORAL), and Order #2083 (NETWORLD+INTEROP). Each order row includes a link to view details and a 'Comments' link. The page footer includes links for Business, Residential, Hospitality, Conventions, Planned Communities, Contact Us, and About Smart City. A 'Certified Secure' logo and an 'About SSL Certificate' link are also present.

Any time a customer adds a new message, such as an update for special provisioning instructions shown in our example, Smart City is notified instantly with a new message status.

The screenshot shows the 'Help Desk' page. It features a message from CSR Ed Lucky dated 5/8/2006 12:03:17 PM, stating: 'Your requested IP address has been added to your order. Cordially, Ed Lucky 702-943-6060 702-943-6001 (fax)'. Below it is a message from Edwin Lucky dated 5/8/2006 11:57:14 AM, asking: 'Please add one more IP address to my current order.' At the bottom, there is a form titled 'Add a Message to Order #8452 for CES-CONSUMER ELECTRONICS SHOW' with a text area for 'Issue or Question' and a 'Submit your Comment or Issue' button.

Smart City's customer service and sales staff is continually notified of any new messages until all messages are acknowledged in the system and our staff has responded to the customer.

TERMS AND CONDITIONS

1. During the Term (as defined in Section 7), iStreamPlanet agrees to provide the webcasting services ordered by Customer ("Services") as set forth on the Order Form. The Order Form, any schedules or exhibits thereto, and these Terms and Conditions, and any addenda hereto, shall collectively constitute the Agreement between the parties.
2. Customer represents that it owns all right, title, and interest in the materials, programming or presentations that are the subject of the Services ("Customer Content"), and that Customer possesses or shall possess all rights in the Customer Content necessary for the uses of the Customer Content contemplated by this Agreement.
3. As between Customer and iStreamPlanet, Customer shall own all right, title and interest in and to any Customer Content. During the Term, Customer grants to iStreamPlanet a limited, non-exclusive license to use the Customer Content solely for all reasonable and necessary purposes contemplated by these Terms and Conditions and for iStreamPlanet to perform the Services as contemplated hereunder.
4. iStreamPlanet shall be permitted to identify the Customer as a customer, to identify the Customer in connection with proposals to other prospective customers and to otherwise refer to the other party in print or electronic form for marketing or reference purposes.
5. iStreamPlanet's current charges for the Services (including license charges, installation charges, service usage charges and other charges) are set forth in the applicable Order Form(s). Amounts due hereunder are payable upon receipt of invoice. Customer agrees to pay a late charge of two percent (2%) per month, or the maximum lawful rate permitted by applicable law, whichever is less, for all amounts not paid within thirty (30) days of receipt of invoice. Customer agrees to pay reasonable attorneys' fees and costs incurred by iStreamPlanet to collect any unpaid amounts owed by Customer.
6. These Terms and Conditions shall become effective with respect to each Order Form during the Show Dates specified in Service Order Form ("Term"). Either party may terminate this Agreement in the event that the other party materially defaults in performing any obligation under these Terms and Conditions and such default continues unremedied for a period of fifteen (15) days following written notice of default, except that iStreamPlanet may immediately terminate this Agreement where a delay in terminating would have a material adverse effect on iStreamPlanet; provided, however, that in the event this Agreement is terminated by Customer due to iStreamPlanet's breach of its obligations with respect to network availability, capacity and operations and failure to cure, Customer's sole remedy shall be its election to terminate the Agreement without further liability to either party (except for Customer's obligation to pay all accrued and unpaid charges outstanding at the date of termination).
7. **Dispute Resolution.** In the case of any disputes under this Agreement, the parties shall first attempt in good faith to resolve their dispute informally, or by means of commercial mediation, without the necessity of a formal proceeding. Any controversy or dispute arising out of or relating to this Agreement, or the breach thereof, which cannot otherwise be resolved as provided above shall, at the election of iStreamPlanet, be resolved by arbitration conducted in accordance with the commercial arbitration rules of the American Arbitration Association ("AAA") and judgment upon the award rendered by the arbitral tribunal may be entered in any court having jurisdiction thereof.
8. EXCEPT FOR EACH PARTY'S LIABILITY ARISING OUT OF ITS INDEMNIFICATION OBLIGATIONS, LIABILITY FOR ALL CLAIMS ARISING OUT OF THESE TERMS AND CONDITIONS, WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL NOT EXCEED THE AMOUNT OF CHARGES PAID BY CUSTOMER TO ISTREAMPLANET UNDER THIS AGREEMENT DURING THE SIX (6) MONTHS PRECEDING THE CLAIM. IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY LOSS OF DATA, LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, OR OTHER SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR INDIRECT DAMAGES ARISING FROM OR IN RELATION TO THESE TERMS AND CONDITIONS OR THE USE OF THE SERVICES, HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY. THIS LIMITATION SHALL APPLY EVEN IF SUCH PARTY HAS BEEN ADVISED OR IS AWARE OF THE POSSIBILITY OF SUCH DAMAGES.
9. If either party is prevented from performing any of its obligations under this Agreement due to any cause beyond the party's reasonable control, including, without limitation, an act of God, fire, flood, explosion, war, terrorism, strike, embargo, government regulation, civil or military authority, acts or omissions of carriers, transmitters, providers, or acts of vandals, or hackers (a "force majeure event"), the time for that party's performance will be extended for the period of the delay or inability to perform due to such occurrence; provided, however, that Customer will not be excused from the payment of any sums of money owed by Customer to iStreamPlanet for Services provided prior to the force majeure event; and provided further, however, that if a party suffering a force majeure event is unable to cure that event within 30 days, the other party may terminate this Agreement.
10. Payment and order must be received no later than December 18, 2006 or a \$350.00 expedite charge will be applied. The prices listed on this contract do not include Federal, State or Local Taxes. Taxes will be included on your final bill.
11. iStreamPlanet Co.'s Federal ID is 88-0473514.
12. If paying via wire-transfer, please contact iStreamPlanet for wire details.
If paying via credit card, please complete the form below (we accept AMEX, VISA, MC and DISCOVER):

Credit Card Holder: _____

Credit Card Number: _____

Credit Card Expiration Date: _____ (month) _____ (year)

13. There will be a \$25.00 service charge for all returned checks.
14. **CANCELLATION** - There is a minimum cancellation fee of 15% of the Grand Total Charges listed on the Order Form. Cancellations must be in writing. Additional cancellation charges will apply for Service Orders that have already incurred labor, material, and/or engineering costs. Some Connectivity Provision types cannot be cancelled once ordered, and Customer will incur the full charge therefore. Credit is not available for service installed but not used.

- Frequently Asked Questions -

What is webcast and what is involved in webcast?

A webcast is a digital broadcast over the Internet where video & audio of the live or pre-recorded event is delivered directly to the end-user's computer for real time or archived on-demand viewing. A webcast is commonly accessed from the customer website and the end-user is required to have Internet connection, (preferably a broadband Internet connection for the best viewing experience) Internet browser and media player. Webcast delivery steps are:

1. Video & audio feed is acquired from audio/video sources
2. Video & audio feed is converted into Internet delivery format (i.e., windows media format) - this process is also known as encoding
3. Encoded media is acquired by a streaming server
4. Links are posted on the customer designated website(s)
5. When end-user clicks on the link, globally distributed streaming servers deliver the live/on-demand feed to the end-user's computer

iStreamPlanet's managed webcasting services are designed to manage all technical steps listed above so customer can stay focused on their event.

Do I need to order a separate Internet connection to facilitate webcast?

- No. All iStreamPlanet webcasting services include a dedicated private Internet connection used only for customer webcast.

What types of events are typically webcasted?

- Keynote address
- Sales presentation
- Live coverage from the booth
- Media & analyst briefing

Free vs. pay-per-view webcast

- Free webcast is readily available to anyone who has access to the webcast links while pay-per-view webcast is limited to end-users who pay a monetary fee to access the webcast
- Free live webcast and on-demand archives are not digitally encrypted while pay-per-view live webcast and on-demand archives are digitally protected with digital rights management (DRM) technology
- Free webcast is most commonly used as a marketing tool to inform, promote and extend reach of the event while pay-per-view webcast enables content owners to generate additional revenues by charging for the access to premium events

How is pay-per-view webcast delivered and what's required?

- Pay-per-view webcast can be accessed from the customer's website with e-commerce capabilities by integrating DRM Web Service with customer's website.
- Alternatively, a customer can choose PayCast Services to offer pay-per-view webcast from the iStreamPlanet hosted and managed website branded to match customer's website.

Free webcast – case scenarios

- SBC Chairman & CEO keynote address at 2005 International Consumer Electronics Show live and on-demand webcast
- Live from Texas Instruments booth at 2005 International Consumer Electronics Show webcast
- LSI Logic Media & Press Briefing from 2005 International Consumer Electronics Show live and on-demand webcast

Pay-per-view webcast – case scenario

- Mark Cuban's keynote address on future of HDTV from 2005 National Association of Broadcasters live and on-demand pay-per-view webcast

Are there any other revenue generating opportunities?

- Leverage audience size and average viewing time to generate advertising and sponsorship opportunities

Why iStreamPlanet?

- Over five years of experience with webcasting in convention market
- Live broadcasts acquired via dedicated private network to maintain the highest possible quality
- Pay-per-view solutions and content security using the latest Microsoft DRM technology
- Established relationships with audio/visual and telecommunication providers

What customers say about iStreamPlanet?

"It's no secret why Caterpillar has always been so successful. Just ask any customer and they will say, 'Caterpillar products and service have always exceeded my expectations.' Well, iStreamPlanet not only met our needs, but exceeded our expectations."

W.K. Gus Otto, Sr. System Analyst at Caterpillar Inc., and one of the top IT leaders in the world by ComputerWorld in 2001

"Using iStreamPlanet's web streaming services at CES was the icing on the cake for Texas Instruments DLP Products. We had an outstanding tradeshow experience, and the webcast provided an opportunity for our team members back in Dallas to witness the genuine excitement for our DLP Products. iStreamPlanet's customer support and knowledge made this a painless and thrilling adventure for all."

Rich Elliot, Exhibition Manager, DLP Products at Texas Instruments

Revised 11/18/05

Terms and Conditions:

- a) Servers and/or Routers of any type are allowed only on the NetEvent package. No Servers or Routers are allowed on the NetStation or NetBooth/NetRoom, including, but not limited to NAT, DHCP, and Proxy Servers.
- b) Every device connected to the Internet/Network must have a purchased IP address from Priority Networks, regardless of whether the IP address is actually used or not.
- c) Priority Networks reserves the right to disconnect any equipment that is found to be causing overall network problems without offering any refunds for services that have been disconnected.
- d) Client agrees not to resell, extend, bridge or otherwise misuse Priority Networks connections and/or services. Priority Networks reserves the right to disconnect any client if they are found to have violated this usage agreement.
- e) Priority Networks is not responsible for cable and/or equipment provided by the client or any third party.
- f) Service Location (Drop) is defined as the booth/room designated by the client. Service extended beyond 50' from the drop point will require an additional drop location and incur an additional fee.
- g) Choice of Law: This agreement shall be governed by, and construed in accordance with, the laws of the State of Idaho. In event of litigation, the place of venue shall be in the county of Ada in the State of Idaho.
- h) Modification: This agreement shall not be modified or amended by the parties except by written instrument signed by both parties.
- i) Entire Agreement: This agreement contains the entire understanding and agreements between the parties hereto respecting the within subject matter, and there are no representations, agreements, or understandings, oral or written, between and among the parties hereto relating to the subject matter of this agreement which are not fully expressed herein.
- j) Acceptance of terms: Client expressly acknowledges by receipt of services and/or products delivered by PNI to Client or its designee, to the terms and conditions herein contained.
- k) Facsimile Signatures: Signatures sent/received via facsimile shall be considered as originals, and as such are valid signatures.
- l) Equipment Responsibility: Client fully understands and accepts complete responsibility for all equipment leased to Client. Such responsibility shall include, but not be limited to, damage, any necessary repairs, replacement of equipment not capable of being repaired to a fully functional status, loss of equipment, loss of income, and all other forms of loss or damage. All equipment, accessories, remote controls, cables, knobs, switches and cases are included in equipment responsibility.
- m) Equipment procedures:
 - 1) Exhibitors will be responsible for the protection of any equipment rented from PNI and will ensure that all equipment is returned to PNI. PNI reserves the right to charge the customer for any lost equipment.
 - 2) Rental equipment provided by PNI for this order will remain the property of PNI.
 - 3) Only PNI personnel are authorized to modify system wiring or cabling within the facility.
 - 4) All equipment must comply with F.C.C. regulations.
- n) Cancellation Policy: A 10% fee will be applied to orders cancelled between the date the order is placed, and the install date.
- o) PHONE USAGE CHARGES: Usage charges are billed by the hotel through Priority Networks. These charges come directly from the hotel; PNI has no control over them. Local calls are free for the first 30mins. And \$.10 for each additional minute. Toll-free calls are \$1.00 for the first 30mins, and \$.10 for each additional minute. Long distance charges are billed at AT&T rates.

It is illegal for any party to transmit or download copyrighted material. Under new laws Internet Service Providers may be prosecuted for any material that is transmitted on their network. In order to prevent our company being prosecuted, Priority Networks will take action against any customer found to be violating copyright laws.

Digital Millennium Copyright Act ("DMCA") Notice. In operating the Service, we may act as a "services provider" (as defined in the DMCA) and offer services as an online provider of materials and links to third party web sites. As a result, third party materials that are not owned or controlled by us may be transmitted, stored, accessed or otherwise made available using the Service. If you believe any material available via the Service infringes a copyright, you should notify us using the notice procedure for claimed infringement under the DMCA. We will respond expeditiously to remove or disable access to material we determine may be infringing and will follow the procedures specified in the DCMA to resolve the claim between the notifying party and the alleged infringer who provided the applicable content. Our designated agent (the proper party for notice) to whom you should address infringement notices under the DMCA is: Corporation Services Company, 1010 Union Ave. SE, Olympia, WA 98501.
