CORPORATE CERTIFICATION OF PRIMARY AND SHARE COMPANIES

The undersigned companies (the "Companies") hereby certify that they will comply with the CES® Share Policy as a condition of booking exhibit space at the 2011 International CES. The CES Share Policy states as follows:

International CES will allow share exhibitors within a booth only if they meet one of the following criteria:

- the share company is a subsidiary or division of the primary company
- the share company has a distributor relationship with the primary company
- there is an equity relationship between the share company and primary company

Each share company must complete an exhibit space application and pay an \$850 share fee, due in full with contract submission. CES must receive notification from the primary company, on their letterhead, indicating approval and acceptance of the share company within the primary company's booth.

It is at the discretion of CES to approve and accept share contracts based on the criteria above. If CES has evidence or knowledge that any of the facts presented by the primary or share company are not valid or true, CES will not accept the share contract and the share company will not be permitted to exhibit at CES in a share capacity.

See also Section 8, 2011 International CES Application and Space Contract Terms and Conditions.

The Companies understand that the failure to comply with this certification and the CES Share Policy will result in the refusal by CES accept the share contract(s) and/or permit the share company or companies to exhibit at the 2011 CES in a share capacity.

The undersigned signatory or signatories represent that he, she or they are authorized to execute this corporate certification on behalf of the Companies.
